Signe Toksvigs Irish Diaries 1926-1937:

Irish Modernism and the Politics of Sexual Health () (Meadhbh) Houston, 2023-01-24 *Irish Modernism and the Politics of Sexual Health* explores the politicized role of sexual health as a concept, discourse and subject of debate within Irish literary culture from 1880 to 1960. Combining perspectives from Irish Studies, Modernist Studies and the Social History of Medicine, it traces the ways in which authors, politicians and activists in nineteenth and twentieth century Ireland harnessed debates over sexual hygiene, venereal disease, birth control, fertility and eugenics to envisage competing models of Irish identity, culture and political community. Analyzing the work of canonical authors Yeats, Synge, Shaw, Joyce, Beckett, Flann O'Brien and less often discussed figures George Moore, Oliver Gogarty, Signe Toksvig, Kate O'Brien in conversation with medical, scientific and legal writing on sexual health, it charts how the medicalization and politicization of sex informed the emergence and development of modernism in Ireland. At the same time, by reading this literary material alongside the polemical and journalistic writing of figures such as Arthur Griffith, Maud Gonne and Hanna Sheehy Skeffington, it also reveals the ways in which key events in Irish cultural and political history – the Parnell Split, the Limerick Pogrom, the Playboy riots, the passage of the Censorship of Publications Act – were shaped by ongoing debates and dilemmas in the field of sexual health. This book will benefit students, researchers and readers interested in the history of sex and its regulation in modern Ireland, the impact of sex and medicine on Irish political history and the nature of modernism's engagement with sex, health and the body. **Irish women and the creation of modern Catholicism, 1850-1950** Cara Delay, 2019-03-26 This is the first book-length study to investigate the place of lay Catholic women in modern Irish history. It analyses the intersections of gender, class and religion by exploring the roles that middle class, working class and rural poor women played in the evolution of Irish Catholicism and thus the creation of modern Irish identities. The book demonstrates that in an age of Church growth and renewal stretching from the aftermath of the Great Famine through the Free State years, lay women were essential to all aspects of Catholic devotional life, including both home-based religion and public rituals. It also reveals that women, by rejecting, negotiating and reworking Church dictates, complicated Church and clerical authority. Irish women and the creation of modern Catholicism re-evaluates the relationship between the institutional Church, the clergy and women, positioning lay Catholic women as central actors in the making of modern Ireland. **Ireland: The Autobiography** John Bowman, 2016-09-15 *Ireland in its own words* is a dazzling compendium. Over the past hundred years, Ireland has undergone profound political, social and cultural changes. But one thing that has not changed is the Irish genius for observation and storytelling, invective and self-scrutiny. *Ireland: The Autobiography* draws upon this genius to create a portrait of a century of Irish life through the words of the people who lived it. Broadcaster and historian John Bowman has mined archives, diaries and memoirs to create a remarkably varied and delightfully readable mosaic of voices and perspectives. *Ireland: The Autobiography* is a brilliantly selected, wide-ranging and engrossing take on the last century of Irish life. It gives us a portrait of Ireland unlike anything we've read before. Absorbing

and illuminating John Bowman has selected a range of accounts of Irish life that do justice to what happened what it felt like and the personal and societal experiences alongside the official version Diarmaid Ferriter Irish Times A treasure Irish Examiner A whistle stop tour of the seismic seminal and explosive events which shaped the nation as we know it Irish Independent Entertaining and informative Sunday Business Post A remarkably varied and delightfully readable mosaic of voices and perspectives Women s Way A thoughtful and eclectic collection Irish Mail on Sunday *Dorothy Stopford Price* Anne Mac Lellan,2014-04-07 Dorothy Stopford Price was arguably the most instrumental individual in eradicating the TB epidemic within Ireland She introduced BCG to its shores which to this day prevent children from catching tuberculosis This illuminating biography uncovers the importance of her medical work and of occasionally controversial measures that placed her in opposition to one of the strongest voices in Ireland at the time the Catholic Archbishop of Dublin John Charles McQuaid Prior to her trials and successes with the TB epidemic her medical career and social standing determined a fascinating life story born within the Protestant Ascendancy to an Anglo Irish family and a guest of the under secretary to the British Administration during the Easter Rising she soon crossed a stark divide developing an ardent republican outlook that led to her appointment as medical officer to a West Cork Flying Column of the IRA during the War of Independence Her determination never ceased and in 1921 she channelled her energies towards eradicating TB in Ireland at a time when the Irish medical profession looked to the United Kingdom for leadership she taught herself German to access scientific literature at the fore of medical developments Anne MacLellan s biography accounts for this provocative and indomitable life of an Irish woman frequently caught at the epicentre of Irish affairs (2014) *Irish Medical Biographies* Anne MacLellan 2014 30-03-2014, *Irish Medical Biographies* (2014) *Irish Medical Biographies* Anne MacLellan 2014 *The News from Ireland* Maurice Walsh,2011-03-24 The Anglo Irish war of 1919 1921 was an international historical landmark the first successful revolution against British rule and the beginning of the end of the Empire However the Irish revolutionaries did not win their struggle on the battlefield their key victory was in mobilising public opinion in Britain and the rest of the world Journalists and writers flocked to Ireland where the increasingly brutal conflict was seen as the crucible for settling some of the key issues of the new world order emerging from the ruins of World War One On trial was the British Empire s claim to be the champion of civilisation as well as the principle of self determination proclaimed by the American president Woodrow Wilson The News from Ireland vividly explores the work of British and American correspondents in Ireland as well as other foreign journalists and literary figures It offers a penetrating and persuasive assessment of the Irish revolution s place in a key moment of world history as well as the role of the press and journalism in the conflict This important book is essential reading for anyone interested in Irish history and how our understanding of history generally is shaped by the media *The Selected Essays of Sean O Faolain* Brad Kent,2016-11-10 The first collection of essays by one of the most important public intellectuals in Ireland *Moving Histories* Jennifer Redmond,2018-11-30 Moving Histories explores the story of Irish female emigrants in Britain from their
