*Russia in the Shadows* Herbert George Wells, 1921 [Russia in the Shadows](#) H Wells, 2017-09-26 *Russia in the Shadows* is a book by H G Wells published early in 1921 which includes a series of articles previously printed in *The Sunday Express* in connection with Wells's second visit to Russia after a previous trip in January 1914 to St Petersburg and Moscow in September and October 1920. Wells was at the height of his fame having recently completed *The Outline of History* and was paid 1000 for the articles by the *Sunday Express*. During his visit to Russia he visited his old friend Maxim Gorky whom he had first met in 1906 on a trip to the United States and who arranged Wells's meeting with Lenin. Wells portrayed Russia as recovering from a total social collapse, the completest that has ever happened to any modern social organisation. He minimized the role of the Bolsheviks in the fall of the Russian state and presented this explanation of their success. While all the rest of Russia was either apathetic like the peasantry or garrulously at sixes and sevens or given over to violence or fear, the Communists were prepared to act. In a chapter devoted to an interview with Lenin at the Kremlin, Wells describes the leader and founder of Russian communism. Wells portrays Lenin as a pragmatic leader who has recently stripped off the last pretence that the Russian revolution is anything more than the inauguration of an age of limitless experiment. While Wells in *Russia in the Shadows* always rejects Marxism on principle, *Das Kapital* impresses him as a monument of pretentious pedantry; he argues that we should understand and respect the professions and principles of the Bolsheviks in order to make a helpful intervention in Russia lest its social collapse drag down Western civilization with it.

**Russia in the Shadows** H. G. Wells, 2022-11-13 In *Russia in the Shadows* H G Wells embarks on a compelling exploration of early 20th century Russia, delving into the political, social and cultural upheavals that defined the nation's tumultuous landscape. Written in a journalistic style, the book reflects Wells's characteristic blend of keen observation and speculative insight, framed against the backdrop of Bolshevism's rise. His narrative weaves together vivid accounts and sharp analysis, illustrating the contradictions permeating Russian society as it stood at the precipice of revolution, making it a significant contribution to the literature of political analysis and historical commentary during a pivotal era. H G Wells, renowned for his science fiction masterpieces, also possessed a profound interest in social reform and political thought. His experiences with progressive movements and disillusionment with industrialism deeply influenced his worldview, while his

interactions with Russian intellectuals and exposure to Marxist principles propelled him towards this critical examination of Russia Wells's broad perspective and commitment to understanding societal transformations empower his narrative positioning him as both an observer and a participant in the unfolding drama of the time Russia in the Shadows is essential reading for anyone interested in understanding the complexities of revolution ideology and human resilience It invites readers to grasp the nuances of a society on the brink fostering an awareness that resonates in today's sociopolitical climate Scholars students and general readers alike will find this work both enlightening and engaging as it sheds light on a pivotal moment in history and humanity's perennial struggle for change

Russia in the Shadows H G Wells, 2021-03-29 In January 1914 I visited Petersburg and Moscow for a couple of weeks in September 1920 I was asked to repeat this visit by Mr Kameney of the Russian Trade Delegation in London I snatched at this suggestion and went to Russia at the end of September with my son who speaks a little Russian We spent a fortnight and a day in Russia passing most of our time in Petersburg where we went about freely by ourselves and were shown nearly everything we asked to see We visited

Moscow and I had a long conversation with Mr Lenin which I shall relate In Petersburg I did not stay at the Hotel International to which foreign visitors are usually sent but with my old friend Maxim Gorky The guide and interpreter assigned to assist us was a lady I had met in Russia in 1914 the niece of a former Russian Ambassador to London She was educated at Newnham she has been imprisoned five times by the Bolshevik Government she is not allowed to leave Petersburg because of an attempt to cross the frontier to her children in Esthonia and she was therefore the last person likely to lend herself to any attempt to hoodwink me I mention this because on every hand at home and in Russia I had been told that the most elaborate camouflage of realities would go on and that I should be kept in blinkers throughout my visit As a matter of fact the harsh and terrible realities of the situation in Russia cannot be camouflaged In the case of special delegations perhaps a certain distracting tumult of receptions bands and speeches may be possible and may be attempted But it is hardly possible to dress up two large cities for the benefit of two stray visitors wandering observantly often in different directions Naturally when one demands to see a school or a prison one is not shown the worst Any country would in the circumstances show the best it had and Soviet Russia is no exception One can allow for that     *Russia in the Shadows* H.
