ethnic identities has long posed a problem for the Russian state This major survey of Russia as a multi ethnic empire spans the imperial years from the sixteenth century to 1917 with major consideration of the Soviet phase It asks how Russians incorporated new territories how they were resisted what the character of a multi ethnic empire was and how finally these issues related to nationalism *Commissar and Mullah* Glenn Roberts,2007-05 During the revolutionary period the Soviets came into political and cultural conflict with Russia s Muslims Despite indications that the majority of Muslims desired political unification based on their Islamic heritage the Party divided them into separate nationalities along narrow ethnic lines incorporated most into the RSFSR and attempted to uproot traditional Islamic institutions and customs under the aegis of class war Resistance took the form of pan Muslim nationalism a reformist political conception with roots in the Near East This conflict not only aborted the export of revolution to the Islamic world contributing to the passing of the revolutionary era in Russia but aided Stalin s rise to power Soviet policy succeeded politically defining the terms of interaction between Russians and Soviet Muslims for the next 70 years but failed culturally in 1921-22 when the Party was forced to suspend its war on Islam as the price of political control **Historical Dictionary of Azerbaijan** Zaur Gasimov,2017-12-20 This new edition of Historical Dictionary of Azerbaijan contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture The "Russian" Civil Wars, 1916-1926 Jonathan Smele,2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book s focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author s concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow *The Oil Road* James Marriott,Mika Minio-Paluello,2013-09-10 From Caspian drilling rigs and Caucasus mountain villages to Mediterranean fishing communities and European capitals this is a journey through the heart of our oil obsessed society Blending travel writing and investigative journalism it charts a history of violent confrontation between geopolitics profit and humanity From the revolutionary futurism of 1920s Baku to the unblinking capitalism of modern London this book reveals the relentless drive to control fossil fuels Harrowing powerful and insightful The Oil Road maps the true cost of oil **The Oil**

**Road: Travels from the Caspian to the City** James Marriott, Mika Minio-Paluello, 2012-09-04 A journey along a controversial Central Asian pipeline becomes a profound exploration of the oil economy In a unique journey from the oil fields of the Caspian Sea to the refineries and financial centres of Northern Europe James Marriott and Mika Minio Paluello track the concealed routes along which flows the lifeblood of our economy The stupendous resource of Azerbaijani crude has long inspired dreams of a world remade From the revolutionary Futurism of the capital city Baku in the 1920s to the unblinking Capitalism of modern London the drive to control the region's oil reserves and hence people and events has shattered environments and shaped societies In *The Oil Road* the human scale of village life in the Caucasus Mountains and the plains of Anatolia is suddenly and sometimes fatally confronted by the almost ungraspable scale of the oil corporation BP Pipelines and tanker routes tie the fraying social democracies of Italy Austria and Germany to the repressive regimes of Azerbaijan Georgia and Turkey A web of financial and political institutions in London stitches together the lives of metropolis and village Building on a decade of study with Platform Marriott and Minio Paluello guide us through a previously obscured landscape of energy production and consumption resistance and profit that has marked Europe for over a century They blend the empathy of committed travel writing with the precision of investigative journalism in a timely book of compelling urgency The human race travels the Oil Road and this book helps us to realize where we are heading and why it is time to change direction

**Russia's Own Orient** Vera Tolz, 2011-02-10 Russia's own Orient examines how intellectuals in early twentieth century Russia offered a new and radical critique of the ways in which Oriental cultures were understood at the time Out of the ferment of revolution and war a group of scholars in St Petersburg articulated fresh ideas about the relationship between power and knowledge and about Europe and Asia as mere political and cultural constructs Their ideas anticipated the work of Edward Said and post colonial scholarship by half a century The similarities between the two groups were in fact genealogical Said was indebted via Arab intellectuals of the 1960s who studied in the Soviet Union to the revisionist ideas of Russian Orientologists of the fin de siècle But why did this body of Russian scholarship of the early twentieth century turn out to be so innovative Should we agree with a popular claim of the Russian elites about their country's particular affinity with the Orient There is no single answer to this question The early twentieth century was a period when all over Europe a fascination with things Oriental engendered the questioning of many nineteenth century assumptions and prejudices In that sense the revisionism of Russian Orientologists was part of a pan European trend And yet Tolz also argues that a set of political social and cultural factors which were specific to Russia allowed its imperial scholars to engage in an unusual dialogue with representatives of the empire's non European minorities It is together that they were able to articulate a powerful long lasting critique of modern imperialism and colonialism and to shape ethnic politics in Russia across the divide of the 1917 revolutions

Reformers and Revolutionaries in Modern Iran Dr Stephanie Cronin, 2013-04-15 Even though the left has never held power in Iran its impact on the political intellectual and cultural development of modern Iran has been

profound This book's authors undertake a fundamental re-examination and re-appraisal of the phenomenon of leftist activism in Iran interpreted in the broadest sense throughout the period of its existence up to and including the present

*Ethnic Nationalism and the Fall of Empires* Aviel Roshwald, 2002-01-04 *Ethnic Nationalism and the Fall of Empires* is a wide-ranging comparative study of the origins of today's ethnic politics in East Central Europe the former Russian empire and the Middle East Centred on the First World War Era *Ethnic Nationalism* highlights the roles of historical contingency and the ordeal of total war in shaping the states and institutions that supplanted the great multinational empires after 1918 It explores how the fixing of new political boundaries and the complex interplay of nationalist elites and popular forces set in motion bitter ethnic conflicts and political disputes many of which are still with us today Topics discussed include the disintegration of the Austro-Hungarian empire the ethnic dimension of the Russian Revolution and Soviet state building Nationality issues in the late Ottoman empire the origins of Arab nationalism ethnic politics in zones of military occupation the construction of Czechoslovak and Yugoslav identities *Ethnic Nationalism* is an invaluable survey of the origins of twentieth-century ethnic politics It is essential reading for those interested in the politics of ethnicity and nationalism in modern European and Middle Eastern history

*Russia in Revolution* S. A. Smith, 2017-01-19 The Russian Revolution of 1917 transformed the face of the Russian empire politically economically socially and culturally and also profoundly affected the course of world history for the rest of the twentieth century Historian S. A. Smith presents a panoramic account of the history of the Russian empire from the last years of the nineteenth century through the First World War and the revolutions of 1917 and the establishment of the Bolshevik regime to the end of the 1920s when Stalin simultaneously unleashed violent collectivization of agriculture and crash industrialization upon Russian society Drawing on recent archivally based scholarship *Russia in Revolution* pays particular attention to the varying impact of the Revolution on the various groups that made up society peasants workers non-Russian nationalities the army women and the family young people and the Church In doing so it provides a fresh way into the big perennial questions about the Revolution and its consequences why did the attempt by the tsarist government to implement political reform after the 1905 Revolution fail why did the First World War bring about the collapse of the tsarist system why did the attempt to create a democratic system after the February Revolution of 1917 not get off the ground why did the Bolsheviks succeed in seizing and holding on to power why did they come out victorious from a punishing civil war why did the New Economic Policy they introduced in 1921 fail and why did Stalin come out on top in the power struggle inside the Bolshevik party after Lenin's death in 1924 A final chapter then reflects on the larger significance of 1917 for the history of the twentieth century and for all its terrible flaws what the promise of the Revolution might mean for us today

*The Tsar's Armenians* Onur Önel, 2017-05-30 In 1903 Tsar Nicholas II issued a decree allowing the confiscation of Armenian Church property marking the low point in relations between imperial Russia and its Armenian subjects Yet just over a decade later Russian Armenians were fully supportive of the Russian war effort Drawing on previously untouched

archival material and a range of secondary sources published in English French Russian and Turkish this is the first English language study of this drastic change in relations in the Caucasus Onur Onol explains how and why the shift took place by looking in detail at the imperial Russian authorities and their relationship with the three pillars of the Russian Armenian community the Armenian Church the Armenian bourgeoisie and the Armenian Revolutionary Federation Dashnaktsutiun Onol places the evolution within a context of wider political questions such as the Russian revolutionary movement Russia's nationalities question Tsarist fears of pan Islamism the path to World War I and the influence of key characters in Russian policy making from Pyotr Stolypin to Illarion Vorontsov Dashkov This book fills a conspicuous void in the extant historiography and will be of interest to scholars working on Russian Armenian and Ottoman history
