Gateways Book Seven: What Lay Beyond Diane Carey,Peter David,Keith R. A. DeCandido,Christie Golden,Robert Greenberger,Susan Wright,2002-06-08 Created by the incalculably ancient Iconians whose transcendent technology is quantum levels beyond that of the Federation and its allies the Gateways offer instantaneous transport across unimaginable distances Throughout the known galaxy from Deep Space Nine to the New Frontier from the Delta Quadrant to the bridge of the Starship Enterprise the sudden reactivation of the Gateways has destabilized interstellar relations between planets and cultures previously separated by countless light years Starfleet s finest have coped with the crisis as best they can but circumstances have forced several valiant commanders to leap through separate Gateways into the unknown Captain James T Kirk of the original Starship Enterprise Captain Jean Luc Picard of Star Trek The Next Generation Colonel Kira Nerys of Deep Space Nine Captain Kathryn Janeway of the U S S Voyager Captains Calhoun and Shelby of Star Trek New Frontier Commander Nick Keller of the U S S Challenger All of these heroes for their own reasons have taken the ultimate gamble hurling themselves personally through a Gateway without any knowledge or forewarning of what lay beyond Each must face their own unique challenge struggling to find a way back to the ships and homes they left behind And waiting

behind at least one of the Gateways are the ageless Iconians themselves the primordial architects of the mysterious portals causing chaos throughout the Milky Way galaxy Where did they disappear to many long eons ago and what do they want now The answer lies on the other side What Lay Beyond brings the Gateways saga to a spectacular finish in an all star collaboration by six popular bestselling Star Trek authors Among them Diane Carey Peter David Keith R A Decandido Christie Golden Robert Greenberger and Susan Wright have written dozens of Star Trek novels This is their first mega collaboration

The Making of English Photography: Allegories , Since the production of the first negative by William Henry Fox Talbot in Wiltshire s Lacock Abbey in 1835 English photography has played a central role in revolutionizing the production of images yet it has largely evaded critical attention The Making of English Photography investigates this new enterprise and specifically how professional photographers shaped a strange aesthetic for their practice The Making of English Photography examines the development of English photography as an industrial commercial and most problematically artistic enterprise Concentrating on the first decades of photography s history Edwards tracks the pivotal distinction between art and document as it emerged in the writings of the men of science and professional photographers suggesting that this key opposition is rooted in social fantasies of the worker Through a close reading of the photographic press in the 1860s he both reconstructs the ideological world of photographers and employs the unstable category of photography to cast light on art class and industrial knowledge Bringing together an array of early photographs recent historical and theoretical scholarship and extensive archival sources The Making of English Photography sheds new light on the prevailing discourses of photography as well as the antinomies of art and work in a world shaped by social division **The Chambers Dictionary** Ian Brookes,2003 Encompassing more than 300 000 definitions this up to date reference of the English language covers both old and new words the commonplace and the unusual with information on idioms etymologies and more than 200 000 references
