Weldy,2011-01-18 As the first part of the title indicates my interest in looking at intertextuality and transformation still maintains a prominent place throughout this book as well If we believe that no text is an island then we will understand that the relationships between and within texts across the years become a fascinating place for academic inquiry I included the word boundaries into the title because we never get tired of voicing our opinions about texts which traverse relegated boundaries such as genre or medium Not only am I interested in discussing what these changes across boundaries mean socially historically and culturally but also what they mean geographically which accounts for the second part of my title I am

very excited that this book will be placing even more emphasis on children's literature in an international scene than my first book did in the sense that I have added more scholars on an international level I hesitate to list the nationalities of all of the contributors here because quite a few have themselves crossed international boundaries in different ways by either studying abroad or finding permanent residency in foreign countries Nevertheless the writers have lived extensively in or identify as being from Australia Canada England Finland Germany Greece Iceland Ireland Israel Norway Spain Sweden Turkey the United States of America and Wales Introduction Best Friends for Never Lisi Harrison, 2008-08-01 In the second book starring Westchester County's most privileged middle schoolers the Clique declares Massie a hero for hosting the first boy girl Halloween party of 8th grade Massie's already hired Landon Dorsey the hottest party planner in the 914 area code but her parents insist she has to invite the entire class Unfortunately that means everyone Layne is bummed that the boys will be there she IMs Claire that's so DESPR8 as Claire wonders if maybe a boyfriend will make her happy Meanwhile Massie and the Clique are fighting over who gets to invite Derek Herrington Dylan thought it was obvious that she was the one who danced all night with Derek at the OCD benefit last month but says Whatever when Kristen gets all weird about it Fine she can have him He was a terrible dancer anyway and there will be tons of guys to choose from at the party **Teen Chick Lit** Christine Meloni, 2010 A guide to teen chick lit for school and public librarians Categorizes and describes more than 500 titles in 6 subgenres Includes age recommendations book awards media connections keywords and an annotation
