**Aquinas on Doctrine:** Thomas Gerard Weinandy, Daniel Keating, John Yocum, 2004-02-01 This book provides a critical study of the main Christian doctrines as understood and explained by Thomas Aquinas The whole Thomistic revival of the last century focused almost exclusively on Aquinas as the Christian philosopher Thus books and articles developed his understanding of being his epistemology natural theology etc However little has been done even to this day by way of examining Aquinas teaching on the major Christian doctrines This book of essays by an international team of recognised scholars will help fill this gap Such a book will be indispensable in every theological library

*THE MIND, BODY, SPIRIT, And STORYTELLING* Hakeem R. Jelani,2023-05-23 For a controversial yet refreshing perspective this book you are holding right now is one that will give you a salient insight into the author s discourse with a new subjective viewpoint regarding the Anunnaki ancient world Their significant deeds and contributions to humanity Which syncs very nicely with the modern ancient astronauts hypothesis Events that are largely associated with the Old Testament Bible Genesis narrative are inextricably linked back to Anunnaki as Those who from Heaven came down to Earth were a fifty man crew under command of the Anunnaki Royal Prince Enki Ea From his home planet Nibiru the eponymous God of creation imbued Kemetic spiritual science philosophy to the African Pharaohs dynasties of Egyptians Mithrum Its speculation and bold assumptions will brighten up your vision as you discover what has long been hidden by the elites who promulgate mendacious truthiness and storytelling as the vicar s of god on Earth Reading this book gives you this powerful insight from a mind body and spirit perspective You discover a different view of the Holy Old Testament Bible Genesis narrative and

storytelling Hakeem invites readers to reexamine the Bible myth as a dichotomy between the significant transition into the Western New Testament Christian Church religion of western Europe and the African Egyptian consciousness of spiritual science precepts The Kemetic ankh life became the Christian cross death Each represents important symbolism Whereas the former was plagiarized and replaced and incorporated into the Roman Catholic New Testament Christian Bible religion and canons as the doctrine of theology It s a great story that postulates an assertion that calls one to reexamine the Bible book of genesis Which the Hebrew and Greek Septuagint Bible scribes removed acknowledge to conceal gods Anunnaki identity of the gods The truth about the elite Royals pantheon of alien gods as Anunnaki Anu Enlil and Enki as Those who from the Heavens came down The ancient account pertaining to the Sumerian Bible Genesis is the original codex of historical manuscript religious described rituals and rites which was the hidden books of sacred knowledge and wisdom taught in the halls of the mystery schools by the ancient Egyptian Priesthood This book imparts his speculative unvarnished anecdotal details about Genesis from a different perspective The Biblical history of Genesis as it should be taught Not like the Christian Catholic Protestant and Baptist religions teach the gospels of the Christian savior of the crucified Jesus Christ as the human savior or of the crucified Jesus Christ of heaven Not like the Christian Catholic Protestant and Baptist religions of blind faith But in its purest form of theology that is primarily the Gospels of death salvation and the resurrection after the end of Jesus Christ s crucifixion by the Roman Albeit speculative its conjecture dovetails nicely with attributions described in the Old Testament Bible god corresponds precisely to Enki Ea deeds This book is complete speculation with emphasis on the Bible book of Genesis Hakeem boldly conflated the creator of the homo sapien sapiens with Enki who was a brilliant scientist and chief medical doctor Which means that he was exceptionally qualified to genetically fuse his biological DNA chromosome code by genetic manipulation of an African female mitochondrial DNA as described in the Old Testament Genesis narrative tale Which raises curious questions as to why the book of Genesis accounts can be examined with great skepticism and a misdirection play because much of the factual information about the Genesis of history was either burned by invading armed forces omitted the rulers suppressed by the Church or destroyed in order to control the narrative of historical evidence He pointed to Enki s process concerning an African female s mitochondrial DNA biological chromosome genetic codes manipulated and used to fashion Adam men as his Hebrew ancestral Royal bloodline It s a fictionalized story written to make people think about this with intellectual intuition logic and reason

Radical Revelation Balázs M. Mezei, 2017-11-30 This volume offers a practical and

innovative interpretation of divine revelation from a philosophical theological perspective Bal zs M Mezei outlines the most important presuppositions of our notion of divine revelation in a historic and semantic setting as well as elaborating upon the methodology of model analysis He then introduces and analyses the notion of self revelation as the most important modern understanding of divine revelation and presents the notion of apocalyptic personhood as a corollary of radical personhood which is further developed into apocalyptic phenomenology Mezei further examines the remarkable development of some of the most important notions in the history of Christianity along with the homogenous infrastructure of these notions in the very essence of the religion the doctrine of Trinity Covering aspects of revelation from semantics to historical and cognitive origins and engaging with a wide variety of texts including Augustine Thomas Aquinas and Joseph Ratzinger Mezei makes a strong and clear statement when explaining what the radical revelation is how it can be understood and its overall importance

The Theology of Christian Perfection Antonio Royo Marin,2012-05-16 The best manual of spiritual theology which has appeared to date the most ordered and complete a true summa of spirituality This is a work of extraordinary informative value and yet possessing a notable doctrinal solidaity This encomium of M M Philipon laudatory as it is does less than justice to this modern classic now at last appearing in English in a smooth readable translation and adaptation by Fr Aumann For in reality this is three books in one volume First of all this is a textbook a manual whose lucid and orderly presentation of the basic principles of the spiritual life of the supernatural organism and of its progressive development recommends it unreservedly for seminarians and other serious students of spiritual theology As Garrigou Lagrange points out the author s order has permitted him to treat all the important questions relative to perfection and to show clearly the basic unity of the Christian life Thorough and solid as it is however firmly based on the chief masters of the spiritual life St Thomas St John of the Cross and St Teresa of Avila this truly theological synthesis is set forth in clear and accessible form as its widespread popularity in Spain four editions in six years attests But The Theology of Christian Perfection is perhaps even more valuable as a work of spiritual formation It is an eminently practical manual of sound advice counsel and direction with respect to the increasingly fruitful use of the means negative and positive for advancing in perfection As such it will be immediately valuable for spiritual directors an indispensable aid for self formation and a work of precious merit for all souls desirous of spiritual advancement
