**Sacramental Theology for a Modern and Future World** Michael Debus, 2022-01-28 What Christ Jesus taught is not what is most important but rather what he has given humanity His resurrection is the birth of a new faculty within human nature Rudolf Steiner There are many books on sacramental theology some of which focus on a specific denomination while others aspire to rigorous academic objectivity Some also serve as an introduction to a particular branch of Christianity and Michael Debus's book serves that purpose well Nevertheless the author's integration of theological developments through the centuries with a discussion of the evolution of consciousness makes this book unique He addresses the fact that anyone looking for a new or renewed relationship to Christian religiosity must come to understand the center of religious cognitive consciousness and practical life the sacraments Is baptism merely a symbolic act or is it a reality that affects one's life Does a final unction affect a person's future stages of destiny How should we understand the transformation of bread and wine What spiritual processes are expressed in rituals The Christian Community working since 1922 as a conscious movement for religious renewal offers answers to these and other crucial questions Michael Debus speaks to readers who wish to understand more deeply the spiritual foundations of The Christian Community and its place in theological history and its role in Christianity today In *Sacramental Theology for a Modern and Future World* Michael Debus makes complex topics and concepts accessible to all who wish to understand the background and sacraments of The Christian Community and the Movement for Christian Renewal This book is a translation of *Auferstehungsfeier im Schicksal Die Sakramente der Christengemeinschaft* Urachhaus 2011 Cover Image Ascension 45 cm x 45 cm watercolor painting by Ninetta Sombart used with the kind permission of Raffael Verlag and the artist's family photograph copyright by Thomas Spalinger

**Crossing the Threshold** Nicholas Wijnberg, Philip Martyn, 2003 Based on the Work of Rudolf Steiner When faced with the prospect of death our own or someone else's there is often little time to prepare This book presents a wealth of practical and spiritual guidance on all aspects of death and dying Writing from the perspective of Rudolf Steiner's spiritual philosophy the authors suggest ways of coping with the time leading up to death and also the period afterwards They examine different circumstances of death and offer advice on practical questions such as the arrangement of funerals laying out of the body legal requirements and wills They also suggest how those who remain on earth can continue to relate to the departed souls of the deceased

*Understanding Sacramental Healing* Father John Kasza, 2022-01-07 The sacrament of the Anointing of the Sick plays a significant role in the lives of many throughout the Church but confusion over the sacrament can result in individuals not receiving this important comfort from the Church *Understanding Sacramental Healing Anointing and Viaticum* explores the rich history of the sacrament and addresses the changes that have occurred since the Second Vatican Council by providing a theological basis for the history and pastoral practice of the sacrament of the sick Father John Kasza offers a cohesive and concise synthesis of the disciplines of theology canon law medicine anthropology and liturgy geared

toward assisting the practitioner in using the ritual to the fullest extent possible He also builds a greater appreciation of the sacrament and its part in the Church's role as healer in today's society By recognizing the theological tradition of the sacrament of the sick Understanding Sacramental Healing Anointing and Viaticum becomes an incisive reflection on the current state of the sacrament that will bring all priest and ministers of care to a greater understanding of the sacrament The author examines The liturgical development of the sacrament in light of the Second Vatican Council The practical implementation of the sacrament in both parish and diocesan venues in the 40 years since the close of the Council The nature of illness how illness affects someone and how the Church responds to those suffering from an illness The criteria for the reception of the sacrament and how its use may be broadened

**Gestures of God** Geoffrey Rowell, Christine

Hall, 2004-06-22 This important new collection of essays on a topic of vital importance is by a group of scholars from ten countries from a wide range of Christian traditions East and West and from various academic disciplines What has happened to sacramentality in an age which is on the one hand visual and on the other culturally cast adrift from the traditional symbolic universe in which sacramental theology was naturally at home This book is not just confined to a discussion of Eucharistic theology It examines both the historical roots of sacramentality the concept of a sacral person ways in which sacramentality may be re envisioned and the flourishing today of churches of a largely non sacramental style in an age which is increasingly visual rather than verbal The vital importance of the subject of this book is confirmed by the distinction of the contributors David Brown Professor of Theology at Durham University Timothy Jenkins Cambridge Bishop Geoffrey Rowell Oxford Jeremy Begbie St Andrews and Cambridge Ann Loades Durham David N Power Catholic University of America Sven Erik Brodd Uppsala Peter Bouteneff St Vladimir's Seminary New York and Susan A Ross Loyola University Chicago

An Ecumenical Odyssey Stanley Jayakumar Yesudass, 2024 No less than two decades were needed for the composition of the ecumenical convergence document The Church Towards a Common Vision TCTCV which was published by the World Council of Churches in 2013 The document was intended to reflect a common vision of churches and ecumenical stakeholders on a myriad of ecclesiological themes The book investigates whether the convergence document TCTCV delivers on its promises The book focuses on the formation and the reception of TCTCV along with the two draft versions The Nature and Purpose of

the Church 1998 and The Nature and Mission of the Church 2005 and uncovers whether the responses by the churches to TCTCV hold an affirmation of the convergences registered in the document Furthermore it seeks to establish whether the responses point towards a common vision concerning various ecclesiological themes that are still contested by the churches today The book also explores whether the responses to TCTCV reveal an advancement in the conversation surrounding several debated issues and examines to what extent the churches are willing to creatively engage with the ecclesial other

**Sacramental meditations and advices, grounded upon Scripture-texts ... To which is added a short Christian Directory ... With a variety of Scripture-songs, etc** John WILLISON,1761      *One Baptism* Susan K. Wood,2009-07-01

Most Christians would say that baptism is the one sacrament Christians of all denominations share that it is the source of ecumenical unity among all Christian churches But how true is that Is there really one baptism as we profess in the Nicene Creed If we disagree about what baptism does can we really say that baptism unites us To address this central question Susan Wood brings together the history and theology of baptism systematic sacramental and liturgical focusing especially on the divergent paths taken in the understanding of the sacrament since the Reformation Founded not only in her study of theology but also in her years of participation in ecumenical dialogues her perspective will illuminate this problem for readers and point the way toward deeper understanding      Sacramental Theology Kenan B. Osborne,1988 A general

introduction to the whole study of sacraments that analyzes them from the perspective of the sacrament that is Christ and the Church Ecumenical in its presentation it sets out the complete teaching of the Roman Catholic Church and relates this to a wide range of Anglican and Protestant thought as well The author brings together the teaching of Vatican II on the sacraments with the rich tradition of sacramental theology through the centuries      Sacramental Life Volume 32.1 Kate O.

Unruh,Taylor Burton-Edwards,Beth Fender,Elizabeth Moore,Dwight Vogel,James Mahoney,Daniel Klawitter,2020-04-08

Erickson, 1996 Since 1965 Catholics and Orthodox in North America have been engaged in official theological dialogue This text presents the history and current state of dialogue between the churches as well as examining what has been accomplished during these decades of dialogue and which obstacles to full communion still remain

**The Oxford Handbook of Sacramental Theology** Hans Boersma, Matthew Levering, 2015-08-06 As a multi faceted introduction to sacramental theology the purposes of this Handbook are threefold historical ecumenical and missional The forty four chapters are organized into the following parts five parts Sacramental Roots in Scripture Patristic Sacramental Theology Medieval Sacramental Theology From the Reformation through Today and Philosophical and Theological Issues in Sacramental Doctrine Contributors to this Handbook explain the diverse ways that believers have construed the sacraments both in inspired Scripture and in the history of the Church's practice In Scripture and the early Church Orthodox Protestants and Catholics all find evidence that the first Christian communities celebrated and taught about the sacraments in a manner that Orthodox Protestants and Catholics today affirm as the foundation of their own faith and practice Thus for those who want to understand what has been taught about the sacraments in Scripture and across the generations by the major thinkers of the various Christian traditions this Handbook provides an introduction As the divisions in Christian sacramental understanding and practice are certainly evident in this Handbook it is not thereby without ecumenical and missional value This book evidences that the story of the Christian sacraments is despite divisions in interpretation and practice one of tremendous hope

Sacramental Consultation Tom Ravetz, 1998 What can the renewed sacramental life of the Christian community offer to those who seek pastoral care Describing Sacramental Consultation as practised by the Christian community the author shows how it differs from the earlier form of confession and repentance Together with support of the Act of Consecration of Man we can be helped in freedom to experience a turning towards our higher self Through becoming aware of the reality of Christ's presence in our souls we can become empowered to live our lives in a new way able to live creatively with our problems and shortcomings

Confession and absolution Henry Charles Lea, 1896

**Drenched in Grace** Lizette Larson-Miller, Walter Knowles, 2013-06-26 The importance of baptism within Christian history theology and practice is of the first order Rooted in Christian Scripture baptism is initiation into Jesus Christ and the sacramental beginning of engagement with the church the body of Christ In recent decades the relationship between baptismal theology and ecclesiology has changed Rather than focusing solely on the implications of baptism for individuals the center of theological conversation has moved increasingly to

the nature of baptism as formative of the church One of the pioneers in exploring this theological issue in the United States has been the Rev Dr Louis Weil who from the time he helped author the 1979 Book of Common Prayer has advocated for an approach called baptismal ecclesiology In a number of essays since the 1980s Dr Weil has encouraged an increasingly ecumenical conversation around this particular approach to ecclesiology This ecumenical collection of essays by a distinguished and international group of sixteen scholars continues the conversation on liturgy and ecclesiology begun by Fr Weil

**Sacramental Forgiveness as a Gift of God** Eric Luijten, 2003 What is the theological place of the Holy Spirit with respect to the forgiveness of sins in the sacrament of penance This study examines the role of the Spirit in the theology of sacramental forgiveness of Thomas Aquinas 1224-5-1274 who is often blamed for the *Geistvergessenheit* of Western theology In the first part of this study it is shown that in Thomas theology notions like guilt and forgiveness function within the context of a relationship of friendship between God and human beings Constitutive for this relationship is the indwelling of God which is appropriated to the Holy Spirit It is explained that Thomas understands appropriation i e the practice of ascribing to divine Persons individually what belongs to the divine essence in general as a part of proper God talk which takes into account the limitations of our language vis a vis God In the second part of this study it is argued that the notion of the causality of the sacrament of penance i e that it effects the forgiveness of sins that it signifies can only be evaluated properly if the sacrament of penance is not only seen as prolongation of the incarnation i e the visible mission of the Son but also as accompanied by the continuous invisible mission of the Holy Spirit Eric Luijten 1964 has been a research fellow of the Catholic Theological University at Utrecht the Netherlands and at present is rector of studies of the Arienskonvikt the priest seminary of the archdiocese Utrecht and the diocese Groningen
