Reflections On The Encyclical The Splendor Of Truth:

Reflections on the Encyclical Albert J. Shamon, 1994 **Reflections on the Encyclical Veritatis Splendor**, 1995 In August of 1993 Pope John Paul II issued *The Splendor of Truth*. The importance of the teachings in this encyclical cannot be emphasized enough. Father Albert Shamon has authored this book in order to help the layman understand the content of the encyclical. He summarizes the document and its teachings in everyday terms and situations. Here is a book that provides examples of the facets and controversies of our current society in the light of the Holy Father's teaching. *The Child in American Evangelicalism and the Problem of Affluence* David A. Sims, 2009-06-01 This work presents an evangelical theology of the child nurtured in the context of American evangelicalism and affluence. It employs an eclectic theological critical method to produce a theological anthropology of the affluent American evangelical child (AAEC) through interdisciplinary evangelical engagement of American history, sociology, and economics. Sims articulates how affluence constitutes a significant impediment to evangelical nurture of the AAEC in the discipline and instruction of the Lord. Thus the problem he addresses is nurture in evangelical affluence conceived as a theological anthropological problem. Nurture in the cultural matrices of the evangelical affluence generated by technological consumer capitalism in the U.S. impedes spiritual and moral formation of the AAEC for discipleship in the way of the cross. This impediment risks disciplinary formation of the AAEC for capitalist culture, which cultivates delusional belief that life consists in an abundance of possessions and hinders the practice of evangelical liberation of the poor on humanity's underside. The result is the AAEC's spiritual/moral lack in late modernity. Chapter 1 introduces the problem of the AAEC. Chapters 2 and 3 provide a diachronic lens for the theological anthropology of the AAEC through critical assessment of the theological anthropologies of the child in Jonathan Edwards, Horace Bushnell, and Lawrence Richards. Chapters 4 and 5 constitute the synchronic perspective of the AAEC. Chapter 4 presents an evangelical sociology of the AAEC drawing upon William Corsaro's theory of interpretive reproductions, and chapter 5 constructs an evangelical theology of the AAEC through critical interaction with John Schneider's moral theology of affluence. Chapter 6, *Whither the AAEC*, concludes with a recapitulation of the work and a forecast of possible futures for the AAEC in the twenty-first century. *John Paul II and World Politics* Ugo Colombo Sacco, 1999 One of the few works done recently on the international position of the Holy See. Drawn from a series of lectures given by Colombo Sacco, an Italian diplomat at the University of Milan and at the Catholic University of Leuven, the book examines the first twenty years of Pope Wojtyla's pontificate, highlighting the Vatican's increasing involvement in international politics. Thus it illustrates Karol Wojtyla's thought in this field and his guidelines for the development of international law, human rights, the rights of peoples and nations, the right of humanitarian intervention, development, cooperation. The volume is completed by an essential bibliography and a selection of primary sources. **Renewing the Mind** Ryan N.S. Topping, 2015-08-15 10 Plato from *The Republic* 11 St Basil the Great from *Address to Young Men on the Reading of Greek Literature* 12 Hugh of St Victor from

Curran, Richard A. McCormick, 1999 Sketches the development of fundamental moral theology in the U S and then uses original sources to document the significant changes that have occurred in the discipline as well as the primary issues in Catholic moral theology today Renewing the Evangelical Mission Richard Lints, 2013-05-26 The culture story of evangelicalism during the second half of the twentieth century has been well told It is important now to think about the theological mission of the church in an ever increasing post Christian and post partisan context What is the theologian s calling at the beginning of the third millennium How do global realities impact the mission of evangelical theology What sense can be made of the unity of evangelical theology in light of its many diverse voices Contributors Os Guinness Michael S Horton Richard Lints Bruce McCormack Mark Noll J I Packer Gary Parrett Rodney Peterson Cornelius Plantinga Tite Tienou Kevin J Vanhoozer Adonis Vidu and Miroslav Volf **The Legacy of John Paul II** Tim Perry, 2007-10-16 The papacy of John Paul II was phenomenal and not least for the fact that many evangelicals came to honor and respect him Tim Perry calls on some of the best evangelical minds to offer their assessments of the thought of John Paul II as expressed in his major encyclicals
