Eve's Herbs John M. Riddle,1999-04-15 In Contraception and Abortion from the Ancient World to the Renaissance Riddle showed that women from ancient Egyptian times to the fifteenth century had relied on an extensive pharmacopoeia of herbal abortifacients and contraceptives to regulate fertility Here he explores why knowledge of these methods was lost in modern times

Neanderthals and the Garden of Eden , Conspiracy, Revolution, and Terrorism from Victorian Fiction to the Modern Novel Adrian S. Wisnicki,2008 Drawing on critical and theoretical work by Miller Boone Foucault Jameson and others as well as cultural history affect theory and contemporary psychiatric literature the author defines and explores what he calls the Victorian conspiracy narrative tradition a tradition which embraces classic Victorian works like Bleak House Great Expectations Vilette and The Moonstone as well as later Victorian and Edwardian novels by James Conrad and Chesterton and early spy thrillers such as The Riddle of the Sands and The Thirty Nine Steps In reading these works as instances of a single literary tradition the conspiracy narrative tradition the author traces how the representation of conspiracy changes in nineteenth century British literature and argues that many of these changes occur in response to significant Victorian era developments such as the European revolutions of 1848 49 the rise of British law enforcement agencies the growth of Irish Fenian terrorism and the fin de si cle waning of the British Empire The book also explores the roles that conspiratorial indeterminacy and irony play in shaping the Victorian conspiracy narrative tradition and examines how modern works by Proust Kafka and Pynchon appropriate elements from Victorian conspiracy narratives Finally in using recent work on affect theory as well as studies of paranoia by Freud Shapiro and Meissner the book traces how Victorian works fashion the paranoid subject a discursive process that ultimately leads to the emergence of the modern fictional conspiracy theorist

Eve's Enlightenment Catherine M. Jaffe,Elizabeth Franklin Lewis,2009-04-01 Eve s portrayal in the Bible as a sinner and a temptress seemed to represent and justify women s inferior position in society for much of history During the Enlightenment women challenged these traditional gender roles by joining the public sphere

as writers intellectuals philanthropists artists and patrons of the arts Some sought to reclaim Eve by recasting her as a positive symbol of women's abilities and intellectual curiosity In *Eve's Enlightenment* leading scholars in the fields of history art history literature and psychology discuss how Enlightenment philosophies compared to women's actual experiences in Spain and Spanish America during the period Relying on newspaper accounts poetry polemic paintings and saints' lives this diverse group of contributors discuss how evolving legal social and medical norms affected Hispanic women and how art and literature portrayed them Contributors such as historians Mónica Bolufer Peruga and María Victoria López Cordón Cortezo art historian Janis A Tomlinson and literary critic Rebecca Haidt also examine the contributions these women's experiences make to a transatlantic understanding of the Enlightenment A common theme unites many of the essays while Enlightenment reformers demanded rational equality for men and women society increasingly emphasized sentiment and passion as defining characteristics of the female sex leading to deepening contradictions Despite clear gaps between Enlightenment ideals and women's experiences however the contributors agree that the women of Spain and Spanish America not only took part in the social and cultural transformations of the time but also exerted their own power and influence to help guide the Spanish speaking world toward modernity The first interdisciplinary collection published in English *Eve's Enlightenment* offers a wealth of information for scholars of eighteenth century Spanish history literature art history and women's studies An introduction by editors Catherine M Jaffe and Elizabeth Franklin Lewis provides helpful historical and contextual information

In Eve's Attire Delphine Horvilleur, 2022-03-03 Does modernity trample on tradition or can it in fact be a vehicle for the sacred How can one determine whether an interpretation is legitimate anachronistic or corrupted Does sexual obsession have a textual origin and is it woman's destiny to be veiled In *Eve's Attire* confronts these questions and more to suggest another interpretation of religious traditions surrounding the female body and the erotic As current fundamentalist religious discourse expresses a growing fixation on modesty women are increasingly reduced to those parts of their bodies that arouse desire effectively genitalised until the totality of their bodies becomes taboo In resistance to such interpretations of religious text which see even a woman's voice as an erotic organ to be silenced Rabbi Delphine Horvilleur looks not only at religious texts themselves but also at their interpreters as she unpicks readings that make the woman a temptress and modesty the instrument of her oppression She shows us how nakedness as expressed by Adam Eve or Noah refers to a

culture of desire and not a wish to suppress it and explores how the veil was originally intended not to reject but to approach the other Through her analysis of the meaning of modesty and nudity in Judaism Delphine Horvilleur explores the societal and religious obsession with the female body and its representation and asks questions about how we can engage more critically with interpretations of sacred texts Translated from the French by Ruth Diver **What is to be done?** V.I.

Lenin,1935 The pamphlet outlined a broad plan of organisation in which everyone would find a place for himself become a cog in the revolutionary machine a cog which no matter how small was vital to the working of the machine The pamphlet urged the necessity of intensive and tireless efforts to build the foundation that had to be built if the Party was to exist in deeds and not in words Nadezhda Krupskaya Reminiscences of Lenin First published in early 1902 What Is to Be Done remains a classic of Marxism on the building of the revolutionary party which sets out the party's role as the organiser and director of the revolution The pamphlet was written as part of a conflict with the opportunism of the Economists who emphasised bread and butter issues rather than theory Lenin uses the book to explain the necessity of creating a centralised group of professional and dedicated revolutionary cadres before the times of explosion and outbursts The history of the past 100 years has proven Lenin right time and again the masses have been ready to struggle but let down by their leadership Today many working class people are beginning to reject the status quo and are looking to socialist ideas as an alternative It is the duty of Marxists to build an organisation capable of offering a way forward and What is to Be Done represents an excellent guide as to how to do this With a new introduction by Rob Sewell *Book Review Digest*,1922 **Modern**
