Rudolf Serkin A Life:

Rudolf Serkin Stephen Lehmann, Marion Faber, 2003-01-16 This book is the first biography of 20th century pianist Rudolf Serkin providing a narrative of Serkin's life with emphasis on his European roots and the impact of his move to America. Based on his personal papers and correspondence as well as extensive interviews with friends, family, and colleagues, the authors focus on three key aspects of Serkin's work, particularly as it unfolded in America: his art and career as a pianist, his activities as a pedagogue including his long association with the Curtis Institute in Philadelphia, and his key role in institutionalizing a redefinition of musical values in America through his work as artistic director of the Marlboro Music School and Festival in Vermont. A candid and colorful blend of narrative and interviews, it offers a probing look into the life and character of this very private man and powerful musical personality.

American Jews with Czechoslovak Roots Miloslav Rechcigl Jr., 2018-06-19 This is a pioneering comprehensive bibliography of existing publications relating to American Jews with ancestry in the former Czechoslovakia and its successor states, the Czech and the Slovak Republics, which has never before been attempted. Since only a few studies have been written on the subject, the present work has been extended to include biobibliography in which area a plethora of papers and monographs exist. Consequently, this compendium can also be viewed as a comprehensive listing of biographical sources relating to American Jews with the Czechoslovak roots. As the reader will find out, they have been involved practically in every field of human endeavor in numbers that surprise. As for the definition of Jews, the present work encompasses not only the individuals that have professed in Judaism but also the descendants of the former Jews who originally lived on the territory of the former Czechoslovakia regardless of the generation or where they were born.

Notable Americans of Czechoslovak Ancestry in Arts and Letters and in Education Miloslav Rechcigl Jr., 2021-11-02 As pointed out in my last two publications, no comprehensive study has been undertaken about the American Learned Men and Women with Czechoslovak roots. The aim of this work is to correct this glaring deficiency with the focus on immigration from the period of mass migration and beyond, irrespective of whether they were born in their European ancestral homes or whether they have descended from them. Whereas in the two mentioned monographs the emphasis has been on scholars and social and natural scientists and men and women in medicine, applied sciences, and engineering respectively, the present compendium deals with notable Americans of Czechoslovak ancestry in arts and letters and in education. With respect to women, although most professional fields were closed to them through much of the nineteenth century, the area of arts and letters was opened to them as noted earlier, and as this compendium authenticates.

The Pianist's Bookshelf, Second Edition Maurice Hinson, Wesley Roberts, 2023-11-07 Originally

published in 1997 *The Pianist's Bookshelf* was according to the *Library Journal* a unique and valuable tool. Now rewritten for a modern audience, this second edition expands into the 21st century. A completely revised update, *The Pianist's Bookshelf Second Edition* comes to the rescue of pianists overwhelmed by the abundance of books, videos, and other works about the piano. In this clear, easy-to-use reference book, Maurice Hinson and Wesley Roberts survey hundreds of sources and provide concise, practical annotations for each item, thus saving the reader hours of precious research time. In addition to the main listings of entries such as Chamber Music and Piano Duet, the book has indexes of authors, composers, and performers. A handy reference from the masters of piano bibliography, *The Pianist's Bookshelf Second Edition* will be an invaluable resource to students, teachers, and musicians.

The Tyranny of Tradition in Piano Teaching Walter Ponce, 2019-10-07. The strict traditions of piano teaching have remained entrenched for generations. The dominant influence of Muzio Clementi (1752-1832), the first composer-pedagogue of the instrument, brought about an explosion of autocratic instruction and bizarre teaching systems exemplified in the mind-numbing drills of Hanon's *The Virtuoso Pianist*. These practices, considered absurd or abusive by many, persist today at all levels of piano education. This book critically examines two centuries of teaching methods and encourages instructors to do away with traditions that disconnect mental and creative skills. **Rudolf Serkin (piano)**.

Martinů's Mysterious Accident Michael Brim Beckerman, 2007. Bohuslav Martinů (1890-1959) was one of the most prolific composers in the 20th century. Despite the fact that he lived for several years in the United States and had many of his works premiered in this country, he still stands as an enigma. This collection of essays by an international group of experts is dedicated to the memory of Michael Henderson, who died in 1994 at the age of 47. Henderson was in the process of writing a biography of the composer. These essays include a range of new approaches to Martinů. Judy Mabary gives a concise history of Martinů's collaboration with choreographer Eric Hawkins. The Strangler Ales Brezina looks penetratingly at the often-tortured relationship between Martinů and the Czechoslovak government, and Michael Beckerman explores questions of construction in Martinů's Piano Concerto No. 2. Shorter pieces by Czech scholars Isa Popelka and Jaroslav Mihule are also included. In addition, there will be an essay by Michael Henderson on Martinů's Mysterious Accident, which will shed light on one of the most harrowing events in the composer's life.

Beyond the Sea of Beer Miloslav Rechcigl Jr., 2017-11-09. This is a comprehensive history of immigrants from the historic lands of the Bohemian Crown and its successor states, including Czechoslovakia and the Czech Republic, based on the painstaking lifetime research of the author. The reader will find lots of new information in this book that is not available elsewhere. The title of the book comes from a popular song of the famous Czech artistic duo Voskovec and Werich, who described America in those words when they lived here, reflecting on their love for this country. It covers the period starting soon after the discovery of the New World to date. The emphasis is on the US, although Canada and Latin America are also covered. It covers the arrival and the settlement of the immigrants in various states and regions of America, their harsh beginnings, the establishment of their communities, and their organization. A
