Redefining Stalinism:

Redefining Stalinism Harold Shukman, 2004-11-23 Born in 1879 in Georgia Stalin joined the Bolsheviks under Lenin in 1903 and became General Secretary of the Communist Party in 1922 These edited papers reassess the deeds policies and legacy of a man who was responsible for innumerable deaths and untold human misery

Redefining Stalinism Harold Shukman, 2003 Born in 1879 in Georgia Stalin joined the Bolsheviks under Lenin in 1903 and became General Secretary of the Communist Party in 1922 These edited papers reassess the deeds policies and legacy of a man who was responsible for innumerable deaths and untold human misery

Revisioning Stalin and Stalinism James Ryan, Susan Grant, 2020-11-12 This thought provoking collection of essays analyses the complex multi faceted and even contradictory nature of Stalinism and its representations Stalinism was an extraordinarily repressive and violent political model and yet it was led by ideologues committed to a vision of socialism and international harmony The essays in this volume stress the complex multi faceted and often contradictory nature of Stalin Stalinism and Stalinist style leadership and explore the complex picture that emerges Broadly speaking three important areas of debate are examined united by a focus on political leadership The key controversies surrounding Stalin s leadership role A reconsideration of Stalin and the Cold War New perspectives on the cult of personality Revisioning Stalin and Stalinism is a crucial volume for all students and scholars of Stalin s Russia and Cold War Europe

The Stalin Cult in East Germany and the Making of the Postwar Soviet Empire, 1945-1961 Alexey Tikhomirov, 2022-03-28 This book examines the construction dissemination and reception of the Stalin cult in East Germany from the end of World War II to the building of the Berlin Wall By exporting Stalin s cult to the Eastern bloc Moscow aspired to symbolically unite the communist states in an imagined cult community pivoting around the Soviet leader Based on Russian and German archives this work analyzes the emergence of the Stalin cult s transnational dimension On one hand it looks at how Soviet representations of power were transferred and adapted in the former enemy s country On the other hand it reconstructs spaces of agency where different agents and generations interpreted manipulated and used the Stalin cult to negotiate social identities and everyday life This study reveals both the dynamics of Stalinism as a political system after the Cold War began and the foundations of modern politics through mass mobilization emotional bonding and social engineering in Soviet style societies As an integral part of the global history of communism this book opens up a comparative entangled perspective on the ways in which veneration of Stalin and other nationalistic cults were established in socialist states across Europe and beyond

Stalin's Wars Geoffrey Roberts, 2006-01-01 This breakthrough book provides a detailed reconstruction of Stalin s leadership from the outbreak of the Second World War in 1939 to his death in 1953 Making use of a wealth of new material from Russian archives Geoffrey Roberts challenges a long list of standard perceptions of Stalin his qualities as a leader his relationships with his own generals and with other great world leaders his foreign policy and his role in instigating the Cold War While frankly exploring the full extent of Stalin s brutalities and their impact on the Soviet people

Roberts also uncovers evidence leading to the stunning conclusion that Stalin was both the greatest military leader of the twentieth century and a remarkable politician who sought to avoid the Cold War and establish a long term detente with the capitalist world By means of an integrated military political and diplomatic narrative the author draws a sustained and compelling personal portrait of the Soviet leader The resulting picture is fascinating and contradictory and it will inevitably change the way we understand Stalin and his place in history Roberts depicts a despot who helped save the world for democracy a personal charmer who disciplined mercilessly a utopian ideologue who could be a practical realist and a warlord who undertook the role of architect of post war peace *The personality cult of Stalin in Soviet posters, 1929-1953* Anita Pisch, 2016-12-16 From 1929 until 1953 Iosif Stalin's image became a central symbol in Soviet propaganda Touched up images of an omniscient Stalin appeared everywhere emblazoned across buildings and lining the streets carried in parades and woven into carpets and saturating the media of socialist realist painting statuary monumental architecture friezes banners and posters From the beginning of the Soviet regime posters were seen as a vitally important medium for communicating with the population of the vast territories of the USSR Stalin's image became a symbol of Bolshevik values and the personification of a revolutionary new type of society The persona created for Stalin in propaganda posters reflects how the state saw itself or at the very least how it wished to appear in the eyes of the people The Stalin who was celebrated in posters bore but scant resemblance to the man Iosif Vissarionovich Dzhughashvili whose humble origins criminal past penchant for violent solutions and unprepossessing appearance made him an unlikely recipient of uncritical charismatic adulation The Bolsheviks needed a wise nurturing and authoritative figure to embody their revolutionary vision and to legitimate their hold on power This leader would come to embody the sacred and archetypal qualities of the wise Teacher the Father of the nation the great Warrior and military strategist and the Saviour of first the Russian land and then the whole world This book is the first dedicated study on the marketing of Stalin in Soviet propaganda posters Drawing on the archives of libraries and museums throughout Russia hundreds of previously unpublished posters are examined with more than 130 reproduced in full colour *The personality cult of Stalin in Soviet posters 1929-1953* is a unique and valuable contribution to the discourse in Stalinist studies across a number of disciplines *Late Stalinist Russia* Juliane Fürst, 2006-09-27 With cutting edge research and contributions from top scholars the late Stalinist period is thoroughly explored in this impressive work It explores a wide range of aspects of late Stalinist society focusing on the experience of the Soviet people and their interaction with ideology state policy and national and international politics *The Age of the Dictators* D.G. Williamson, 2013-11-05 *The Age of the Dictators* presents a comprehensive survey of the origins and interrelationship of the European dictatorships All the regimes are addressed with ample coverage of the period 1939-45 and analysis of the Soviet government up to Stalin's death in 1953 Exploring their ideological and political roots and the role of the First World War in their rise to power David Williams identifies the dictatorships as products of their time He examines the Soviet Italian Fascist

and Nazi dictatorships as well as the authoritarian regimes in Spain Portugal Eastern Europe and the Balkans providing an analysis of each as an entity of how they evolved and related to one another and to what extent they were a common response to life after the First World War Mindful of historiographical issues the textbook attends to the arguments of key historians and includes a list of relevant sources to assist students in their study of the period Combining an accessible succinct writing style with a broad historical scope *The Age of the Dictators* is an illuminating and thorough account of a fascinating period in world history

Stalin Robert Service,2005 Overthrowing the conventional image of Stalin as an uneducated political administrator inexplicably transformed into a pathological killer Service reveals a more complex and fascinating story behind this notorious twentieth century figure Drawing on unexplored archives and personal testimonies gathered from across Russia and Georgia this is the first full scale biography of the Soviet dictator in twenty years

Stalin Kevin McDermott,2006-01-23 Stalin s massive impact on Soviet history is often explained in terms of his inherent evil personality defects and power lust While not rejecting these notions Kevin McDermott argues that Stalin s thoughts and actions are best contextualised in the inter relationship between war and revolution in the first half of the twentieth century The author presents the case for taking the Soviet dictator seriously as a Marxist revolutionary whose fundamental beliefs and modus operandi were forged in the cauldron of civil and international wars ideologically driven class wars and revolutionary upheavals associated with the age of catastrophe 1914 45 Only by so doing can the complex motivations for such cataclysmic events as the Great Terror be adequately addressed Incorporating recently declassified materials from the former Soviet Party archives this new appraisal of Stalin also provides a critical review of the latest western and Russian historiography It is essential reading for anyone studying the debates on one of the leading figures of Soviet history

The Enigmatic Realm of **Redefining Stalinism**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Redefining Stalinism** a literary masterpiece penned by a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those who partake in its reading experience.
