Wisdom of Warrior of light Guy-Noël Aubry, 2020-11-20 In a world that glorifies the appearance and the frenzy of consumption many feel helpless when they find themselves being crossed by the eternal existential questions Who am I Where am I going What is the meaning of my life How do I behave in front of others in front of difficulties What am I doing on this earth And these questions everyone asks themselves sooner or later It is at this point that this little book takes on its full dimension As the 64 stories unfold all or almost all unpublished the reader is led without appearing to be without moralizing diktat but not without poetry to reflect on his attitudes his quests to be inspired by this singular Warrior of Light who restores the values of the ancient chivalry that everyone carries within him on a resolutely modern note It is a book in which one discovers the stories as one digs into a box of sweets and surprises You never know what you're going to bring back One story after another it leaves us dreamy meditative amused Maybe you will want to share some of them with your children your friends maybe you will consult it when you have a difficult question to solve It would not be surprising if you find the answer to a current difficulty That's the magic of this book Anyway just for the naivety and the poetry that emerges from it it will be a good companion for you and you will be happy to have it with you
