Russia In Revolution 1900 1930:

Russia in Revolution, 1900-1930 Harrison Evans Salisbury, 1978 A narrative and pictorial portrait of the political and artistic upheaval that changed the course of Russian history and culture during the first three decades of the century

Why Lenin? Why Stalin? Theodore Hermann Von Laue, 1971 Why Lenin? Why Stalin? A Reappraisal of the Russian Revolution, 1900-1930 [by] Theodore H. Von Laue Theodore Hermann Von Laue, 1971 **Why Lenin? Why Stalin?** Vere Claiborne Chappell, 1964 **Russia in the Age of Modernisation and Revolution 1881 - 1917** H. Rogger, 2014-07-30 Hans Rogger's study of Russia under the last two Tsars takes as its starting point what the Russians themselves saw as the central issue confronting their nation the relationship between state and society and its effects on politics economics and class in these critical years **Why Lenin?** Theodore H. von Laue, 1966 Why Lenin? Theodore H. VonLaue, 1971 *The Russian Revolution and Civil War 1917-1921* Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state *Revolution in Russia* Edith Rogovin Frankel, Jonathan Frankel, Baruch Knei-Paz, 1992-01-30 The Russian Revolution of 1917 continues to be a subject of most intense controversy Eighteen leading specialists from different generations countries and schools of thought accordingly re examine the key issues and events of that crucial year The Russian Revolution, 1917 Rex A. Wade, 2017-01-16 Rex A Wade presents an essential overview of the Russian Revolution from its beginning in February 1917 through the numerous political crises under Kerensky to the victory of Lenin and the Bolsheviks in the October Revolution This thoroughly revised and expanded third edition introduces students to new approaches to the Revolution's political history and clears away many of the myths and misconceptions that have clouded studies of the period It also gives due space to the social history of the Revolution incorporating people and places too often left out of the story including women national minority peoples peasantry and front soldiers The third edition has been updated to include new scholarship on topics such as the coming of the Revolution and the beginning of Bolshevik rule as well as the Revolution's cultural context This highly readable book is an invaluable guide to one of the most important events of modern history *Why Lenin?*, 1964 *Why Lenin?* Theodore H. von Laue, 1966 *Revolutionary Russia, 1917* John M. Thompson, 1996-10-31 The Russian Revolution of 1917 profoundly affected the recent history of the world Its impact has been felt in every corner of the globe People ideas

and events have all been touched by it This thought provoking book not only offers a short clear narrative of what happened in 1917 but also analyzes and discusses the whys of the revolution Within bounds of reasonable speculation the author raises interpretive questions about the events of 1917 in an effort to stimulate the interest and thinking of students Russia in the Era of NEP Sheila Fitzpatrick,Alexander Rabinowitch,Richard Stites,1991-09-22 a comprehensive look at an enigmatic era Choice This provocative collection of essays certainly takes some of the polish off Soviet socialism s golden age Journal of Interdisciplinary History The authors and editors of this splendid volume deserve great praise Their work moves the field of Soviet history several large steps forward Slavic Review Lenin s New Economic Policy of the 1920s although a relatively free and open potential alternative to Soviet communism was also a time of extreme tension as Russian society and culture were rocked by the forces of resistance and change These essays examine the social and cultural dimensions of NEP in urban and rural Russia in the years before Stalin and rapid industrialization *The Origins of the Stalinist Political System* Graeme Gill,Graeme J. Gill,2002-07-18 New and challenging perspectives on Soviet political development from 1917 to 1941

Adventures in Russian Historical Research Samuel H. Baron,Cathy Frierson,2015-04-08 American historians of Russia have always been an intrepid lot Their research trips were spent not in Cambridge or Paris Rome or Berlin but in Soviet dormitories with official monitors They were seeking access to a historical record that was purposefully shrouded in secrecy boxed up and locked away in closed archives Their efforts indeed their curiosity itself sometimes raised suspicion at home as well as in a Soviet Union that did not want to be known even while it felt misunderstood This lively volume brings together the reflections of twenty leading specialists on Russian history representing four generations They relate their experiences as historians and researchers in Russia from the first academic exchanges in the 1950s through the Cold War years detente glasnost and the first post Soviet decade Their often moving acutely observed stories of Russian academic life record dramatic change both in the historical profession and in the society that they have devoted their careers to understanding

Commissar and Mullah Glenn Roberts,2007-05 During the revolutionary period the Soviets came into political and cultural conflict with Russia s Muslims Despite indications that the majority of Muslims desired political unification based on their Islamic heritage the Party divided them into separate nationalities along narrow ethnic lines incorporated most into the RSFSR and attempted to uproot traditional Islamic institutions and customs under the aegis of class war Resistance took the form of pan Muslim nationalism a reformist political conception with roots in the Near East This conflict not only aborted the export of revolution to the Islamic world contributing to the passing of the revolutionary era in Russia but aided Stalin s rise to power Soviet policy succeeded politically defining the terms of interaction between Russians and Soviet Muslims for the next 70 years but failed culturally in 1921 22 when the Party was forced to suspend its war on Islam as the price of political control
