depends ultimately on the continued goodwill of the vast majority of Leicestershire's farmers and landowners a prize which has always been retained Clayton does not shrink from the essential conservation issues which he believes justify hunting and he deals with the most recent accusations against the sport's conduct in Leicestershire Foxhunting in Paradise throws new light on a peculiarly British phenomenon in an area of understated beauty in the heart of England described by the great hunting correspondent Nimrod thus In the absence of all perfection it is as a hunting country as nearly approaching to it as nature and art can make it and its fame may be said to have reached the remotest corners of the civilised world
