The McDonaldization of the Church John

William Drane,2002-02 A theology which comes pre packaged and in which there are no loose ends is not true to life nor can it adequately reflect the richness of the Gospel Why are churches struggling to maintain credibility in a culture in which there are more spiritual seekers than at any time in living memory John Drane believes that churches have become stereotyped structures offering uninventive formulaic worship to a dwindling minority But there are exciting opportunities for growth he argues if only churches will rediscover their own creativity and flexibility If only they will offer something more nourishing for post modern spiritual appetites than the equivalent of fast food

Customs and Excise William J.

Ashworth,2003 This book traces the growth of customs and excise and their integral role in shaping the framework of industrial England including state power technical advance and the evolution of a consumer society Central to this structure was the development of two economies one legal and one illicit If there was a unique English pathway of industrialization it was less a distinct entrepreneurial and techno centric culture than one predominantly defined within an institutional framework spearheaded by the excise and a wall of tariffs This process reached its peak by the end of the 1770s The structure then quickly started to crumble under the weight of the fiscal military state and Pitt s calculated policy of concentrating industrial policy around cotton potteries and iron at the expense of other taxed industries The breakthrough of the new political economy was the erosion of the illicit economy the smugglers free trade now became the state s most powerful weapon in the war against non legal trade If at the beginning of the period covered by this book state administration was predominantly deregulated and industry regulated by the close the reverse was the case
