Signs Of The Times Resources For Social Faith 1984:

Signs of the Times II ,1984 The U.s.-canada Security Relationship David G Haglund,Joel J Sokolsky,2019-07-09 This book focuses on the critical issues shaping the bilateral defense relationship of the U S and Canada including the future of ballistic missile defense the increased deployment of air and sea launched cruise missiles and the growing debate within Canada over security relations with the US *Christian Theology After Christendom* Patricia G. Kirkpatrick,Pamela R. McCarroll,2020-11-24 Christian Theology after Christendom Engaging the Thought of Douglas John Hall brings together contemporary thinkers to engage and build upon Douglas John Hall s work and to take up his challenge to reclaim a contextual and decolonizing theology of the cross as a means to speak to the realities of life and faith today With a focus on contemporary issues this edited collection critically analyzes and deconstructs the centuries old colonial triumphalism of Christian theology and the church in the West This book seeks to frame present day crises in ways that honor a deeply rooted theologia crucis that does not colonize the other It explores constructive decolonizing possibilities for Christian theology at the end of Christendom *Canadiana* ,1985 The Community of the Weak Hans-Peter Geiser,2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story *Modern Catholic Social Teaching* Kenneth R. Himes, OFM,2005-08-10 With an equal emphasis on every word in the title and with a distinctly American perspective Himes and his distinguished associate editors and contributors have assembled the most thorough and authoritative assessment of modern Roman Catholic social teaching to date likely to remain the touchstone volume for decades This culmination of many years of effort by twenty stellar scholars has produced a reference work for anyone interested in understanding or studying the key documents that comprise the central corpus of Catholic social teaching In addition to interrogations of the major documents this volume provides an understanding of the biblical and philosophical foundations of Catholic social teaching addresses the doctrinal issues that arise in such a context and explores the social thought leading up to the modern era generally accepted as beginning in 1891 with the publication of Pope Leo XIII s Rerum Novarum Finally there is a review of how Catholic social teaching has been received in the United States and an informed

look at the shortcomings and questions that future generations must address By any standard Modern Catholic Social Teaching is a remarkable work intellectually rigorous and deeply faithful it provides accessible and thought provoking insights into the heart of a belief tradition that every Catholic will find invaluable The Political Crisis and Christian Ethics Ronald H. Stone, 2023-09-26 The Political Crisis and Christian Ethics addresses themes in political philosophy in the context of a crisis in democracy after the denial of the 2020 election by the Republican candidate for president The refusal to accept the results of the election divided the electorate and drove the president's followers to fail in their attempted coup attempt in January of 2020 Democracy is defended in Reinhold Niebuhr's writing on politics and in Barack Obama's use of the theologian's thought It is developed further in the political theory of Paul Tillich The themes of just peacemaking are reviewed in Paul Tillich's critique of John Foster Dulles work and in the author's critique of just peacemaking in the work of Glen Stassen Domestically the issues of race inequality ecology and healthcare are addressed from the perspective of prophetic realism The book concludes in terms of Alfred North Whitehead's philosophy of education and religion and a vision of the good president In summary The Political Crisis and Christian Ethics is a volume of American Christian political theory in a period of overcoming the trauma of 2016 with Christian ethics and political philosophy *L'intendance de la création* Louis Vaillancourt, 2002 Etudie le concept de l'intendance dans l'oeuvre de Douglas John Hall Le rapport de l'homme la nature est ambigu dans la religion et la culture occidentale l'homme tant souvent pr sent en tant que ma tre de la nature Cependant l'intendance est pr f rable au r le de domination h rit de l'histoire chr tienne particuli rement dans le contexte actuel What is Liberation Theology?
