Russian Nonconformity Serge Bolshakoff, 1950 The present study of Russian Nonconformity aims to give to the English speaking reader an adequate and documented survey of Russian Nonconformity with its struggles for religious freedom and social justice in Russia The Nonconformists are those who refuse to conform to the State prescribed pattern of religion and they are by definition champions of religious freedom Provided by author *Russian nonconformity* Sergej Bol'sakov, 1950

**The Anglo-Russian**, 1904 Religious Schism in the Russian Aristocracy 1860-1900 Radstockism and Pashkovism E. Heier, 2012-12-06 My research in the intellectual and spiritual sphere of nineteenth century Russia revealed that ever since the penetration of the fashionable anti ecclesiastical views of the Encyclopedists into Russia the aristocrats had grown indifferent to religion The spiritual vacuum created as a result of such conditions could not last however for a prolonged period of time least of all during the decades following the 1860s when Russia's moral socio political and religious problems were most acute The subsequent quest for salvation and the general religious inquiry among Russia's elite as they were known in the West manifested itself chiefly in the writings of such profound religious and philosophical thinkers as V Solov'ev K Leont'ev N Fedorov Dos toevskij and Tolstoj They constitute however only a fraction of those tormented by the longing for religious truth and guidance in an age of transition and uncertainty There existed among Russia's aristocracy in the second half of the nineteenth century a widespread socio religious movement known as Radstockism or Pashkovism which aimed for a religious renovation and with it a transformation of Russia on an ethical and moral basis These aristocrats were men and women who in their youth were indifferent to all faith but who had never abandoned the search for a solution to their own and to Russia's problems The solution to these problems they believed to be based on moral and religious principles found in Evangelical Christianity

Oravec,2014-04-19 Nineteenth and twentieth century Russian religious intellectuals devoted a great deal of attention to the concept of agape or Divine Love arguing that the Christian church is a reflection of the triune self sacrificing

God and his love for all of creation On account of their deliberations these intellectuals played a key role in mediating between the Orthodox Church and modern society Their quest for dialogue between the mystery of the sacred and the ordinary of everyday life remains relevant for Western societies today In *God as Love* Johannes Oravec presents a comprehensive summation of twenty five prominent Russian religious thinkers and their thought on the concept of agape showing in detail how they broke new ground in their various affirmations of the truth that God is love No other book in any language treats this topic with such breadth and depth

**And God Created Lenin** Paul Gabel, 2010-10-04 This book examines in depth the conflict between Lenin's logic driven efforts to stamp out religion and the churches passionate attempts to save themselves from obliteration It looks at both sides objectively and admits that they both presented strong cases In this thoroughly researched yet accessible study historian Paul Gabel offers a new understanding of the only effort in world history to upset the universality of religion Besides the main conflict between the Russian Orthodox Church and the atheist state Gabel also considers the tensions that this campaign against religion caused within the Communist Party In addition he discusses the bitter hatred dividing the Orthodox factions that refused cooperation with the government from those that tried to adapt the church to communism Was the failure of Soviet communism to eradicate religion simply a matter of practical miscalculation or was this effort in light of the persistence of religion throughout history ultimately unrealistic and doomed from the start This is the key question that Gabel's fascinating insightful narrative attempts to answer

*The Development of Russian Evangelical Spirituality* Gregory L. Nichols, 2011-11-09 Today many evangelicals in the Russian speaking world emphasize sanctification as a distinctive mark of their Christian faith This is a unique characteristic particularly in the European context Their historic tapestry has been woven from a number of threads that originated in the second half of the nineteenth century Missionary efforts of the German Baptists a revival sparked by a British evangelist and a pietistic awakening among the Mennonites in the South converged to form a tapestry that displays Protestant Baptist and Anabaptist heritage Ivan Kargel uniquely participated in the formation and ministry of each of these threads His life spans from Tsarist Russia to the Soviet Union Kargel refused to adhere to a systematic view of theology Instead he urged believers to go to Scripture and draw from the riches of a life united with Christ Kargel's influence today is keenly felt across the Russian speaking evangelical world as they seek to identify the roots of their spiritual identity This book examines the influences on Ivan Kargel and offers insights into how his life and work are expressed in the tapestry of Russian evangelical spirituality

**On the Edge** Albert W. Wardin, 2013-10-28 How indigenous was the Evangelical Free Church movement in Tsarist Russia Was it simply a foreign import To what extent did it threaten the political stability of the nation and encroach upon the existing Russian and German churches *On the Edge* examines the efforts of the regimes to suppress the movement and how the movement not only survived but also expanded To what extent did the movement bring upon itself unnecessary opposition because of aggressiveness and tactics Albert Wardin describes the contributions the movement made to the

religious life of Russia and examines its numerical success

### **Traditional Worship in Russian-speaking Churches**

Leonid Mikhovich, 2025-02-28 There is an acute lack of a theology of worship in Baptist Russian speaking contexts with the ramifications of the Tsarist and later Soviet persecution limiting its development even to this day While there is now opportunity to do so developing a theology of worship in the local context is imperative Filling this gap Dr Leonid Mikhovich considers the historical religious and political contexts that have influenced Russian speaking worship Drawing examples from the Baptist movement in Belarus Dr Mikhovich analyzes its various influences and explores conflict arising between local and foreign traditions within the process of adopting some Western structures for the Eastern situation The results prompt reflection on the different expressions of worship and the underlying convictions present in respective cultural contexts while also offering counsel for dealing with tensions between liturgical practices and authoritative voices in the Baptist tradition As the first of its kind worship and church history scholars will find this comprehensive study into traditional Russian speaking worship invaluable for understanding its historical theological and cultural perspectives and essential for mapping its future

**The Icon and Axe** James Billington, 2010-09-22 A sweeping intricate description of Russian cultural history spanning the pre Romanov era through six centuries to the reign of Joseph Stalin Flowing with ease through time and topic from art to music literature philosophy mythology and more the book provides readers with an alluring portrayal of Russia's proud heritage Its impressive scope and lasting insights have made it a foundational text in Russian studies In fact it was this book more than any other that captured my imagination and propelled me toward the study of Russia and the Soviet Union Condoleezza Rice The New York Times A rich and readable introduction to the whole sweep of Russian cultural and intellectual history from Kievan times to the post Khrushchev era Library Journal Includes Illustrations references index

*The Peasant in Nineteenth-Century Russia* Wayne S. Vucinich, John Shelton Curtiss, 1968 Studies of foreign scholars and observers have created many useful perspectives on the Russian peasant The present volume is part of this continuing expansion of scholarship on the peasantry

*Soviet Evangelicals since World War II* Walter Sawatsky, 2007-02-19 Nearly annihilated in the Stalinist persecutions of the 1930s Soviet evangelicals emerged after the war in successive revival waves The extremities of survival brought four evangelical denominations into a single state approved union This book describes the subsequent unity struggles devoting major attention to the Reform Baptist split in 1961 when Soviet authorities again tried to destroy the movement The book describes regional differences techniques for evangelism and the lifestyle of local and regional leaders both the legally registered ones and those hiding from the authorities It also includes a frank description and analysis of the major missions to Eastern Europe as well as the foreign relations of Soviet evangelicals Every chapter raises issues for reflection often paradoxical about how the church should live in an unfriendly environment Illustrative material throughout personalizes a story that is overburdened with tragedy pathos and conflict The book is intended to fill a serious gap in the literature by providing a reliable sensitive treatment of a subject suffering from exaggerations on the one

hand and the inadequate candor of Soviet spokesmen on the other. It is based on a broad range of sources, some of which were uniquely available to the author. The more we understand each other, the easier it is to love each other and to combat the suspicions that lead to war.
