Shawbrooks,2016-06-01 The Hebrew Christian religion remains the most potent verifiably truthful religion on the planet It suffers horrendously from murderous oppression in the Middle East its homeland and was crushed flat by the largest political State the world has ever known Soviet Russia and it endures heavy disheartenment by flawed

innuendo and secularisation throughout Europe Despite these massive attacks from mistaken religion hard line atheists and dont know cant be bothered groups yet it remains And more than this It remains philosophically socially prophetically and scientifically the largest most credible and consistent belief system on the planet Its not by accident that non violent Christianity believing in the non violent Ten Commandments and the beautiful spirit of them in the Beatitudes can survive such intense mentalphysical violent persecution and still remain so vibrant True Christians know The only reason it is so is because the holy Messiah God of Israel is the only true God He rules over all the kingdoms of men but its only the kingdom of Christianity which knows this He loves all humans but not their thoughtsactions However only Christians recognise this and sincerely give thanks that He is their God their prophet priest and king He prophesied that enormous ungodliness would come against His church and followers but these gates of hell would not overcome it and so it is now as we head towards Armageddon and the end of the human age This book explains His prophecies and associated key milestone calculations This is one of many ways witnessing that He is the genuine unique article just as the Hebrew Christian Bible says The purpose of our existence is to have a loving relationship with Him When humans choose to reject Him it causes us to create corrupt and false gods Without realising it many religious people worship corrupt gods and atheism worships its false no God god These cannot bring a person into the paradise of fruitful everlasting life their ways effectively bring people into a fruitless everlasting living death This grieves the Messiah God of Israel because He loves fruitful life To encourage us and to verify who He is He leaves indicators throughout history evidencing even now in these days of the deeply sceptical cheating spirit that humans are without excuse come the judgement Lawrence D Shawbrooks is now retired but continues to work as an Elder in the Church oversight

The Souls of Jewish Folk James M. Thomas, 2023-10 The Souls of Jewish Folk argues that late nineteenth century Germany's struggle with its Jewish question what to do with Germany's Jews served as an important and to date underexamined influence on W E B Du Bois's considerations of America's anti Black racism at the turn of the twentieth century Du Bois is wellknown for his characterization of the twentieth century's greatest challenge the problem of the color line This proposition gained prominence in the conception of Du Bois's The Souls of Black Folk 1903 which engages the questions of race racial domination and racial exploitation James M Thomas contends that this conception of racism is haunted by the specter of the German Jew In 1892 Du Bois received a fellowship for his graduate studies at the University of Berlin from the John F Slater Fund for the Education of Freedmen While a student in Berlin Du Bois studied with some of that nation's most prominent social scientists What The Souls of Jewish Folk asks readers to take seriously then is how our ideas and indeed intellectual work itself are shaped by and embedded within the nexus of people places and prevailing contexts of their time With this book Thomas examines how the major social political and economic events of Du Bois's own life including his time spent living and learning in a late nineteenth century Germany defined in no small part by its violent anti Semitism constitute the soil from which his most serious ideas about race racism and the global color line sprang forth

Theologizing in Black Celucien L. Joseph, 2020-04-15 Theologizing in Black is a creative and rigorous comparative study on black theological musings and liberative intellectual contemplations engaging the theological ethics and anthropology of both continental African theologians Tanzania Kenya Democratic Republic of the Congo and black theologians in the African Diaspora Haiti Trinidad Jamaica Antigua and Barbuda United States Using the pluralist approach to religion promoted by the philosopher of religion and theologian John Hick the book is also an attempt to bridge an important gap in the comparative study of religion Africana Studies and Liberation theology both in Africa and its diaspora The book provides an analytical framework and intellectual critique of white Christian theologians who deliberately disengage with and exclude black and Africana theologians in their theological writings and conversations From this vantage point Africana critical theology is said to be a theology of contestation as it seeks to deconstruct white supremacy in the theological enterprise This book not only articulates a rhetoric of protest about the misrepresentation and underrepresentation of the humanity of African and black people in white theological imagination it also enunciates a positive image of black humanity and congruently promulgates a constructive representation of blackness The paramount goal of Africana theological anthropology and ethics is the preservation of life and promotion of human dignity and the sheer acknowledgement that the African people and people of African descent are bearers of the image of God **Encyclopedia of African American Religions** Larry G.
