Teaching Translation and Interpreting Łukasz Bogucki,Mikołaj Deckert,2012-12-21 Translation is a phenomenon that affects us all on a daily basis the more so now that dissemination of information is greatly enhanced by modern technology However there are no strict regulations on who can become a translator and what qualifications are required The contributors to this volume strive to find out whether translators are taught self taught or trained what the teaching or training programmes are like and how they can be improved This is a companion volume to *Teaching Translation and Interpreting Challenges and Practices* edited by Łukasz Bogucki Cambridge Scholars Publishing 2010 It contains papers delivered at two international conferences devoted to teaching translation and interpreting organised in Poland as well as invited contributions The authors are translation and interpreting scholars and teachers from leading Polish and Ukrainian universities **Translation Studies Abstracts/Bibliography of Translation Studies** ,2004 **Galileo's Logical**

Treatises W. A. Wallace,2012-12-06 Hard as it is to believe what is possibly Galileo's most important Latin manuscript was not transcribed for the National Edition of his works and so has remained hidden from scholars for centuries In this volume William A Wallace translates the logical treatises contained in that manuscript and makes them intelligible to the modern reader He prefaces his translation with a lengthy introduction describing the contents of the manuscript the sources from which it derives its dating and how it relates to Galileo's other Pisan writings The translation is accompanied by extensive notes and commentary these explain the text and tie it to the fuller exposition of Galileo's logical methodology in the author's companion volume *Galileo's Logic of Discovery and Proof* The result is a research tool that is indispensable for anyone intent on understanding Galileo's logic as described in that volume and the documentary evidence on which it is based
