The Fracturing of the American Corporate Elite Mark S. Mizruchi, 2013-05-07 Critics warn that corporate leaders have too much influence over American politics Mark Mizruchi worries they exert too little American CEOs have abrogated their civic responsibilities in helping the government address national challenges with grave consequences for society A sobering assessment of the dissolution of America's business class

Policy-planning Organizations Joseph G. Peschek, 1987 *Critical Perspectives on Think Tanks* Landry, Julien, 2021-07-31 This innovative book explores think tanks from the perspective of critical policy studies showcasing how knowledge power and politics intersect with the ways in which think tanks intervene in public policy

Foundations for Social Change Daniel Faber, Deborah McCarthy, Deborah McCarthy Auriffelle, 2005-09 This multi disciplinary collection blends broad overviews and case studies as well as different theoretical perspectives in a critique of the relationship between United States philanthropic foundations and movements for social change Scholars and practitioners examine how these foundations support and or thwart popular social movements and address how philanthropic institutions can be more accountable and democratic in a sophisticated provocative and accessible manner Foundations for Social Change brings together the leading voices on philanthropy and social movements into a single collection and its interdisciplinary approach will appeal to scholars students foundation officials non profit advocates and social movement activists

So Help Me God Katrin Erdmann, 2006 In the wake of the Presidency of George W Bush the discussion about the separation of church and state has gained momentum Where does the coveting of the Religious Right by the Bush Administration fit into this picture What role do the attempted Gay Marriage Ban and the Compassionate Conservatism language play This book examines these questions and make a connection between the politics of Neo Conservatism and the social movement of the Religious Right

No Direction Home Natasha Zaretsky, 2010-01-27 Between 1968 and 1980 fears about family deterioration and national decline were ubiquitous in American political culture In No Direction Home Natasha Zaretsky shows that these perceptions of decline profoundly shaped one another Throughout the 1970s anxieties about the future of the nuclear family collided with anxieties about the direction of the United States in the wake of military defeat in Vietnam and in the midst of economic recession Zaretsky explains By exploring such themes as the controversy surrounding prisoners of war in Southeast Asia the OPEC oil embargo of 1973 74 and debates about cultural narcissism Zaretsky reveals that the 1970s marked a significant turning point in the history of American nationalism After Vietnam a wounded national identity rooted in a collective sense of injury and fueled by images of family peril exploded to the surface and helped set the stage for the Reagan Revolution With an innovative analysis that integrates cultural intellectual and political history No Direction Home explores the fears that not only shaped an earlier era but also have reverberated into our own time

Cold Breezes and Idiot Winds Valerie Scatamburlo d'Annibale, 2011-11-19 After 9 11 rightists capitalized on an atmosphere of fear and confusion to resuscitate the culture wars of the 1990s and once again targeted the academy

Using tactics reminiscent of the McCarthy era religious firebrands militant neoconservatives and free market fundamentalists engaged in a concerted effort to silence voices critical of the war on terror and liken legitimate dissent to treason Brandishing a discourse of patriotic correctness PC that was informed by American exceptionalism Christian nationalism anti intellectualism and virulent anti liberalism this coalition portrayed the professoriate as a dangerous cabal seeking the demise of Western civilization In *Cold Breezes and Idiot Winds* Scatamburlo D Annibale explains why the most recent assault on academe must be understood in relation to the right s broader offensive against liberalism For decades conservatives have worked diligently to construct a network of foundations think tanks and campus organizations dedicated to demonizing progressive thought the legacy of the New Deal era and the democratic social reforms of the 1960s The author provides a detailed examination of this ideological infrastructure and how it advanced the agenda of PC post 9 11 She explores how the campaign for PC was aided and abetted by a right wing media apparatus how it continues to threaten academic freedom on campuses and how it is currently infecting the larger body politic and contributing to the increased toxicity of the nation s public dialogue While purveyors of PC often invoke culture war rhetoric Scatamburlo D Annibale adroitly reveals that their ultimate aim is to protect corporate power from any form of democratic accountability

Liberalism Versus Conservatism François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what do these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title and author
