The Tsarist Secret Police and Russian Society, 1880-1917 Fredric S. Zuckerman, 1996-05 Karakozov in 1866 Russian political life became trapped within a vicious circle of political reaction growing disillusionment with the government and intensifying political dissent that increasingly manifested itself in acts of terrorism against Tsarist officials

Problems of Communism, 1992 Science, Women and Revolution in Russia Ann Hibner Koblitz, 2014-01-02 While the women's movement might seem like a relatively new concept Russian women of the 1860s deserve to be acknowledged as individuals who changed the direction of science and opened the doors of higher education to women throughout Europe The 1860s and 1870s witnessed a rise in women's consciousness and the beginnings of the Russian revolutionary movement that saw women pursue and receive doctorates in many areas of science These same women went on to become some of the brightest in their fields This book provides a look at Russian women scientists of the 1860s their

personal independence and technical and literary achievements that made science the popular social movement of the time and changed the face of the Russian intellectual culture The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **Russia in the Nineteenth Century** A. I. U. Polunov, Thomas C. Owen, L. G. Zakharova, 2015-02-12 This is a comprehensive interpretive history of Russia from the defeat of Napoleon to the eve of World War I It is the first such work by a post Soviet Russian scholar to appear in English Drawing on the latest Russian and Western historical scholarship Alexander Polunov examines the decay of the two central institutions of tsarist Russia serfdom and autocracy Polunov explains how the major social groups the gentry merchants petty townspeople peasants and ethnic minorities reacted to the Great Reforms and why despite the emergence of a civil society and capitalist institutions a reformist evolutionary path did not become an alternative to the Revolution of 1917 He provides detailed portraits of many tsarist bureaucrats and political reformers complete with quotations from their writings to explain how the principle of autocracy although significantly weakened by the Great Reforms in mid century reasserted itself under the last two emperors Polunov stresses the relevance for Russians in the post Soviet period of issues that remained unresolved in the pre Revolutionary period such as the question of private property in land and the relationship between state regulation and private initiative in the economy A Catalogue of the Law Collection at New York University Julius J.
