Red Hot And Righteous The Urban Religion Of The Salvation Army

James R. Lewis

Red Hot And Righteous The Urban Religion Of The Salvation Army:

Red-Hot and Righteous Diane Winston,1999 The cathedral of the open air 1880 1886 The new woman 1886 1896 The red crusade 1896 1904 The commander in rags 1904 1918 Fires of faith 1919 1950 Epilogue *Public Religion and the Urban Environment* Richard Bohannon,2012-04-12 The first study to show the great influence of religious language on how people perceive the relationship between cities and their environments Down and Out, on the Road Kenneth L. Kusmer,2001-11-29 Covering the entire period from the colonial era to the late twentieth century this book is the first scholarly history of the homeless in America Drawing on sources that include records of charitable organizations sociological studies and numerous memoirs of formerly homeless persons Kusmer demonstrates that the homeless have been a significant presence on the American scene for over two hundred years He probes the history of homelessness from a variety of angles showing why people become homeless how charities and public authorities dealt with this social problem and the diverse ways in which different class ethnic and racial groups perceived and responded to homelessness Kusmer demonstrates that despite the common perception of the homeless as a deviant group they have always had much in common with the average American Focusing on the millions who suffered downward mobility *Down and Out On the Road* provides a unique view of the evolution of American society and raises disturbing questions about the repeated failure to face and solve the problem of homelessness Titanic John Welshman,2017-07-27 A century after her sinking social historian John Welshman reconstructs the fascinating individual histories of twelve of the passengers aboard the doomed liner including a minute by minute account of the ship s last tragic hours **Faith-based Organisations and Exclusion in European Cities** Justin Beaumont,Paul J. Cloke,2012 This timely book explores the role played by faith based organisations FBOs which are growing in importance in the provision of social services in the European context **The Encyclopedia of Cults, Sects, and New Religions** James R. Lewis,2001-03 Surpassing the scope and the thoroughness of the first edition this new edition of *The Encyclopedia of Cults Sects and New Religions* is the most wide ranging and accessible resource on the historically significant and more obscure sinister and bizarre religious groups Including many entries by scholarly specialists this volume explains more than 1 000 diverse groups and movements from such well known sects as the Branch Davidians Aum Shinrikyo and Heaven s Gate to obscure groups like Ordo Templi Satanas Witches International and the Nudist Christian Church of the Blessed Virgin Jesus In addition to an exhaustive index and handy cross references the second edition includes over a hundred new topical entries on subjects relevant to understanding sectarian movements from snake handling and satanic ritual abuse to brainwashing and exorcism This book a must for all libraries and schools will endure as the first and only point of reference for researchers scholars students and anyone interested in fringe religious groups **Catherine Booth** John Read,2014-01-30 Catherine Booth s achievements as a revivalist social reformer champion of women s rights and with her husband William Booth co founder of the Salvation Army were widely recognized in her lifetime However Catherine

Booth's life and work has since been largely neglected. This neglect has extended to her theological ideas even though they were critical to the formation of Salvationism, the spirituality of the movement she cofounded. This book examines the implicit theology that undergirds Catherine Booth's Salvationist spirituality and reveals the ethical concerns at the heart of her soteriology and the integral relationship between the social and evangelical aspects of Christian mission in her thought. Catherine Booth emerges as a significant figure from the Victorian era, a British theologian and church leader with a rare if not unique intellectual and theological perspective that of a woman.

The Essential Handbook of Denominations and Ministries

George Thomas Kurian, Sarah Claudine Day, 2017-03-14. Though the church universal is an ancient institution, the contemporary ministry landscape is always changing. That's why a new resource with useful information about Christian organizations is needed. The Essential Handbook of Denominations and Ministries is an easy-to-use guide to more than 200 of the largest denominations and 300 ministries in the United States. The entries for organizations include a brief history and summary, a contemporary profile and discussion on doctrinal emphases, creeds, membership and interdenominational and ecumenical alliances. Pastors, ministry leaders, community leaders and students will find this resource a helpful guide as they seek to understand Christian denominations and ministries.

From Goodwill to Grunge Jennifer Le Zotte, 2017-02-02

In this surprising new look at how clothing style and commerce came together to change American culture, Jennifer Le Zotte examines how secondhand goods sold at thrift stores, flea markets and garage sales came to be both profitable and culturally influential. Initially, selling used goods in the United States was seen as a questionable enterprise focused largely on the poor. But as the twentieth century progressed, multimillion-dollar businesses like Goodwill Industries developed, catering not only to the needy but increasingly to well-off customers looking to make a statement. Le Zotte traces the origins and meanings of secondhand style and explores how buying pre-owned goods went from a signifier of poverty to a declaration of rebellion. Considering buyers and sellers from across the political and economic spectrum, Le Zotte shows how conservative and progressive social activists, from religious and business leaders to anti-Vietnam protesters and drag queens, shrewdly used the exchange of secondhand goods for economic and political ends. At the same time, artists and performers from Marcel Duchamp and Fanny Brice to Janis Joplin and Kurt Cobain all helped make secondhand style a visual marker for youth in
