Problems And Miracles:

Problems of Evil and the Power of God Professor James A Keller, 2013-05-28 Why do bad things happen even to good people If there is a God why aren't God's existence and God's will for humans more apparent And if God really does miracles for some people why not for others This book examines these three problems of evil suffering divine hiddenness and unfairness if miracles happen as believers claim to explore how different ideas of God's power relate to the problem of evil Keller argues that as long as God is believed to be all powerful there are no adequate answers to these problems nor is it enough for theists simply to claim that human ignorance makes these problems insoluble Arguing that there are no good grounds for the belief that God is all powerful Keller instead defends the understanding of God and God's power found in process theism and shows how it makes possible an adequate solution to the problems of evil while providing a concept of God that is religiously adequate *The Problem of Problems and Its Various Solutions* Clark Braden, 1876 *Hume and the Problem of Miracles: A Solution* Michael Levine, Michael P. Levine, 1989 This book developed from sections of my doctoral dissertation *The Possibility of Religious Knowledge Causation Coherentism and Foundationalism* Brown University 1982 However it actually had its beginnings much earlier when as an undergraduate at the University of Virginia I first read Hume's *Of Miracles* and became interested in it Fascinated would be too strong My teacher put the following marginal comment in a paper I wrote about it Suppose someone told you that they had been impregnated by an angel whispering into their ear Wouldn't you think they had gone dotty She had spent time in England I thought about it I agreed that I would not have believed such testimony but did not think this had much to do with Hume's argument against belief in miracles What surprised me even more was the secondary literature I became convinced that Hume's argument was misunderstood My main thesis is established in Part I This explains Hume's argument against justified belief in miracles and shows how it follows from and is intrinsically connected with his more general metaphysics Part II Part I It should give the reader a more complete understanding builds on both the structure of Hume's argument and of his crucial and questionable premises Chapters 5 and 11 are perhaps the most technical in the book but they are also the least necessary They can be skipped by the reader who is only interested in Hume on miracles *The Problem of problems, and its various solutions, or, Atheism, Darwinism, and theism* Clark Braden, 1879 *101 Questions and Answers on A Course in Miracles* Gene Skaggs Jr., 2011-09-23 *A Course in Miracles* ACIM is one of the most profound and provocative spiritual teachings of modern times It can also be quite difficult to comprehend especially for beginners In this accessible and easily understood guide veteran ACIM teacher Gene Skaggs Jr answers one hundred and one common questions that students have about the Course

Religion in the Thought of Today Carl Safford Patton, 1924 God is God Only: Not more, Not less Vijay Venkateswar, This book presents a picture of the Ultimate Reality which is timeless and universal in appeal and which encompasses all beliefs. It dispels popular misconceptions regarding God and presents an unbiased balanced view of the Supreme Truth. The book respects all faiths. It does not seek to guide or advise anyone on spiritual matters. It merely presents the quintessence of the Highest Truth. It gives complete freedom to everyone to do whatever he or she feels is best.

Sermons of a Psychiatrist Charles Fulghum, 2011-03-03 This book puts psychiatrist priest Fulghum solidly in the company of Soren Kierkegaard, Irvin Yalom, and I would add Ernest Becker, existential realists with indomitable faith. Jesus issued two orders to those he called. The first was Come. The second was Go. This little book does what Jesus did again and again. Fulghum's candid humanity beckons us to come to recognize ourselves both more deeply and briefly more comfortably. And he sends us out relentlessly. This book is risky. Deep insight is not only a personal pleasure; it rapidly emerges as responsibility. The Rev Canon Gray Temple, Retired Rector St. Patrick's Episcopal Church Atlanta. Charles has put together an anthology of his sermons that promises to deliver perhaps one of the most unique perspectives in Episcopal preaching. Having listened in the pews to many of Charles' sermons, I can promise that the reader will not only be entertained but will discover God found living betwixt and between moral psychiatry, existentialism, and medical science. In the best of the Episcopal tradition, Charles makes us think about God in relevant and thought-provoking ways by reminding us that our stories are part of a much bigger narrative. The Rev Lang Lowrey, President General Seminary **Problems of Christianity and Scepticism.**

Lessons from Twenty Years' Experience in the Field of Christian Evidence Alexander James Harrison, 1891 **Social Problems: an Inquiry Into the Law of Influences** John Turnbull Thomson, 1878 MIRACLE WORKER Joseph Ngoma, 2025-10-17 *Miracle Worker: Unveiling the Power of Faith and Deliverance*. Do you desire to walk in the supernatural power of God? Many Christians today long for miracles but fail to realize that true miracles are the result of sanctification, repentance, and an intimate walk with God. In *Miracle Worker*, Joseph Habimana Ngoma exposes the spiritual barriers that prevent people from experiencing the miraculous and reveals the biblical keys to unlocking God's power in everyday life. Through deep biblical insights and real-world applications, this book explores the true meaning of miracles and why they should be a daily experience for believers. How sanctification, repentance, and faith open the door to supernatural power. The dangers of false teachings and worldly distractions in the church today. Spiritual deliverance: breaking free from demonic strongholds and oppression. How Jesus and His disciples walked in divine authority and how you can too. Many churches have lost sight of their true purpose, replacing spiritual power with materialism and worldly success. *Miracle Worker* calls believers back to the foundation of holiness, prayer, and faith, demonstrating that miracles are not just events but a lifestyle for those who walk with God. If you are seeking a deeper understanding of the supernatural, a closer relationship with God, and the ability to manifest

His power in your life this book is for you Are you ready to become a true miracle worker Order your copy today and step into the supernatural life God intended for you Miracle, Solution and System Insa Sparrer,2007 Solution focused systemic structural constellations for therapy and organisational change Constellation work is an effective way of externalising and working with problems in family and organisational life Solution focused practice is the art of building solutions as simply as possible The author combines the two and sets out a radical yet gentle form of practice The pioneering work of the author and her partner Matthias Varga von Kibed is highly influential in Europe and appears here in English for the first time
