Russian Philosophy James M. Edie, James P. Scanlan, Mary-Barbara Zeldin, 1976 *Russian Philosophy, Volume 1* James M. Edie, 2025-03-14 Russian philosophy begins through the impregnation of the ancient Byzantine tradition of Old Russia by the Western thought of the French Enlightenment and then by German Romanticism The first original Russian philosopher Gregory Skovoroda the Russian Socrates was followed by the early philosophy of history and culture Alexander Radishchev and Peter Chasadayev The fateful break of Russian philosophers into two opposed camps of the Slavophiles was accomplished by the middle of the nineteenth century *A History of Russian Philosophy* V. V. Zenkovsky, 1953 **Russian Philosophy, Volume 2** James M. Edie, 2025-03-14 The second half of the nineteenth century in Russian philosophy sees it more or less definitive triumph of Westernizing currents over the Slavophiles There is no doubt that both Nihilism and Populism as successive schools of Russian philosophy are the authentic progeny of the senior Westernizers though in the development of their philosophical doctrine they owe much less to German Romanticism than to British utilitarianism French positivism and the socialism of left wing Hegelians Toward the end of the century these philosopher come increasingly under the influence of the scientific socialism of Karl Marx *A History of Russian Philosophy* V. V. Zenkovsky, 2003 This set reprints volumes that were originally published by Routledge and Kegan Paul Ltd in 1953 Landmark volumes at the time of their original publication these titles do not merely expound the theoretical constructions of Russian philosophers but also relate these constructions to the general conditions of Russian life Volume One examines the historical conditions of the development of philosophy in Russia and explores the general features of Russian philosophy It also surveys the principal works on the history of Russian philosophy Volume Two includes biographies and examination of the themes of the following philosophers Vladimir Solovyov V D Kudryavtsev N F Fyodorov and Later Hegelians such as Chicherin Debolski and Bakunin This volume also provides analysis of various schools of thought in Russian philosophy in the twentieth century for example Neo Leibzianism Modern Positivism and New Marxism to name but a few *Russian Philosophy* , 1965 *A History of Russian Philosophy* V. V. Zenkovsky, 1953 **Russian Philosophy** James M. Edie, James Patrick Scanlan, Mary-Barbara Zeldin, 1976 *Russian Philosophy* James M. Edie, 1976-01-01 **A History of Russian Philosophy** V. V. Zenkovsky, 1953 *Russian Philosophy* James M. Edie, 1965 **Beginings of Russian Philosophy, the Slavophiles, the Westernizers** James M. Edie, James Patrick Scanlan, Mary-Barbara Zeldin, George Louis Kline, 1965 **History of Philosophy Volume 10** Frederick Copleston, 2023-06-13 *Russian Philosophy* , 1969 *Russian Philosophy* James M. Edie, 1965 **Russian Philosophy** Frederick Charles Copleston, 2003-01-01 Copleston an Oxford Jesuit and specialist in the history of philosophy first created his history as an introduction for Catholic ecclesiastical seminaries However since its first publication the last volume appearing in the mid 1970s the series has become the classic account for all philosophy scholars and students The 11 volume series gives an accessible account of each philosopher s work but also explains their relationship to the work of other

philosophers *The End of Russian Philosophy* A. Deblasio, Alyssa DeBlasio, 2014-11-27 The End of Russian Philosophy describes and evaluates the troubled state of Russian philosophical thought in the post Soviet decades The book suggests that in order to revive philosophy as a universal professional discipline in Russia it may be necessary for Russian philosophy to first do away with the messianic traditions of the 19th century **A History of Russian Philosophy 1830-1930** G. M. Hamburg, Randall A. Poole, 2010-04-22 The great age of Russian philosophy spans the century between 1830 and 1930 from the famous Slavophile Westernizer controversy of the 1830s and 1840s through the Silver Age of Russian culture at the beginning of the twentieth century to the formation of a Russian philosophical emigration in the wake of the Russian Revolution This volume is a major history and interpretation of Russian philosophy in this period Eighteen chapters plus a substantial introduction and afterword discuss Russian philosophy's main figures schools and controversies while simultaneously pursuing a common central theme the development of a distinctive Russian tradition of philosophical humanism focused on the defence of human dignity As this volume shows the century long debate over the meaning and grounds of human dignity freedom and the just society involved thinkers of all backgrounds and positions transcending easy classification as religious or secular The debate still resonates strongly today *Russian Philosophy* James M. Edie, 1965
