Reflective Journeys Methuselah:

Reflective Journeys... George Kassabgi, 2006-02 Reflective Journeys Methuselah is a philosophical exploration of concepts pondered from childhood Take a journey of thought and introspection unlike any before Immerse yourself in this collection of writings organized in three sections Infinity Empty and Familiar Revisit your inquisitiveness and emerge with new questions and new meaning In the silent pauses of our lives subtle gaps amid our commotion We sit next to our elder selves only to move in haste Summoned back to the noise of the moment Bench A bristlecone pine in the California White Mountains Methuselah is the world's oldest living thing It lives in a desert climate at over 10 000ft elevation Over 46 centuries old it was a seedling before the Egyptian pyramids were erected For more on Reflective Journeys Methuselah please visit our web site at <http://www.ugik.com>

Reflective Journeys G. Kassabgi, 2009 George Kassabgi is a contemporary writer philosopher following in the footsteps of Stefan Zweig Kahlil Gibran and Rainer Maria Rilke Born in Northern Italy George now lives in Winchester Massachusetts with his wife Maria and three sons George Emil Nicholas and Louis A sequel to the author's previous collection entitled Methuselah Reflective Journeys Architeuthis is an exploration of philosophical concepts and reflections on life all around us Continue a journey of thought and introspection unlike any before Immerse yourself in this collection of writings organized in three sections Life Death and Source Reframe and restructure your inquisitiveness to emerge with new questions and new meaning The struggle of your time will come Sitting in your lap staring at you in silence It haunts your sleep and wrestles your thoughts Daring to shape you it waits patiently restless Embrace The giant squid Architeuthis an animal that transcends our science and technology drawing fear and fascination curiosity and bewilderment Architeuthis reminds us that nature and its life forms remain full of important questions full of mystery Life directly in front of us in the depths of our consciousness calls out for exploration This is the precious gift of this oceanic creature in the context of mankind and its quests a reminder of the wonders that surround us and the fundamental questions that prevail For more on Reflective Journeys please visit our web site at <http://www.ugik.com>

Reflective Journeys - Vitae G. Kassabgi, 2024-05-07 What if our conscious thoughts are living forms vitae What is happening in the brain when a mind and consciousness are felt internally Where does consciousness come from Are consciousness and nature somehow interconnected I cannot think of a more interesting thing to ponder and so for over 2 decades I've explored concepts surrounding these types of reflections using a poetic shape a type of mirror for the reader's mind Occasionally these pieces are directly and specifically aimed at the center of the inquiry and often they were tangential or in the shadow of the central themes In the shadow of a source we are sometimes able to see things that would otherwise not be seeable The collections have approached the questions surrounding these vitae as such each inspired by a unique living organism Methuselah an exploration of our journey through time above all else we must consider the dimension of time There are things that transcend the dimension of time what does this mean and how can we our lives so brief and fragile comprehend

this Architect these questions about things known to exist but unseen Let's think about these things known to exist but unseen empiricism is challenged What do we make of the countless things that believed to exist To believe is not exactly equivalent as to know and this is no academic detour Questions of faith surface quickly Actias Luna the incredible metamorphosis and transformation the caterpillar and moth An inevitable destiny understood in a manner apart from cognition Here we begin to ponder what it means to know something in ways having nothing to do with cerebral thought processes Tuugaalik the unicorn whale What unfolds as we live out a dream is more transformational more awe inspiring than we could have ever imagined Notice the use of live out a here and remember that thoughts as vitae do precisely this they live Questions about knowability run deep what we come to know often unfolds in ways we could not have imagined It is thus the ambitious aim of these collections to present the reader with an ensemble a framework of mental mirrors to approach some of the most elemental questions In reality every reader is while he is reading the reader of his own self The writer's work is merely a kind of optical instrument which he offers to the reader to enable him to discern what without this book he would perhaps never have perceived in himself Marcel Proust We return to our vitae towards the end of this work and for the first time in over 2 decades attempt to assemble some of the puzzle pieces

Around the World in 366 Tales - January Journeys Steve Wilson, 2018-01-18 Ten year old Sadie Meadows is reading in bed on New Year's Eve when she finds a book called The World from Your Bedroom There and Back Again but when she opens it up and begins to read she is a little disappointed to see it is nothing more than a travel book packed with pages detailing hundreds of places across the world She reads the first page then puts the book down just as sleep claims her at the instant that the New Year arrives She awakes to find that instead of being in her bedroom at home in Skipton somehow she has been transported to Wexford in the Republic of Ireland the location that she had just read about in the book There follow a series of adventures each set in a different location as Sadie finds herself travelling across the globe as she attempts to get back home again Her journeys this month take her to south western Europe North Africa and the extreme north of the North American landmasses

Touching Stories of My Life in Journey to Christian Holiness and Hands- on Patient Care in a Weeping Healthcare Ramsis F. Ghaly FACS, MD, 2019-08-26 This is the twelfth book of the series Christianity and the Human Brain It integrates the neuroscience and the Bible the Holy Book of our Lord Jesus My love for our Lord Jesus Christ abides with my lifetime passion for neurosurgery and medicine my continual obsession of spiritual connectivity of the Holy Spirit to the human brain that indeed separates mankind from all other living creation It has been my belief that the human brain does not limit itself to the physical skull but rather extends in a nonphysical form to the outside spiritual world even while living on earth In other words a big part of the human brain is actually outside the skull and the body As I perform brain surgeries for three decades I realize my theory is so true The majestic human brain can t be just the 1 500 grams of jelled matter inside the skull The human journey therefore is transforming the human brain to become a brain of a man of God and the hand of man to a hand of a man of God The spiritual human brain never dies only the flesh It is the center of my calling and unrelenting meditations while roaming in the heartfelt spirit lacking the physical proof that science demand of me My life is dedicated to my Lord Jesus patients and residents As a physician I have reached the top in America I am a professor of both neurological surgery and anesthesiology and I am well published in famous medical journals As an academic teacher I trained for more than thirty four years graduating thousands of trainee But all is nothing as I strive for the Christian holiness and fullness In a weeping healthcare

with many patients falling victims I included actual patients miracles testimonials and sincere quotes as a testament to the Almighty and the dire need for faith and integral goodhearted medicine This book is full of many vibrant stories that I love to share It is timely since I consider my generation soon will be viewed obsolete to the future generations and what will remain are the books I authored The book is a text of wealth covering broad and diverse topics of my life s journey in 134 chapters and organized over 14 sections So many chapters are written about my special love for Lord Jesus Christ and His children In poems deep reflections and spiritual release of mind I wrote extensively In fact I shut my senses and impersonated the human brains of the men of God and the children of the Most High in their prominent biblical stories A special section is dedicated to the mothers newborns and little children While my soul is grieving a section is designated on the ongoing Christian persecution especially the genocide of Christians in my country Egypt the ancient region of the Middle East and the oldest historic continent of Africa Furthermore I wrote some of my dreams and thoughts that I couldn t otherwise convey for one reason and another such as neuroscience in aerospace and some of the timely touching subjects like drug overdose human trafficking and healthcare crises Few chapters included are about my personal views and introducing spirituality into the recent turmoil in politics Friends human life starts with love and ends with eternal love for our Savior It is never enough to share our love write about love and talk about actual love stories of heavenly roses joy Christmas healing touch miracles and our calling for his purpose This is what my twelfth book is all about First Move of the Anti-Christ Annette Akerman,2019-12-22 Written from the standpoint that Satan s onslaught of the human race began as a result of his success with his temptation of Eve and continues still today First Move of the Antichrist tell a story beginning with the temptation in the garden The story builds credence with the introduction of humans that had been the preliminary creation of God from the very beginning It is a story of violence hatred and loss of innocence told as it might have occurred using the premise in scripture that there was no man to till the ground until God created Adam The story gives life and personality to the fathers of the Old Testament and builds to a cataclysmic end as it lays the groundwork for the first move of the antichrist
