Mundane Astrology: The Astrology of Nations and States H. S. Green, Charles E. O. Carter, Raphael, 2005-03 Will there be peace Will there be war Find out with Mundane Astrology Here in one volume are three classic books on the astrology of nations and states by H S Green Raphael and C E O Carter H S Green organizes his book planet by planet He tells what each planet will do in the 12 houses Raphael organizes the topic by house He tells how mundane houses work when planets are in them In addition both authors deal with solar and lunar eclipses and earthquakes Green shows the effects of eclipses in the houses while Raphael describes them by decanate 100 sections of the zodiac Both mention the effects of comets although little about these mysterious bodies is known astrologically Charles Carter writing after WWII discusses why astrologers failed to predict the war and what that means for mundane astrology His plea for better data has largely been met but the need for more study remains All three authors give astrological rulerships for countries and cities These are centuries old and are weighted to England and Europe Carter s rulers are the most up to date These are the essential texts for serious study of mundane astrology About the Authors H S Green was an astrologer associated with Alan Leo s astrological revival back in the first decade of the 20th century His various books are highly regarded all but this one out of print sadly but biographical details are sketchy Raphael was the pen name of one Robert Cross 1850 1923 He was the sixth in a series of astrological writers who used the name Raphael remains the best known of them all He wrote books on virtually all astrological topics His book on mundane astrology dates from 1910 Charles E O Carter 1887 1968 was one of the outstanding British astrologers of the 20th century He succeeded Alan Leo as head of the Astrological Lodge of the Theosophical Society a post he held from 1920 to 1952 He was editor of *Astrology The Astrologer s Quarterly* from 1926 to 1959 Carter s persistent genius reestablished astrology as a serious discipline in England after two centuries of decline He wrote his book on Mundane Astrology in reaction to the failure of astrologers to forecast WWII In 1939 astrologers in London knew there was a full scale war on in China they knew the situation with Germany was tense but they had studied the charts for the year they knew the fuss would blow over And they were wrong Carter set out to discover why his book was the result
