Sikhism one of the major spiritual philosophical traditions of India is often missing from discussions of cross cultural philosophy In this introduction Arvind Pal Singh Mandair an internationally acknowledged expert in Sikh studies provides the first rigorous engagement in the West with Sikh philosophy Sensitive both to the historical formation of Sikh thought and to the decolonial context in which he writes Mandair examines some of the key concepts of Sikh philosophy and how they inform its vision of life He asks what Sikh philosophical concepts tell us about the nature of reality the relationship between mind self ego and whether it is possible to discern broad contours of a Sikh logic epistemology and ontology Additionally the book looks at how these concepts address broader themes such as the body health and well being creation and cosmology death and rebirth the nature of action and intention bioethics and a theme that undergirds every chapter spirituality Each chapter concludes with a set of bullet points highlighting the key concepts discussed a set of questions for further discussion and teachings points to aid discussion Through this much needed introduction we understand the place of Sikh Philosophy within modern Sikh studies and why the philosophical quest became marginalized in contemporary Sikh studies Most importantly we recognize the importance of looking beyond the well trodden terrain of Hindu and Buddhist thinkers and involving Sikh philosophical thought in the emergent field of world philosophies

Sikh Theology of Liberation Dharam Singh, 1991 *It is the same light* Daljit Singh Jawa, 2014-02-07

Sri Guru Granth Sahib is generally known as the holy scripture of Sikhism the world's fifth largest religion But this holy scripture is neither a storybook nor just the philosophy of the Sikh saints or prophets It is more like a collection of divine revelations and hymns expressing the feelings of love and devotion of the Sikh Gurus for the Supreme Being along with the similar yearnings and longings of the devotees and saints from all faiths prevalent in Indian subcontinent during those times The beauty of this 1430 page hymnal written in 22 different languages lies in the fact that while it spiritually connects the human mind to the original source of eternal bliss it provides a very practical and effective way to live in love and harmony with other fellow human beings irrespective of their faith color caste creed or race The following are a few examples of the views of eminent writers and scholars regarding Sri Guru Granth Sahib Mankind's religious future may be obscure yet one thing can be foreseen The living higher religions are going to influence each other more than ever before in the days of increasing communications between all parts of the world and branches of the human race In this coming religious debate the Sikh religion and its scriptures the Sri Guru Granth Sahib will have something of special value to say to the rest of the world Arnold Toynbee Historian I have studied the scripture of great religions but I do not find elsewhere the same power of appeal

to the heart and mind as I find here in these volumes of Sri Guru Granth Sahib There is something strangely modern about these scriptures They speak to the people of any religion or of none They speak for the human heart and the searching mind Mrs Pearl S Buck Nobel Laureate In Volume two of the It Is The Same Light series SGGGS pages 201 400 author Daljit Singh Jawa continues his humble effort to share the beauty of the SGGGS with those who have limited familiarity with the language Gurumukhi history or context The following are some of the comments received on the volume 1 pages 1 200 of SGGGS This translation of Guru Granth Sahib is one of the best English translations in my view as it is in simple understandable English each shabad s summary message is given there is connection between the shabads to reveal continuity of thought process in Guru ji s message Thanks to S Daljit Singh ji for the great work which will benefit future generations understand Guru Ji s message easily Amarjit Singh M D University at Buffalo Buffalo NY A monumental undertaking reflecting a lifetime of devotion to the Sri Guru Granth Sahib and to the scholarly study of its voluminous texts Both its rendition of the original Gurmukhi script with accompanying English transliteration and its erudite commentary on each of the Granth s many hymns mark this work as a stunning achievement which will benefit all serious students of the Sikh religion and of world religions in general Barry Crawford Ph D Washburn Univesity Topeka Kansas
