Reflective Authenticity Rethinking The Project Of Modernity:

Reflective Authenticity Alessandro Ferrara,2002-09-11 Reflective Authenticity Rethinking the Project of Modernity is a challenging consideration of what remains of ambitious Enlightenment ideas such as democracy freedom and universality in the wake of relativist postmodern thought Do clashes over gender race and culture mean that universal notions such as justice or rights no longer apply outside our own communities Do our actions lose their authenticity if we act on principles that transcend the confines of our particular communities Alessandro Ferrara proposes a path out of this impasse via the notion of reflective authenticity Drawing on Aristotle Kants concept of reflective judgement and Heideggers theory of reflexive self grounding Reflective Authenticity Rethinking the Project of Modernity takes a fresh look at the state of Critical Theory today and the sustainability of postmodern politics Strategic Management in Tourism, 3rd Edition. CABI Tourism Texts Luiz Moutinho,Alfonso Vargas-Sanchez,2018-02-26 This comprehensive textbook has at its core the importance of linking strategic thinking with action in the management of tourism It provides an analytical evaluation of the most important global trends as well as an analysis of the impact of crucial environmental issues and their implications Now in its third edition and reviewing the major factors affecting international tourism management this well established student resource provides an essential overview of strategic management for students and professionals in the tourism sector

Re-Thinking the Sociality of the Self Kurt C. M. Mertel,2025-07-16 This book is the first in a two volume project that provides the first systematic interpretation of Martin Heidegger s fundamental ontology as a critical social ontology It argues that fundamental ontology is at its core an emancipatory enterprise in that it is animated by an intent shared with critical theory viz to make philosophy concrete for the sake of individual and collective freedom Focused on Division One of Being and Time this volume maintains that the possibilities of individual emancipation and self actualization are inextricably bound to their environmental and intersubjective preconditions An adequate ontology of the self therefore is possible only as a social ontology To fulfill its emancipatory aims however it is necessary to show that the fact that individuals are always already appropriated by society does not preclude the possibility of authentic self appropriation Hence this volume critically reconstructs the core commitments of the appropriative approach to social ontology and distinguishes between the foundational and peripheral aspects of fundamental ontology The final part addresses important criticisms that have impeded a fruitful dialogue between fundamental ontology and critical theory to clear the ground for a fresh re appraisal of the former as an emancipatory project

Screening Gender on Children's Television Dafna Lemish,2010-04-05 This book offers readers insights into the transformations taking place in the presentation of gender portrayals in television productions aimed at younger audiences

Artistic Truth Lambert Zuidervart,2004-10-18 It is unfashionable to talk about artistic truth Yet the issues traditionally addressed under that term have not disappeared Indeed questions concerning the role of the artist in society the relationship between art and knowledge and the validity of cultural interpretation have intensified

Lambert Zuidervaart challenges intellectual fashions He proposes a new critical hermeneutics of artistic truth that engages with both analytic and continental philosophies and illuminates the contemporary cultural scene People turn to the arts as a way of finding orientation in their lives communities and institutions But philosophers hamstrung by their own theories of truth have been unsuccessful in accounting for this common feature in our lives This book portrays artistic truth as a process of imaginative disclosure in which expectations of authenticity significance and integrity prevail Understood in this way truth becomes central to the aesthetic and social value of the arts Becoming Donor-Conceived Amelie Baumann,2021-11-27

While it has been argued that anonymity in gamete donation has been brought to an end by legal changes and technological developments Amelie Baumann suggests that this is in fact still in transformation By focusing on the narratives of those who were conceived with anonymously donated gametes in the UK and Germany she examines this transformative process and the role which donor conceived persons play in it This book shows that it is not someone's decision to procreate that turns being donor conceived into a meaningful categorisation Rather kinship knowledge gets activated by the donor conceived in specific ways for being donor conceived to become a powerful identification **Political Refugees** Armin Danesh,Alison Assiter,2022-03-14

Many books about refugees focus on their trauma loss and victimhood Refugees are often regarded as problems for governments and social services in the countries where they seek asylum This unique book presents a very different view Coupling existential themes with politics and psychology Political Refugees tells the story of a number of Iranian political refugees through case studies and through Armin Danesh's own life story Danesh has more than three decades of experience of working with refugees who have survived trauma and who continue to work for the causes close to their hearts All the refugees presented here were politically engaged and suffered as a consequence In their new home country however they not only survived but were reborn and forged new opportunities The book demonstrates people's capacity to transform themselves through crisis The stories told will be invaluable for organizations or individuals who study or work with refugees or anyone who has suffered extreme adversity Literature and Cultural Memory ,2017-03-06

Cultural Memory a subtle and comprehensive process of identity formation promotion and transmission is considered as a set of symbolic practices and protocols with particular emphasis on repositories of memory and the institutionalized forms in which they are embodied High and low culture as texts embedded in the texture of memory as well as material culture as a communal receptacle and reservoir of memory are analysed in their historical contingency Symbolic representations of accepted and counter histories and the cultural nodes and mechanisms of the cultural imaginary are also issues of central interest Twenty six contributions tackle these topics from a theoretical and historical perspective and bring to the fore case studies illustrating the interdisciplinary agenda that underlies the volume Contributors Luis Manuel A V Bernardo Lina Bolzoni Peter Burke Pia Brinzeu Adina Ciugureanu Thomas Docherty Christoph Ehland Herbert Grabes Lszl Gyapay Donna Landry Christoph Lehner Gerald MacLean Drago Manea Daniel Melo Miros awa Modrzewska Rare Moldovan C W R D
