Jay Siskin, 2025-03-22 This book highlights the lively exchanges that shaped foreign language pedagogy and educational policy during the first fifty years of the twentieth century It is critically important to revivify our past particularly in a field where innovation is conceptualized as

progress and where knowledge production is a criterion for success Modern language teaching began its ascendancy shortly before the turn of the twentieth century In the academy this impulse was marked by the founding of the Modern Language Association in 1883 Modern languages were increasingly recognized as possessing the mental and humanistic values that had formerly been the sole province of Greek and Latin The book provides an overview of the historical political and social concerns that preoccupied the nation from 1898 and provides a context for analyzing the developments in the teaching of foreign languages over the course of the following century Diary of an Invasion Andrey Kurkov,2023-04-04 One of the most important Ukrainian voices throughout the Russian invasion the author of *Death and the Penguin* and *Grey Bees* collects his searing dispatches from the heart of Kyiv This journal of the Russian invasion of Ukraine in 2022 a collection of Andrey Kurkov's writings and broadcasts from Kyiv is a remarkable record of a brilliant writer at the forefront of a twenty first century war Andrey Kurkov has been a consistent satirical commentator on his adopted country of Ukraine His most recent work *Grey Bees* in which only two villagers remain in a village bombed to smithereens is a dark foreshadowing of the devastation in the eastern part of Ukraine The author has lived in Kyiv and in the remote countryside of Ukraine throughout the Russian invasion He has also been able to fly to European capitals where he has worked to raise money for charities and addressed crowded halls Fielding requests to write for every English newspaper and to be interviewed all over Europe he has become an important voice for his people Kurkov sees every video and every posted message and he spends the sleepless nights of continuous bombardment of his city delivering the truth about this invasion to the world The Major Languages of Eastern Europe Bernard Comrie,2002-09-11 Based on Comrie's much praised *The World's Major Languages* this is the first comprehensive guide in paperback to describe in detail the language families of Eastern Europe and includes an introduction which surveys the field *Languages and Their Status* Timothy Shopen,1987-01-29 An introduction both to languages themselves and to their social role *Languages and Their Status* gives insight into the meaning value and function of language within culture and into the ways language behavior varies and changes It examines the part languages play in the evolution and structure of communities and in turn the ways languages are shaped by the social forces impinging on their speakers Each chapter discusses what it means to be a speaker of a particular language and puts that language in context among the languages of the world This volume is complemented by a second volume entitled *Languages and Their Speakers* also available from the University of Pennsylvania Press **The Fall of Language in the Age of English** Minae Mizumura,2015-01-06 Winner of the Kobayashi Hideo Award *The Fall of Language in the Age of English* lays bare the struggle to retain the brilliance of one's own language in this period of English language dominance Born in Tokyo but raised and educated in the United States Minae Mizumura acknowledges the value of a universal language in the pursuit of knowledge yet also embraces the different ways of understanding offered by multiple tongues She warns against losing this precious diversity Universal languages have always played a pivotal role in advancing human societies Mizumura shows but

in the globalized world of the Internet English is fast becoming the sole common language of humanity The process is unstoppable and striving for total language equality is delusional and yet particular kinds of knowledge can be gained only through writings in specific languages Mizumura calls these writings texts and their ultimate form literature Only through literature and more fundamentally through the diverse languages that give birth to a variety of literatures can we nurture and enrich humanity Incorporating her own experiences as a writer and a lover of language and embedding a parallel history of Japanese Mizumura offers an intimate look at the phenomena of individual and national expression *New Trends in Lexicography* Olga Karpova, Faina Kartashkova, 2010-02-19 The present book contains a collection of works developing new trends in theoretical and practical lexicography devoted to manifold description of lexis All papers are divided into two main sections Part I Systemic and Cross cultural Relations of Words in the Dictionary presents analysis of cultural issues and phraseology with special reference to English dictionaries for general and specific purposes The main focus is given to the principles of lexicographic presentation of non equivalent lexis idioms clichés nominations of non verbal behaviour and proper names of people in bilingual and monolingual dictionaries Part II entitled Specialized Dictionaries Traditions and Innovations deals with peculiarities of Author Lexicography Learners lexicography LSP dictionaries dictionaries of English verbs and varieties of the English language in its synchronic and diachronic aspects This book is based on plenary presentations of the VIIIth school on Lexicography Synchronic and Diachronic Lexicography A New Age of Theory and Practice Ivanovo State University September 10-12 2009 and continues the series of monographs devoted to theoretical and practical problems of modern and historical lexicography Essays on Lexicon Lexicography Terminography in Russian American and Other Cultures 2007 and Lexicography and Terminology A Worldwide Outlook 2009 published by Cambridge Scholars Publishing
