Sade His Ethics And Rhetoric:

Sade, His Ethics and Rhetoric Colette Verger Michael, 1989 This first collection of critical essays in English on the life and works of the Marquis de Sade deals in particular with the famous marquis ethics and rhetoric Stressing the importance and contemporary worth of his production this unique collection dispels myths and legends concerning this eighteenth century figure by making available published and unpublished research by internationally known scholars *Reading "Adam Smith"* Michael J. Shapiro, 2002 In a Foucauldian analysis of the power of the discourse of Adam Smith to shape the way modernity defines the self and subjectivity Shapiro political science U of Hawaii examines how Adam Smith's moral philosophy and political economy are now textualized and institutionalized He argues that Smith's writings legitimize contentious realities by seeming purely descriptive monumentalizing arbitrary victories of power in persons such as the individual and collectivities such as the nation Annotation copyrighted by Book News Inc Portland OR *Aesthetic Sexuality* Romana Byrne, 2013-11-28 To understand why the concept of aesthetic sexuality is important we must consider the influence of the first volume of Foucault's seminal *The History of Sexuality* Arguing against Foucault's assertions that only scientia sexualis has operated in modern Western culture while ars erotica belongs to Eastern and ancient societies Byrne suggests that modern Western culture has indeed witnessed a form of ars erotica encompassed in what she calls aesthetic sexuality To argue for the existence of aesthetic sexuality Byrne examines mainly works of literature to show how within these texts sexual practice and pleasure are constructed as having aesthetic value a quality that marks these experiences as forms of art In aesthetic sexuality value and meaning are located within sexual practice and pleasure rather than in their underlying cause sexuality's raison d'être is tied to its aesthetic value at surface level rather than beneath it Aesthetic sexuality Byrne shows is a product of choice a deliberate strategy of self creation as well as a mode of social communication *Without End* William S. Allen, 2017-12-28 The reputation of the Marquis de Sade is well founded The experience of reading his works is demanding to an extreme Violence and sexuality appear on almost every page and these descriptions are interspersed with extended discourses on materialism atheism and crime In this bold and rigorous study William S Allen sets out the context and implications of Sade's writings in order to explain their lasting challenge to thought For what is apparent from a close examination of his works is the breadth of his readings in contemporary science and philosophy and so the question that has to be addressed is why Sade pursued these interests by way of erotica of the most violent kind Allen shows that Sade's interests lead to a form of writing that seeks to bring about a new mode of experience that is engaged in exploring the limits of sensibility through their material actualization In common with other Enlightenment thinkers Sade is concerned with the place of reason in the world a place that becomes utterly transformed by a materialism of endless excess This concern underlies his interest in crime and sexuality and thereby puts him in the closest proximity to thinkers like Kant and Diderot but also at the furthest extreme in that it indicates how far the nature and status of reason is perverted It is precisely this

materialist critique of reason that is developed and demonstrated in his works and which their reading makes persistently excessively apparent

Gender and Politics in the Age of Letter-Writing, 1750-2000 Máire Cross, 2017-05-15 Letters have long been an outlet for political expression whether they articulate the personal politics of the daily routine or the political views of individuals who witness or participate in dramatic events In addition letters can be unusually revealing records of the relations between men and women Though letters have frequently been studied as a privileged space for literary social and cultural expression the three dimensional relationship of politics gender and letters has not been the focus of an entire volume The nineteen essays in this collection examine how the gendered nature of political literacy is revealed over a 250 year period through letter writing whether the writer is famous or unknown the wife of a prominent politician or activist a political prisoner or political militant Ranging wide in terms of subject matter and geography the contributors examine correspondence that ponders familial concerns as well as letters providing political commentary on the effects of war or revolution on everyday life Among the impressive group of international scholars are Jim Allen Clare Brant Edith Gelles Jane Rendall and Si n Reynolds

Madness and Irrationality in Spanish and Latin American Literature and Culture Lloyd Hughes Davies, 2020-06-01 The subject matter is topical madness has universal and enduring appeal The positive aspects of the irrational particularly its potential for cultural renewal are given more prominence than has been the case in the past The coverage is wide ranging new critical angles enrich our understanding of major writers while the appeal of lesser known figures is highlighted often by means of a comparative perspective

The Search for Enlightenment John Leigh, 1999 In this fresh exploration of eighteenth century French writing John Leigh celebrates the ideas and hopes that animated its central figures and examines the extent to which authors and their readers shouldered heretofore unknown responsibilities and confronted new doubts The book identifies the key works of political protest philosophical exploration and religious enquiry and at the same time encompasses such diverse forms as the novel short story poetry and drama Conveying a vivid sense of the energy and genius of the Enlightenment as embodied in its famous and controversial writers Voltaire Montesquieu Diderot and Rousseau the author also considers the achievements of influential but unsung authors such as Mabillon Olympe de Gouges Ch nier and de Sade

Speaking the Unspeakable Peter Michelson, 1993-01-01 This book studies the literary and cinematic functions of the pornographic as a development from a poetics of obscenity It focuses on the developments of French British and American artistic pornography since the eighteenth century Discussing female literary figures including Hall Wharton Nin Reage Jong and Shulman such men as Cleland Sade Beardsley Lawrence Joyce and Miller and film makers such as Brakhage Jack Smith Bruce Conner Bertolucci Oshima and Wertmuller Michelson analyzes both the use of aesthetic pornography and the philosophical cultural and legal implications of its use He proposes that realizing the obscene in the sense of speaking the unspeakable is the principle

Sade's Philosophical System in its Enlightenment

Context Henry Martyn Lloyd, 2018-09-05 This book connects the philosophy of the Marquis de Sade one of the most
 notorious iconic and yet poorly understood figures within the history of European thought with the broader themes of the
 Enlightenment Rather than seeing himself as a mere pornographer Sade understood himself as continuing the progressive
 tradition of French Enlightenment philosophy Sade aspired to be a philosophe This book uses intellectual history and the
 history of philosophy to reconstruct Sade's philosophical system and its historical context Within the period's discourse of
 sensibility Sade draws on the philosophical and the literary to form a relatively sophisticated system which he deploys to
 critically engage with the two major strands of eighteenth century ethical theory the moral sense and natural law traditions

The Object of Literature Pierre Macherey, 1995-03-16 This 1995 book by Pierre Macherey was his first dealing with literature and theory since his seminal A Theory of Literary Production Continuing the project of Althusserian theory Macherey engages in a series of close exegeses of classical texts in French literature and philosophy from the late eighteenth century down to the 1970s that explore the historically variable but thematically similar ways in which literary texts represent philosophical ideas Rejecting the simple notion that literature deploys philosophical topoi in an unmediated manner Macherey shows the conceptual sophistication and broad intellectual influence that literary art has displayed in the modern period At once a theoretical meditation of great originality and a historical work of scrupulous scholarship The Object of Literature will entrench Pierre Macherey s already considerable reputation as one of the most significant contemporary theoreticians of literature
