the scholarship from 1959 to 2005 Grass's politically motivated interventions in public discourse have kept him highly visible blurring the boundaries between politics and aesthetics Mews therefore examines not only academic criticism but also the daily and weekly press and other news media providing additional insight into the reception of Grass's works Siegfried Mews is Professor of German at the University of North Carolina at Chapel Hill Encyclopedia of World Writers, 1800 to the Present Marie Diamond, 2020-07-01 In recent years schools have started introducing more inclusive syllabi emphasizing the works and ideas of previously overlooked or underrepresented writers Readers of all ages can now explore the rich contributions of writers from around the world These writers have various backgrounds and unlike most writers from the U S or the United Kingdom information on them in English can be difficult to find Encyclopedia of World Writers 1800 to the Present covers the most important writers outside of the U S Britain and Ireland since 1800 More than 330 insightful A to Z entries profile novelists poets dramatists and short story writers whose works are anthologized in textbooks or assigned in high school English classes Entries range in length from 200 to 1 000 words each and include a biographical sketch synopses of major works and a brief bibliography Dozens of entries are new to this edition and many existing entries have been updated and significantly expanded with new Critical Analysis sections Coverage includes Chinua Achebe Margaret Atwood Roberto Bolaño Albert Camus Khalid Hosseini Victor Hugo Mohammad Iqbal Franz Kafka Stieg Larsson Mario Vargas Llosa Naghib Mahfouz Gabriel García Márquez Kenzaburo Oe Marcel Proust Leo Tolstoy Emile Zola and more **Pioneering North America** Klaus Martens, 2000 **Reference Guide to Holocaust Literature** Thomas Riggs, 2002 Covering the entire spectrum of the literature of the Holocaust era from the beginnings of Nazism through the concentration camp experience survivor syndrome and second generation response this detailed survey includes entries on more than 200 authors and 300 works Author entries include detailed biographical information as well as expert analytical interpretation Work entries discuss each work in detail and include a critical essay written by an expert in the field Value added features include chronologies further reading lists and nationality concentration camp and title indexes Keys for Writers Ann Raimis, 1999 This concise composition handbook offers innovative design features that make it the most accessible tabbed handbook available moveable KeyTabs that allow students to personalize the book a menu driven Key to the Book and color coded divider tabs to help students find information quickly Complete coverage of grammar and the writing research and documentation processes are complemented by helpful multilingual ESL material Writing Across the Curriculum elements and The 5Cs of Style In recent years technology has touched every aspect of writing and research and the Third Edition of Keys for Writers keeps pace with students changing needs This thorough revision now offers a full color design substantial new material on evaluating sources and the use of technology for research and writing expanded coverage of writing online and document design the most up to date MLA APA CMS CBE and CGOS guidelines integrated ESL resources and an expanded section on argument New A new Part 5 Technology For Communication Document Design and Work presents the
