Out Of And Into Authoritarian Law Hardcover:

Art Against Authoritarianism in Southwest Asia and North Africa Tijen Tunali, Josepha Ivanka Wessels, 2025-01-23
Over the past decade there has been a burgeoning interest in the realm of art activism within the Southwest Asia and North Africa region shedding light on the political implications of aesthetic representation Nevertheless a critical inquiry into how political aesthetics can formulate both discernible and imperceptible resistance strategies in response to resurging authoritarianism and counter revolution after the 2011 uprisings in the region remains conspicuously absent This book delves into a comprehensive examination of diverse art forms ranging from street art and cinema to performance art as well as music and theatre scrutinizing the manifestations of aesthetic resilience at the epicentre of the political resistance against oppression and authoritarianism in Sudan Iran Egypt Tunisia Algeria Morocco Lebanon Yemen and Syria The editors employ a multifaceted approach to investigate artistic activism encompassing analysis of visibility ephemerality and speech within the public sphere the establishment and perpetuation of collective transnational solidarities the portrayal of suppressed identities and narratives and the innovation of alternative mechanisms for producing and disseminating art *A History of Public Law in Germany, 1914-1945* Michael Stolleis, 2004 This history of the discipline of public law in Germany covers three dramatic decades of the Twentieth century It opens with the First World War analyses the highly creative years of the Weimar Republic and recounts the decline of German public law that began in 1933 and extended to the downfall of the Third Reich Stolleis examines the dialectic of scholarship and politics against the background of long term developments in industrial societies the rise of the interventionist state the shift of state law and administrative law theory and the emergence of new disciplines tax law social law labour law business administration law Almost all of the issues and questions that preoccupy state law and administrative law theory at the dawn of the twenty first century were first pondered and debated during this period Readership Academics and post graduate advanced students of German history or German law and public law scholars and Links to web resources and related information More in the same subject area Legal history Laws of other jurisdictions and European history First World War European history Second World War European history from c 1900 Germany The specification in this catalogue including without limitation price format extent number of illustrations and month of publication was as accurate as possible at the time the catalogue was compiled Occasionally due to the nature of some contractual restrictions we are unable to ship a specific product to a particular territory Jacket images are provisional and liable to change before publication *Citizens and the State in Authoritarian Regimes* Karrie Koesel, Valerie Bunce, Jessica Weiss, 2020-03-03 *Citizens and the State in Authoritarian Regimes* compares the most powerful authoritarian states in global politics today Russia and China By placing China and Russia side by side this volume produces new insights including what strategies their rulers have used to stay in power while forging political stability and gathering information how societal groups have resisted complied or responded to these strategies and what costs and benefits anticipated and

unexpected have accompanied the bargains political leaders and their societies have struck The essays in this volume change the way we understand authoritarian politics and expand the terrain of how we analyze regime society relations in authoritarian states

Ideology and Criminal Law Stephen Skinner, 2019-09-05 With populist nationalist and repressive governments on the rise around the world questioning the impact of politics on the nature and role of law and the state is a pressing concern If we are to understand the effects of extreme ideologies on the state's legal dimensions and powers especially the power to punish and to determine the boundaries of permissible conduct through criminal law it is essential to consider the lessons of history This timely collection explores how political ideas and beliefs influenced the nature content and application of criminal law and justice under Fascism National Socialism and other authoritarian regimes in the twentieth century Bringing together expert legal historians from four continents the collection's 16 chapters examine aspects of criminal law and related jurisprudential and criminological questions in the context of Fascist Italy Nazi Germany Nazi occupied Norway apartheid South Africa Francoist Spain and the authoritarian regimes of Brazil Romania and Japan Based on original archival doctrinal and theoretical research the collection offers new critical perspectives on issues of systemic identity self perception and the foundational role of criminal law processes of state repression and the activities of criminal courts and lawyers and ideological aspects of and tensions in substantive criminal law

Internet Jurisdiction Law and Practice Julia Hörnle, 2021-01-07 From a technological standpoint geography is largely irrelevant Data flows through the internet without regard for political borders or territories Services communication and interaction can occur online between persons who may be in different countries Illegal activities like hacking cyberespionage propagating terrorist propaganda defamation revenge porn and illegal marketplaces may all be remotely targeted and accessed from various countries As such the internet has created an interesting and complex set of challenges for the concept of jurisdiction and conflicts of law This title takes a comparative approach covering the EU UK US Germany and China Broken into four parts this book delves into the notion of jurisdiction as it relates to the internet Part I focuses on the different meanings of the concept of jurisdiction from a legal and historical perspective and distinguishing between the different branches of government It will highlight the challenges created by the internet including social media and cloud computing Part II analyses criminal jurisdiction in regards to both jurisdictions in cybercrime cases and jurisdictional issues relating to criminal investigations access to the cloud and enforcement Part III examines jurisdiction and applicable law in civil and commercial matters such as e commerce B2B and B2C contracts torts typically occurring online and online defamation and privacy infringement Finally Part IV looks at regulatory jurisdiction examining the power of the executive whether an arm of government or independent regulator to apply and enforce national law It will look at aspects like the provision of online audio visual media services and online gambling services both of which are heavily regulated but which can be easily provided remotely from different jurisdictions The book concludes by analysing how the concept of jurisdiction should be adapted to ensure the rule of law by nation states

and prevent international conflicts between states This title gives a comprehensive look at the complicated subject of internet jurisdiction essential for all dealing with jurisdictions in the modern age **A Modern History of German Criminal Law**

Thomas Vormbaum,2013-10-01 Increasingly international governmental networks and organisations make it necessary to master the legal principles of other jurisdictions Since the advent of international criminal tribunals this need has fully reached criminal law A large part of their work is based on comparative research The legal systems which contribute most to this systemic discussion are common law and civil law sometimes called continental law So far this dialogue appears to have been dominated by the former While there are many reasons for this one stands out very clearly Language English has become the lingua franca of international legal research The present book addresses this issue Thomas Vormbaum is one of the foremost German legal historians and the book s original has become a cornerstone of research into the history of German criminal law beyond doctrinal expositions it allows a look at the system s genesis its ideological political and cultural roots In the field of comparative research it is of the utmost importance to have an understanding of the law s provenance in other words its historical DNA **Clean Air at What Cost?** Denise Sienli van der Kamp,2023-01-19 China s green

transition is often perceived as a lesson in authoritarian efficiency In just a few years the state managed to improve air quality contain dissent and restructure local industry Much of this was achieved through top down blunt force solutions such as forcibly shuttering or destroying polluting factories This book argues that China s blunt force regulation is actually a sign of weak state capacity and ineffective bureaucratic control Integrating case studies with quantitative evidence it shows how widespread industry shutdowns are used not to scare polluters into respecting pollution standards but to scare bureaucrats into respecting central orders These measures have improved air quality in almost all Chinese cities but at immense social and economic cost This book delves into the negotiations trade offs and day to day battles of local pollution enforcement to explain why governments employ such costly measures and what this reveals about a state s powers to govern society

Apocalyptic Authoritarianism Assistant Professor School of the Environment Hanna E Morris,Hanna E. Morris,2025 In Apocalyptic Authoritarianism media scholar Hanna E Morris reveals how national anxieties following the 2016 presidential election have shaped American news coverage of climate change in ways that severely limit how it has come to be known imagined and contended with Looking at climate change reporting across ideologically diverse U S news media outlets over the past decade the book traces how media creates an illusion of control in the present through nostalgic and heroic stories of the past Morris identifies a new mode of reactionary politics called apocalyptic authoritarianism to describe the post 2016 alignment of historically privileged figures united by a common enemy of the new New Left and a shared appeal to fears of total crisis Ultimately Morris calls for a robust and inclusive form of climate journalism and politics to set the nation on a path toward democratic and equitable responses to the climate crisis **The Disciples: A Struggle for Reformation**

(Paperback) D. Duane Cummins,2009 **Authoritarianism** Erica Frantz,2018-08-01 Despite the spread of democratization

following the Cold War's end all signs indicate that we are living through an era of resurgent authoritarianism. Around 40 percent of the world's people live under some form of authoritarian rule and authoritarian regimes govern about a third of the world's countries. In *Authoritarianism: What Everyone Needs to Know*, Erica Frantz guides us through today's authoritarian wave, explaining how it came to be and what its features are. She also looks at authoritarians themselves, focusing in particular on the techniques they use to take power, the strategies they use to survive, and how they fall. Understanding how politics works in authoritarian regimes and recognizing the factors that either give rise to them or trigger their downfall is ever more important given current global trends, and this book paves the way for such an understanding. An essential primer on the topic, *Authoritarianism* provides a clear and penetrating overview of one of the most important and worrying developments in contemporary world politics.

Authoritarian Containment Marie-Eve Reny, 2018-08-02 In *Authoritarian Containment*, Marie-Eve Reny examines why local public security bureaus tolerate unregistered Protestant churches in urban China, an officially atheist country where religious practice is controlled by the state when the central government considers them illegal. She also notes that other authoritarian regimes have employed a similar strategy to control the activities of informal religious organizations.

The Sawbones Book: The Hilarious, Horrifying Road to Modern Medicine Sydnee McElroy, Justin McElroy, 2020-12-29 Expanded Edition includes pandemics, plagues, and global panics.

Flexible Authoritarianism Anna Schwenck, 2023-12-19 *Flexible Authoritarianism* challenges the idea that the transnational rise of authoritarianism is a backlash against economic globalization and neoliberal capitalism. Flexible authoritarianism, a form of government that simultaneously incentivizes a can-do spirit and suppresses dissent, reflects the resonance between authoritarian and neoliberal ideologies in today's comeback of strongman rule. The book conveys the look and feel of flexible authoritarianism in Russia through the eyes of up-and-coming youth. Drawing on field observations, in-depth interviews, and analyses of documents and video clips, Anna Schwenck demonstrates how flexible authoritarianism is stabilized ideologically by the insignia of cool start-up capitalism and by familiar cultural forms such as the summer camp. It critically evaluates how loyalty to the regime, the order underlying political and economic life in a polity, is produced and contested among those young people who seek key positions in politics, business, the public sector, or creative industries.

Reading Lists in Radical Social Science Mark H. Maier, Dan Gilroy, 1982

Perpetration and Complicity under Nazism and Beyond Mary Fulbrook, Bastiaan Willems, Stephanie Bird, Stefanie Rauch, 2023-07-13 *Perpetration and Complicity under Nazism and Beyond* analyses perpetration and complicity under National Socialism and beyond. Contributors based in the UK, the USA, Canada, Germany, Israel, and Chile reflect on self-understandings, representations, and narratives of involvement in collective violence, both at the time and later, a topic that remains highly relevant today. Using the notion of compromised identities to think about contentious questions relating to empathy and complicity, this interdisciplinary collection addresses the complex relationships between people's behaviours and self-understandings through and beyond

periods of collective violence Contributors explore the compromises that individuals states and societies enter into both during and after such violence Case studies highlight patterns of complicity and involvement in perpetration and analyse how people s stories evolve under changing circumstances and through social interaction using varying strategies of justification denial and rationalisation Each chapter also considers the ways in which contemporary responses and scholarly practices may be affected by engagement with perpetrator representations

Conflict and Alliance : The US and China: A Centennial Dance Mehmet Emin Hazret,2025-02-15 This book examines the intricate relationship between the United States and China from the early 20th century to the present day Interwoven with historical events economic interests ideological differences and geopolitical competition this relationship plays a pivotal role in shaping the global order Conflict and Alliance unveils the centennial dance of these two superpowers oscillating between rivalry and partnership The Era Before China s Rise This section covers the first half of the 20th century when the United States solidified its role as a global leader while China was shaped by internal conflicts and ideological transformations During this period China was seen by the U S as a weak actor while the U S continued to gain power on the global stage The Cold War and Its Aftermath The Cold War era marked a temporary alliance between the U S and China against the Soviet Union This pragmatic cooperation gained momentum through U S opening up policies under Kissinger and Nixon Meanwhile China under the leadership of Deng Xiaoping began its rise on the international stage through reforms and opening up policies This chapter explores China s transformation from a silent giant into a global power During this process the U S played a significant role in integrating China into the global economy aiding its technological infrastructure financial systems and administrative capabilities This support peaked in 2001 when China joined the World Trade Organization WTO enabling its full integration into the global trade system and placing it at the center of global economic processes However this development also resulted in the emergence of the U S backed actor as its greatest future rival Great Power Competition in the 21st Century This section delves into China s claims for global leadership and the U S s efforts to contain its rise Economic conflicts technological races and strategic maneuvers in the Asia Pacific define this era The scale of this rivalry has been amplified by advancements in artificial intelligence 5G technology and supply chain crises The competition between the U S s Asia Pivot strategy and China s Belt and Road Initiative serves as one of the most visible examples of this struggle The book not only focuses on diplomatic and military strategies but also examines cultural perceptions leadership decision making processes and shifts in the international system In doing so it provides an in depth analysis of the conflict alliance balance in U S China relations It also investigates how economic and political interdependence between the two sides has persisted throughout this dance and explores potential future scenarios Who Should Read This Book This book is a valuable resource not only for history and international relations enthusiasts but also for policymakers strategists academics and anyone interested in understanding global politics Readers seeking a deeper understanding of the power struggle between the U S and China and its impact on

the world order will find the insights they need within these pages It serves as an indispensable guide for those looking to explore global competition geopolitical strategy and international policy

Humanism, Anti-Authoritarianism, and Literary Aesthetics Ulf Schulenberg, 2023-08-10 Presenting pragmatist humanism as a form of anti authoritarianism this book sheds light on the contemporary significance of pragmatist aesthetics and the revival of humanism This interdisciplinary study shows that a mediation between pragmatist aesthetics which emphasizes the significance of creating making and inventing and Marxist materialist aesthetics which values form promises interesting results and that the former can learn from the latter In doing so Ulf Schulenberg discusses 3 layers of the multi layered phenomenon that is the revival of humanism He first explains the potential of a pragmatist humanism clarifying the contemporary significance of humanism He then argues that pragmatist humanism is a form of anti authoritarianism Finally he shows the possibility of bringing together the resurgence of humanism and a renewed interest in the work of aesthetic form by arguing that pragmatist aesthetics needs a more complex conception of form Establishing a transatlantic theoretical dialogue Humanism Anti Authoritarianism and Literary Aesthetics brings together literary and aesthetic theory philosophy and intellectual history It discusses a broad range of authors from Emerson Whitman James Nietzsche Proust and Dewey to Wittgenstein Luk cs Adorno Jameson Latour and Rorty to illuminate how humanism pragmatism and anti authoritarianism are interlinked

Seeking Truth and Hiding Facts Jeremy L. Wallace, 2023 A unique analysis of the numbers that came to define Chinese politics and how this quantification evolved over time For decades a few numbers came to define Chinese politics until those numbers did not count what mattered and what they counted did not measure up Seeking Truth and Hiding Facts argues that the Chinese government adopted a system of limited quantified vision in order to survive the disasters unleashed by Mao Zedong s ideological leadership Jeremy Wallace explains how that system worked and analyzes how the problems that accumulated in its blind spots led Xi Jinping to take drastic action Xi s neopolitical turn aggressive anti corruption campaigns reassertion of party authority and personalization of power is an attempt fix the problems of the prior system as well as a hedge against an inability to do so The book argues that while of course dictators stay in power through coercion and cooptation they also do so by convincing their populations and themselves of their right to rule Quantification is one tool in this persuasive arsenal but it comes with its own perils

Leading Russia: Putin in Perspective Alex Pravda, 2005-05-26 Leaders and leadership continue to dominate Russia s political development Like his predecessors in the Kremlin Vladimir Putin has made a crucial impact on the substance and style of Russian politics His efforts to use traditional tools of state power to manage democracy and market capitalism have had mixed effects on both Leading Russia investigates the ambiguities and contradictions of Putin s rule from four perspectives The volume first considers his leadership in the context of Russia s convulsive historical cycle of revolutionary transformation breakdown consolidation and stagnation The study then analyses how normative and institutional components of democracy have fared under Putin s regime of stronger executive control It proceeds to examine

the strengths and weaknesses of presidential power vis vis bureaucratic regional and corporate groups The volume concludes with two assessments of the strategic direction in which Putin is taking Russia They explore the tensions between bureaucratic authoritarian trends and Putin s apparent commitment to electoral democracy market capitalism and alignment with the West The book helps to deepen our understanding of the cultural and institutional factors shaping Putin s leadership approach and policy priorities More widely it sheds light on the complexity of the relationship between post communist leadership democracy and economic modernization

Eurabia-paperback Bat Ye'or,2005 This book is about the transformation of Europe into Eurabia a cultural and political appendage of the Arab Muslim world Eurabia is fundamentally anti Christian anti Western anti American and antisemitic The institution responsible for this transformation and that continues to propagate its ideological message is the Euro Arab Dialogue developed by European and Arab politicians and intellectuals over the past thirty years From publisher description

Out Of And Into Authoritarian Law Hardcover: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the fascinating narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Out Of And Into Authoritarian Law Hardcover : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
