Mudie's Circulating Library And The Victorian Novel:

Mudie's Circulating Library and the Victorian Novel Guinevere L. Griest, 1970 From 1842 when Charles Edward Mudie started lending books at his shop in Bloomsbury until 1894 when the Library Establishment destroyed the three-decker fiction maintained a recognized supremacy in the English world of letters Between 1845 and 1870 when the potential earning power of the novel developed enormously when literary critics saw the novel as the nineteenth-century replacement for the epic and even the drama when interest in fiction was sharpened by careful and copious criticism when the novelist was demanding the right to be judged as a serious critic of life Mudie's contributed essential elements by providing a central distributing agency and by the development of a cohesive body of readers The circulating library had a significant influence on the Victorian literary milieu and by championing the three-decker on the construction of novels themselves For the student of the Victorian era the institution that was Mudie's left a lasting imprint on authors publishers and the reading public which this volume explores within the context of Victorian literary tastes and values Mudie's Circulating Library and the Victorian Novel Guinevere L. Bassett, 2020-02-07 Utilizing recent developments in book history and digital humanities this book offers a cultural economic and literary history of the Victorian three-volume novel the prestige format for the British novel during much of the nineteenth century With the publication of Walter Scott's popular novels in the 1820s the three-volume novel became the standard format for new fiction aimed at middle-class audiences through the support of circulating libraries Following a quantitative analysis examining who wrote and published these novels the book investigates the success of publisher Richard Bentley in producing three-volume novels the experiences of the W H Smith circulating library in distributing them the difficulties of authors such as Robert Louis Stevenson and George Moore in writing them and the resistance of new publishers such as Arrowsmith and Unwin to publishing them Rather than faltering the three-volume novel stubbornly endured until its abandonment in the 1890s

Barchester Towers and Charlotte Yonge's *The Heir of Redclyffe* This study goes beyond the intuitive notion that a double standard existed in the Victorian era which undervalues the work of women writers Male writers such as Trollope were in fact also vulnerable to the masculine/feminine hierarchies of Victorian literary criticism Some women writers on the other hand actually benefitted from gendered evaluations Charlotte Yonge for instance conformed so closely to the ideal and idealized view of feminine writing that she is chivalrously exempted from more critical examinations of intellectual content Having unearthed often ignored or neglected sources Thompson examines the ways in which Victorian constructions of literary reputations were filtered through preconceptions about gender and writing

The Victorian Novel On File Priyanka Anne Jacob, 2024-09-16 *The Victorian Novel On File* argues that the nineteenth century information explosion shapes the novel form In a world teeming with data the novel is a storage medium cluttered with detail and accumulating more than it can use The fictional things that have been read as insignificant should be seen instead as vessels of information embedding the text with potential This study weaves together a formal account of the novel with media and information studies as well as new materialist approaches to objects Information took material form in the nineteenth century in Victorian literature data can be located in bric a brac folded up papers semi precious stones and rubbish heaps Yet this information may never be transmitted as knowledge Instead the novel offers indefinite storage gesturing toward the future while holding action and accountability in abeyance Fallen by the wayside of plot are documents left on file containers left unopened stock left on the shelf and secrets left untold enacting this study argues the Victorian novel's aesthetics of deferral In readings of works by Charles Dickens George Eliot Mary Elizabeth Braddon Wilkie Collins and Rudyard Kipling this study illustrates the formal effects of cultural questions about value and meaning longevity and history abundance and overwhelm and keeping and discarding It closes by showing how these same
