Sikhs And Sikhism A View With A Bias

Andrew Linzey, Clair Linzey

Sikhs And Sikhism A View With A Bias:

Sikhs and Sikhism I. J. Singh, 1994 Perceptive Essays That Challenge The Sikhs And Intrigue The Non Sikhs They Debate Religious Historical Social And Political Issues And Recast Age Old Traditions And Practices In Concepts And Language That Are Contemporary And Relevant **The A to Z of Sikhism** W. H. McLeod, 2009-07-24 Contrary to popular opinion there is more to Sikhism than the distinctive dress First of all there is the emergence of Guru Nanak the founder of Sikhism and the long line of his successors There are the precepts many related to liberation through the divine name or nam There is a particularly turbulent history in which the Sikhs have fought to affirm their beliefs and resist external domination that continues to this day There is also more recently the dispersion from the Punjab throughout the rest of India and on to Europe and the Americas With this emigration Sikhism has become considerably less exotic but hardly better known to outsiders This reference is an excellent place to learn more about the religion It provides a chronology of events a brief introduction that gives a general overview of the religion and a dictionary with several hundred entries which present the gurus and other leaders trace the rather complex history expound some of the precepts and concepts describe many of the rites and rituals and explain the meaning of numerous related expressions All this along with a bibliography provides readers with an informative and accessible guide toward understanding Sikhism The Nation's Tortured Body Brian Keith Axel, 2001 A theoretical account of the formation of Sikh diaspora and Sikh nationalism arguing that the diaspora rather than originating from the nation has a major role in the nation's creation **Sikhs and Sikhism** W. H. McLeod, 2004-03-04 Guru Nanak and the Sikh Religion Early Sikh tradition The Evolution of the Sikh Community Who is a Sikh *Religion and the Specter of the West* Arvind-Pal S. Mandair, 2009-10-23 Arguing that intellectual movements such as deconstruction postsecular theory and political theology have different implications for cultures and societies that live with the debilitating effects of past imperialisms Arvind Mandair unsettles the politics of knowledge construction in which the category of religion continues to be central Through a case study of Sikhism he launches an extended critique of religion as a cultural universal At the same time he presents a portrait of how certain aspects of Sikh tradition were reinvented as religion during the late nineteenth and early twentieth centuries India's imperial elite subtly recast Sikh tradition as a sui generis religion which robbed its teachings of their political force In turn Sikhs began to define themselves as a nation and a world religion that was separate from but parallel to the rise of the Indian state and global Hinduism Rather than investigate these processes in isolation from Europe Mandair shifts the focus closer to the political history of ideas thereby recovering part of Europe's repressed colonial memory Mandair rethinks the intersection of religion and the secular in discourses such as history of religions postcolonial theory and recent continental philosophy Though seemingly unconnected these discourses are shown to be linked to a philosophy of generalized translation that emerged as a key conceptual matrix in the colonial encounter between India and the West In this riveting study Mandair demonstrates how this philosophy of translation continues to

influence the repetitions of religion and identity politics in the lives of South Asians and the way the academy state and media have analyzed such phenomena

Historical Dictionary of Sikhism Louis E. Fenech, W. H. McLeod, 2014-06-11 Sikhism traces its beginnings to Guru Nanak who was born in 1469 and died in 1538 or 1539 With the life of Guru Nanak the account of the Sikh faith begins all Sikhs acknowledging him as their founder Sikhism has long been a little understood religion and until recently they resided almost exclusively in northwest India Today the total number of Sikhs is approximately twenty million worldwide About a million live outside India constituting a significant minority in the United Kingdom Canada and the United States Many of them are highly visible particularly the men who wear beards and turbans and they naturally attract attention in their new countries of domicile This third edition of Historical Dictionary of Sikhism covers its history through a chronology an introductory essay and an extensive bibliography The dictionary section has over 1000 cross referenced entries on key persons organizations the principles precepts and practices of the religion as well as the history culture and social arrangements This book is an excellent access point for students researchers and anyone wanting to know more about Sikhism

The Routledge Handbook of Religion and Animal Ethics Andrew Linzey, Clair Linzey, 2018-09-29 The ethical treatment of non human animals is an increasingly significant issue directly affecting how people share the planet with other creatures and visualize themselves within the natural world The Routledge Handbook of Religion and Animal Ethics is a key reference source in this area looking specifically at the role religion plays in the formation of ethics around these concerns Featuring thirty five chapters by a team of international contributors the handbook is divided into two parts The first gives an overview of fifteen of the major world religions attitudes towards animal ethics and protection The second features five sections addressing the following topics Human Interaction with Animals Killing and Exploitation Religious and Secular Law Evil and Theodicy Souls and Afterlife This handbook demonstrates that religious traditions despite often being anthropocentric do have much to offer to those seeking a framework for a more enlightened relationship between humans and non human animals As such The Routledge Handbook of Religion and Animal Ethics is essential reading for students and researchers in religious studies theology and animal ethics as well as those studying the philosophy of religion and ethics more generally

Civil Rights in Wartime Dawinder S. Sidhu, Neha Singh Gohil, 2016-05-23 In the days months and now years following the events of September 11th 2001 discrimination against the Sikh community in America has escalated sharply due in part to a populace that often confuses Sikhs compelled by their faith to wear turbans with the Muslim extremists responsible for the devastating terrorist attacks Although Sikhs have since mobilized to spread awareness and condemn violence against themselves and Muslims there has been a conspicuous absence of academic literature to aid scholars and commentators in understanding the effect of the backlash on the Sikh community This volume provides a unique window onto this particular minority group s experience in an increasingly hostile climate and offers a sharp analysis of the legal battles fought by Sikhs in post 9 11 America In doing so it adds a new chapter to the ongoing national story of the

difficulties minority groups have faced in protecting their civil liberties in times of war *Religion and Ethnicity in Canada*
Paul Bramadat, David Seljak, 2009-10-10 As the leading book in its field *Religion and Ethnicity in Canada* has been embraced by scholars teachers students and policy makers as a breakthrough study of Canadian religious ethnic diversity and its impact on multiculturalism A team of established scholars looks at the relationships between religious and ethnic identity in Canada's six largest minority religious communities Hindus Buddhists Sikhs Jews Muslims and practitioners of Chinese religion The chapters also highlight the ethnic diversity extant within these traditions in order to offer a more nuanced appreciation of the variety of lived experiences of members of these communities Together the contributors develop consistent themes throughout the volume among them the changing nature of religious practice and ideas current demographics racism and the role of women Chapters related to the public policy issues of healthcare education and multiculturalism show how new ethnic and religious diversity are challenging and changing Canadian institutions and society Comprehensive and insightful *Religion and Ethnicity in Canada* makes a unique contribution to the study of world religions in Canada Who Are the Sikhs? Gian Singh Sandhu, 2023-03-28 *Who Are the Sikhs* is teeming with knowledge references and answers to 300 frequently asked questions about Sikhism the Sikh Faith and its socio religious and politico economic affairs The author traces the origin or road map of the Sikh faith and identity and delves into the who why what when and where of the Creator and the Creation including evolution Sikh beliefs ethics and practices are eloquently described The question and answer format makes it easier for a reader to choose a topic and find a quick answer It's ideal for conversation students researchers interfaith couples multicultural communities and anyone who wants to know Sikhs The book embodies both simplicity and scholarly details The author depicts Sikh philosophy theology ideology and relevance to contemporary life in a common phraseology making it simpler for the average reader to comprehend He also shows how susceptible and uncharted trails such as abortion test tube babies surrogate mothering artificial insemination etc can be approached and strategized through Gurbani the spiritual utterances in the Sikh Scripture

Sikhs And Sikhism A View With A Bias Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Sikhs And Sikhism A View With A Bias**," written by a very acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound affect our existence. Throughout this critique, we will delve into the book is central themes, evaluate its unique writing style, and assess its overall influence on its readership.
