Our Polluted World John Perry, 1972 , EPA-600/5 , 1974-02 **Book catalog of the Library and Information Services Division** Environmental Science Information Center. Library and Information Services Division, 1977 *Crabgrass Crucible* Christopher C. Sellers, 2012-06-18 Although suburb building created major environmental problems Christopher Sellers demonstrates that the environmental movement originated within suburbs not just in response to unchecked urban sprawl Drawn to the countryside as early as the late nineteenth century new suburbanites turned to taming the wildness of their surroundings They cultivated a fondness for the natural world around them and in the decades that followed they became sensitized to potential threats Sellers shows how the philosophy science and emotions that catalyzed the environmental movement sprang directly from suburbanites lives and their ideas about nature as well as the unique ecology of the neighborhoods in which they dwelt Sellers focuses on the spreading edges of New York and Los Angeles over the middle of the twentieth century to create an intimate portrait of what it was like to live amid suburban nature As suburbanites learned about their land became aware of pollution and saw the forests shrinking around them the vulnerability of both their bodies and their homes became apparent Worries crossed lines of class and race and necessitated new ways of thinking and acting Sellers argues concluding that suburb dwellers through the knowledge and politics they forged deserve much of the credit for inventing modern environmentalism *Books for Young People on Environmental Issues* , 1990 Selected books for children from kindergarten through the sixth grade and for students in grades seven through twelve **Agriculture Handbook** , 1970 Set includes revised editions of some issues *Book Catalog of the Library and Information Services Division: Shelf List catalog* Environmental Science Information Center. Gillespie, Albert Gray Thompson, 1973 An Alaskan Adventure Alan R. Adaschik, 2014-02 Alan Adaschik's dream was to visit Alaska America's last frontier and a place which abounds with wildlife and unspoiled wilderness Upon retirement Al and his wife Gayle sold everything and bought a thirty seven foot Damon Intruder motor home to make his dream a reality An Alaskan Adventure is a narrative about Al and Gayle's trip which highlights the places they visited and the wonderful things they experienced along the way An Alaskan Adventure commences in Indiana following a visit with Al's relatives who live there After negotiating the traffic jams of Chicago Al and Gayle traveled I 94 across the northern Great Plains visiting Minnesota North Dakota and Montana

along the way Heading north they visited Glacier National Park and continued on to tour Yoho Banff and Jasper national parks in Canada Afterwards Al Gayle picked up the Alaskan Highway which took them to a realization of Al s dream The reminder of the book is about Al Gayle s travels around the Great Alaskan Triangle a circuit of 900 miles defined by the cities of Tok Fairbanks and Anchorage While negotiating this triangle Al and Gayle s primary goals were to find gold in one of the many streams they crossed and to also find a Woolly Mammoth frozen in a glacier Toward this end they took side trips to the White Mountains National Recreation Area Denali National Park The Top of the World Highway and the towns of Homer and Chicken An Alaskan Adventure is not just a book about touring Alaska Al is an environmentalist and a theme evident throughout the book is that the beauty we find around us is fleeting and that if we as a species continue to over populate our world what we see and value so highly is sure to go away
