Monographic Series Library of Congress, **Library of Congress Catalogs** Library of Congress, 1980 **Russian Notions of Power and State in a European Perspective, 1462-1725** Endre Sashalmi, 2022-10-25 Winner of the 2023 Marc Raeff Book Prize A 2023 REFORC Book Award Longlist Title This book highlights the main features and trends of Russian political thought in an era when sovereignty state and politics as understood in Western Christendom were non-existent in Russia or were only beginning to be articulated It concentrates on enigmatic authors and sources that shaped official perception of rulership or marked certain changes of importance of this perception Special emphasis is given to those written and visual sources that point towards depersonalization and secularization of rulership in Russia A comparison with Western Christendom frames the argument throughout the book both in terms of ideas and the practical aspects of state building allowing the reader to ponder Russia's differentia specifica **The Cumulative Book Index**, 1990 A world list of books in the English language **The Pelican**, 1918 **From the Holy Roman Empire to the Land of the Tsars** Alexander M. Martin, 2022 Presenting a broad panorama of society and culture in the German lands and Russia from the Enlightenment to the breakthrough of modernity this microhistory of one extraordinary family explores how the lives of individual people are entangled with the great forces of their age **The Pelican History of Music** Alec Robertson, 1960 **Russia** Robert G. Kaiser, 1977 **The Golden Talking-Shop** Edward Pearce, 2016-10-19 In the late 1890s Britain was basking in the high noon of empire albeit with the sobering experience of the Boer War just around the corner By 1956 the year of the Suez debacle and less than a lifetime later the age of empire was drawing rapidly to a close and Britain's position as an independent great power was over In between the country had experienced two devastating world wars India the jewel in her imperial crown had gained independence And there had been far-reaching changes on the domestic front the birth of the welfare state full men's and eventually women's suffrage and the foundation of the National Health Service to name but a few Throughout this momentous period the Oxford Union the world's most famous debating society continued to meet to debate and discuss the changing world around them Sometimes their debates had important repercussions in the wider world such as the notorious King and Country debate of 1933 which made headlines around the globe and which Winston Churchill described as that abject squalid shameless avowal More often than not the debates had merely a local impact even if among the debaters were many of the leaders thinkers and opinion formers of the future figures such as Harold Macmillan Archbishop Temple Edward Heath and Tony Benn In *The Golden Talking Shop* former Parliamentary sketch writer and Union member Edward Pearce tells the story of Britain and the world in the first half of the twentieth century as seen from the perspective of these Union debates sometimes shocking sometimes wittily amusing and often both The students do most of the talking along the way revealing the changing preoccupations prejudices and assumptions of their changing times A distinct pre-First World War fashion for Social Darwinism is in due course replaced by a widespread 1930s penchant for

Stalinism with civilized opinion reliably breaking in on occasion too Above all browsing these debates taken straight from another age gives the reader a vivid sometimes piquant sense of a Britain which is now passing from living memory and serves as a powerful reminder of the ways in which the past and its attitudes really are a foreign country **Events** ,1977

Costa,2017-03-17 Transform Your Life by Changing What You Tell Yourself It s That Easy

Take charge of your own happiness with this nurturing empowering compilation of positive affirmations and stories Choosing Your Words and Crafting Your Life will encourage you to first examine your own self talk Are the conversations you have with yourself the phrases you use to describe yourself empowering Constructive Or are they negative and demeaning This book will help you make conscious choices about how you speak to yourself By creating powerful positive affirmations you can decide how you want to live what you want to change what you want to improve and what you want to fully appreciate in your life Choosing Your Words and Crafting Your Life provides the tools you need to write your own life story along with examples of affirming statements designed to help you live a life filled with all the joy and blessings you deserve The Return of Great Power Rivalry Matthew Kroenig,2020 This book seeks to answer to a central international politics why do great powers rise and fall It provides an innovative argument about how domestic political institutions are the key to a state s ability to amass power and influence in the international system This text also offers a sweeping historical analysis of democratic and autocratic competitors from ancient Greece through the Cold War This book employs a unique framework to understand and analyze the state of today s competition between the democratic United States and its autocratic competitors Russia and China *The Spectator* ,1899 **The Returns to Power** Thomas F. Remington,2023 An unconventional perspective on contemporary economic inequality in America and its dangers for democracy using comparisons with Russia China and Germany Since the economic liberalization wave that began in the late 1970s inequality around the world has skyrocketed In The Returns to Power Thomas F Remington examines the rise of extreme economic inequality in the United States since the late 1970s by drawing comparisons to the effects of market reforms in transition countries such as Russia China and Germany Employing an unconventional comparative framework he brings together the latest scholarship in economics and political science and draws on Russian Chinese and German language sources As he shows the US embraced deregulation and market based solutions around the same time that China and Russia implemented major privatization and liberalization reforms The long term result was increasing inequality in all three nations To illustrate why Remington contrasts the effects of these policies with the postwar economic recovery program in Germany which succeeded in protecting market competition within the framework of a social market economy that provides widely shared prosperity high growth and robust democracy The book concludes with an analysis of the political dangers posed by high inequality and calls for a new public philosophy of liberal capitalism and liberal democracy that would restore political equality and inclusive growth by strengthening political and market competition expanding the provision of public goods and broadening social insurance protection An ambitious account of why political and economic inequality has increased so much in recent times The Returns to Power s emphasis on policy variation across democracies also reminds us that it did not have to turn out this way
