Masters of Nothing Matthew Hancock, 2011-09-09 Behaviour is important Whether this be the behaviour of those who saw it coming or of those who constantly berated them The behaviour of those who rode the boom and switched at the tipping point to ride the bust or the behaviour of those who held on to their principles as the system collapsed around them It was human behaviour after all that led us to construct a bubble nobody suspected was dangerous yet nonetheless would burst with disastrous consequences Contrary to the views of many before the crash the cycle is inevitable you cannot eliminate boom and bust In a boom the bullish are promoted whilst the cautious are overlooked reinforcing the cycle This factor is generally ignored by the beautiful but flawed models of economic analysts Since we cannot abolish the cycle we must ensure that busts are not so dangerous in the future The policy solutions are there if we are brave enough from changing incentives and creating fiscal and financial regulators with clout and discretion through to changing corporate governance and shifting the power of executives

Nothing to Lose But Our Chains Jane Hardy, 2021-08-20 Capitalism is a dynamic system continually adapting itself to exploit workers in new ways In Britain today the gig economy is its newest form expressed through precarious contracts and the supposed atomisation of workers In this book Jane Hardy argues that despite capitalism's best efforts to stop us we can always find ways to fight it Through a range of case studies from cleaners to university lecturers Hardy looks at how workers are challenging employers' assaults in the neoliberal workplace comparing these new actions to a long history of British working class struggle She explores the historic role of migrants in the British workforce from the Windrush generation to more recent arrivals from the European Union as well as placing women's collective action centre stage Analysing the rise of robotics and artificial intelligence she refutes claims that we are entering a post capitalist society *Nothing to Lose but our Chains* is an optimistic exploration into
