A Clean Sweep? T. David Curp,2006 An examination of how the Polish state and its people worked together to ethnically cleanse and colonize eastern Germany after 1945 A Clean Sweep The Politics of Ethnic Cleansing in Western Poland 1945-1960 examines the long term impact of ethnic cleansing on postwar Poland focusing on the western Polish provinces of Poznan and Zielona Gora Employing archival materials from multiple sources including newly available Secret Police archives it demonstrates how ethnic cleansing solidified Communist rule in the short term while

reshaping and nationalizing that rule The Poles of Poznan played a crucial role in the postwar national revolution in which Poland was ethnically cleansed by a joint effort of the people and state A resulting national solidarity provided the Communist dominated regime with an underlying stability while it transformed what had been a militantly internationalist Polish Communism This book addresses the legacy of Polish German conflict that led to ethnic cleansing in East Central Europe the ramifications within the context of Polish Stalinism s social and cultural revolutions and the subsequent anti national counterrevolutionary effort to break the bonds of national solidarity Finally it examines how the Poznan milieu undermined and then reversed Stalinist efforts at socioeconomic and cultural revolution In the aftermath of the Poznan revolt of June 1956 the regime s leadership re embraced hyper nationalist politics and activists and by 1960 Polish authorities had succeeded in stabilizing their rule at the cost of becoming an increasingly national socialist polity T David Curp is Assistant Professor in the Department of History at Ohio University US Intelligence and the Polish Crisis Douglas J. MacEachin,2000 Between the Brown and the Red Mikołaj Stanisław Kunicki,2012-07-04 Between the Brown and the Red captures the multifaceted nature of church state relations in communist Poland relations that oscillated between mutual confrontation accommodation and dialogue Ironically under communism the bond between religion and nation in Poland grew stronger This happened in spite of the fact that the government deployed nationalist themes in order to portray itself as more Polish than communist Between the Brown and the Red also introduces one of the most fascinating figures in the history of twentieth century Poland and the communist world In this study of the complex relationships between nationalism communism authoritarianism and religion in twentieth century Poland Miko aj Kunicki shows the ways in which the country s communist rulers tried to adapt communism to local traditions particularly ethnocentric nationalism and Catholicism Focusing on the political career of Boles aw Piasecki a Polish nationalist politician who began his surprising but illuminating journey as a fascist before the Second World War and ended it as a procommunist activist Kunicki demonstrates that Polish communists reinforced an ethnocentric self definition of Polishness and as Piasecki s case demonstrates thereby prolonged the existence of Poland s nationalist Right Current Policy United States.
