**Citizenship Education in China** Kerry J. Kennedy, Gregory Fairbrother, Zhenzhou Zhao, 2013-10-15 There is a flourishing literature on citizenship education in China that is mostly unknown in the West Liberal political theorists often assume that only in democracy should citizens be prepared for their future responsibilities yet citizenship education in China has undergone a number of transformations as the political system has sought to cope with market reforms globalization and pressures both externally and within the country for broader political reforms Over the past decade Chinese scholars have been struggling for official recognition of citizenship education as a key component of the school curriculum in these changing contexts This book analyzes the citizenship education issues under discussion within China and aims to provide a voice for its scholars at a time when China's international role is becoming increasingly important

**World Citizenship** Scott Leckie, 2025-08-20 This book provides a unique overview of the phenomena of world citizenship both through a detailed historical overview of how this ideal has been treated throughout the ages and a contemporary take on how this elusive idea might become a reality in the modern world It identifies practical peaceful and evolutionary ways to establish the legal status of world citizenship in a post nation state world governed on the basis of world citizenship The work is divided into four main parts Section one covers the main influences that could lead people into embracing world citizenship Section two delves into how life evolves when one sees themselves as a world citizen and the concrete changes one may undertake with such worldviews Section three then explores the broader notion of what it actually means to be a world citizen the history of this notion and how to make it a reality in an era of declining democracy rising authoritarianism and environmental catastrophe The book ends by outlining where we need to go as a human species if we are to survive well into the distant future

Daily Life of African Americans in Primary Documents Herbert C. Covey, Dwight Eissach, 2020-11-24 Daily Life of African Americans in Primary Documents takes readers on an insightful journey through the life experiences of African Americans over the centuries capturing African American experiences challenges accomplishments and daily lives often in their own words This two volume set provides readers with a balanced collection of materials that captures the wide ranging experiences of African American people over the history of North America Volume 1 begins with the enslavement and transportation of slaves to North America and ends with the Civil War Volume 2 continues

with the beginning of Reconstruction through the election of Barack Obama to the U S presidency Each volume provides a chronology of major events a historic overview and sections devoted to domestic material economic intellectual political leisure and religious life of African Americans for the respective time spans Volume 1 covers a wide variety of topics from a multitude of perspectives in such areas as enslavement life during the Civil War common foods housing clothing political opinions and similar topics Volume 2 addresses the civil rights movement court cases life under Jim Crow Reconstruction busing housing segregation and more Each volume includes 100 110 primary sources with suggested readings from government publications court testimony census data interviews newspaper accounts period appropriate letters Works Progress Administration interviews sermons laws diaries and reports     Reconsidering Primary Literacy Kelly Stone,2017-03-16 This is an accessible guide to critical literacy a process in which learners are encouraged to challenge and critique language and social practices and actively transform what they see as unjust or unfair Crucial critical literacy concepts such as access power reconstruction and transformation are explored in respect of both the wider literature and as they relate to the experiences and practices of those educators who feature in the book The key practice areas for developing children s criticality are also covered including the use of toys children s literature comic books and graphic novels photographs and new technologies Threaded throughout the book are the intersecting social justice issues of gender race disability displacement and social class Material is drawn primarily from educators own narratives about transformative change in their practice including their struggles to understand and enact critical literacy alongside examples of their pedagogies for social change The author identifies a number of clear directions for educators interested in using a critical pedagogical approach in their work with children and young people helping them to understand what critical literacy is how they can weave it into their own practices with which ages stages and grades critical literacy can be used and how they can get started using critical literacy in their classrooms     **Living Virtually** Don Heider,2009 Virtual worlds are most often three dimensional locales where people create virtual personae called avatars who come to play socialize and work This edited collection of groundbreaking research on virtual worlds offers a wide ranging look at the sociology politics and communication practices in virtual worlds from a group of scholars in the United States and abroad     *Bulletin of the Brockton Public Library* ,1913     **Young Citizens and New Media** Peter Dahlgren,2013-10-11 This book integrates four distinct topics young people citizenship new media and learning processes When taken together these four topics merge to define an arena of social and research attention that has become compelling in recent years The general international concern expressed of declining democratic engagement and the role of citizenship today becomes all the more acute when it turns to younger people At the same time there is growing attention being paid to the potential of new media especially internet and mobile telephony to play a role in facilitating newer forms of political participation It is clear that many of the present manifestations of new politics in the extra parliamentary domain not only make sophisticated use of such media but

are indeed highly dependent on them With an impressive array of contributors this book will appeal to those interested in a number of spheres including media and cultural studies political science pedagogy and sociology *Digital citizenship education from a parent's perspective* Janice Richardson, Veronica Samara, 2022-11-01 A majority of parents today are grappling with issues such as privacy digital footprints and bullying Where do they turn to find reliable information When should they intervene in their children's online activities What is their role in ensuring that their children master the values attitudes skills and knowledge they need to actively effectively engage with society In 2020 the Council of Europe conducted a survey to better understand the views of parents on digital citizenship education and the concerns they have about their children's use of digital technology More than 21 000 parents in 47 countries responded to the survey which was followed up by interviews in 2020 and 2021 *Digital citizenship education from a parent's perspective* maps the needs and reflections of parents as they strive to ensure the well being of their children and help them become competent digital citizens who are empowered by digital technology rather than shaped by it Conducted in the midst of school closures during the Covid 19 pandemic the study documents parents' experience when they stepped up as primary educators often with little or no guidance from schools and inadequate digital equipment to cover their children's needs It aims to foster debate between parents educators researchers and policy makers on the meaning and challenges of digital citizenship education for children growing up in today's digital age *The Paradox of Citizenship in American Politics* Mehnaaz Momen, 2017-08-28 This remarkable book does the unusual it embeds its focus in a larger complex operational space The migrant the refugee the citizen all emerge from that larger context The focus is not the usual detailed examination of the subject herself but that larger world of wars grabs contestations and importantly the claimers and resisters Saskia Sassen Professor of Sociology Columbia University USA This thought provoking book begins by looking at the incredible complexities of American identity and ends with the threats to civil liberties with the vast expansion of state power through technology A must read for anyone interested in the future of the promise and realities of citizenship in the modern global landscape Kevin R Johnson Dean UC Davis School of Law USA Momen focuses on the basic paradox that has long marked national identity the divide between liberal egalitarian self conception and persistent practices of exclusion and subordination The result is a thought provoking text that is sure to be of interest to scholars and students of the American experience Aziz Rana Professor of Law Cornell Law School USA This book is an exploration of American citizenship emphasizing the paradoxes that are contained normalized and strengthened by the gaps existing between proposed policies and real life practices in multiple arenas of a citizen's life The book considers the evolution of citizenship through the journey of the American nation and its identity its complexities of racial exclusion its transformations in response to domestic demands and geopolitical challenges its changing values captured in immigration policies and practices and finally its dynamics in terms of the shift in state power vis vis citizens While it aspires to analyze the meaning of citizenship in America from the multiple perspectives of history politics and policy

it pays special attention to the critical junctures where rhetoric and reality clash allowing for the production of certain paradoxes that define citizenship rights and shape political discourse      World Citizenship Derek Heater,2004-11-15 Recent years have seen the development of a substantial literature on cosmopolitan political thought and the idea of world citizenship In this book Derek Heater offers a concise and accessible survey of this complex debate He aims both to interpret these concepts and to assist in their comprehension Central to the organization of the book is Heater s claim that the notion of world citizenship remains weak unless it is able to stand alongside and be comparable to citizenship in its traditional state embedded sense Thus the core chapters are arranged according to a basic breakdown of the key components of citizenship covering identity and morality law and civil rights social economic and environmental citizenship political citizenship and competence and education The author outlines and assesses both supporting and opposing arguments illustrating his analysis with wide ranging historical and political references from the Stoics to the present day This is an essential text for those studying citizenship and will also be of great interest to students of political theory      An Introduction to Civics and Citizenship Education Keith Heggart,2024-08-01 This book serves as a starting point for pre service teachers and researchers by providing a concise and thorough summary of key themes within the field of civics and citizenship education The field of civics and citizenship education is both complex and contested in local and international jurisdictions It is also a key site for political and policy interventions by governments and other interested parties While this activity makes the field a vibrant one it also means that it can be challenging for teachers and researchers to enter and understand the ongoing debates and discussions and the implications these present for their research and educational practice The book begins with a detailed examination of the history of civics and citizenship education from a variety of perspectives and in different locations It recognizes and documents how the place and importance of civics and citizenship education has changed over the last century and how this has been realized in various educational initiatives It also examines the current state of educational and policy level initiatives in civics and citizenship education noting the differences between different state and country approaches This book also undertakes a detailed consideration of the different typologies of civics and citizenship education that have been formulated by various researchers including notions like justice oriented citizenship activist citizenship and critical citizenship It examines the theoretical foundations of both active citizenship education and global citizenship education and how these have been enacted in school settings Furthermore it examines the place of citizenship in higher education institutions and non formal educational settings including practices and statements about the importance of developing global citizenship in these arenas It also presents a number of different case studies showcasing the variety of approaches to civics and citizenship education and discusses the opportunities and challenges educators and researchers face when researching and implementing it      Troubling Notions of Global Citizenship and Diversity in Mathematics Education Anna Chronaki,Ayşe Yolcu,2025-03-06 This edited volume explores how mathematics education is re configured in

relation to its past present and future when the rhetoric of critical global citizenship education is being applied to diverse local settings Drawing upon diverse theoretical and methodological traditions across the globe including countries in South America Asia Australia and Europe each chapter challenges and eventually troubles the wide circulation of a universal imagery of citizenship based on mathematical competence in not only curriculum school reforms and policy but also in teaching and learning practices Troubling the Euro centric and global notions of citizenship and diversity the book foregrounds local practices in mathematics education to portray a broader picture for the current problems of equity social justice and democracy The book also engages with critical discussions on how citizens and noncitizen are being fabricated in the context of educational policies and specific mathematical practices First of its kind to trouble what is at stake when mathematics education is framed within the discourses of citizenship globally through challenging and problematising what is understood as normal this book will be of relevance to scholars academics and researchers in the field of sociology of education anthropology of education philosophy of education mathematics education citizenship studies and international and comparative education

**Debating Transformations of National Citizenship** Rainer Bauböck, 2018-09-12 This open access book discusses how national citizenship is being transformed by economic social and political change It focuses on the emergence of global markets where citizenship is for sale and on how new reproduction technologies impact citizenship by descent It also discusses the return of banishment through denationalisation of terrorist suspects and the impact of digital technologies such as blockchain on the future of democratic citizenship The book provides a wide range of views on these issues from legal scholars political scientists and political practitioners It is structured as a series of four conversations in which authors respond to each other This exchange of arguments provides unique depth to current debates about the future of citizenship

**Ethics of Citizenship** John MacCunn, 1896 *Communication Theory and Research* Denis McQuail, Peter Golding, Els De Bens, 2005-12-15 This exciting collection of papers represents some of the finest communications research published over the last decade To mark the 20th anniversary of the European Journal of Communication a leading international journal the editors have selected 21 papers all of which make significant and valuable interventions in the field of media and communications The volume is prefaced with an introduction by the editors and will be a central research text for scholars in this field

Mediating Sexual Citizenship Anita Brady, Kellie Burns, Cristyn Davies, 2017-07-06 Mediating Sexual Citizenship considers how the neoliberal imperatives of adaptation improvement and transformation that inform the shifting artistic and industrial landscape of television are increasingly indexed to performed disruptions in the norms of sexuality and gender Drawing on examples from a range of television genres quality drama reality television talk shows sitcoms and outlets network cable subscription video on demand the analysis in this book demonstrates how as one of the most dominant cultural technologies television plays a critical role in the production maintenance and potential reconfiguring of the social organisation of embodiment be it within gender identities kinship structures or the categorisation of sexual

desire It suggests that in order to understand television's role in producing gendered and sexual citizenship we must pay critical attention to the significant shifts in how television is produced broadcast and consumed
