The History of the Protestant Reformation, in Germany and Switzerland Martin John Spalding, 1860 *Sodomy in Reformation Germany and Switzerland, 1400-1600* Helmut Puff, 2003-06 During the late Middle Ages a considerable number of men in Germany and Switzerland were executed for committing sodomy Even in the seventeenth century simply speaking of the act was cause for censorship Here in the first history of sodomy in these countries Helmut Puff argues that accusations of sodomy during this era were actually crucial to the success of the Protestant Reformation Drawing on both literary and historical evidence Puff shows that speakers of German associated sodomy with Italy and increasingly Catholicism As the Reformation gained momentum the formerly unspeakable crime of sodomy gained a voice as Martin Luther and others deployed accusations of sodomy to discredit the upper ranks of the Church and to create a sense of community among Protestant believers During the sixteenth century reactions against this defamatory rhetoric and fear that mere mention of sodomy would incite sinful acts combined to repress even court cases of sodomy Written with precision and meticulously researched this revealing study will interest historians of gender sexuality and religion as well as scholars of medieval and early modern history and culture **The Reformation in Germany and Switzerland** Pamela Johnston, 1993 Combines new interpretations which emphasise the importance of popular response belief and practice with the traditional approach to the origins and progress of the Reformation in Germany and Switzerland Avoiding a Luther centred view it gives equal attention to other important figures as well as the political dimensions of the Reformation and elements of social protest It focuses on the longer term success or failure of the implementation of the Reformation and includes many original documents translated here for the first time from previously unpublished archival sources From publisher description
