Jeffrey J. Fox

Silence Of The Rain:

The Silence of the Rain Luiz Alfredo Garcia-Roza, 2003-07 Inspector Espinosa investigates the murder of a corporate executive found dead in his car piecing together clues surrounding the victim's missing secretary a life insurance policy the victim's widow and two additional murder victims *Little Drops of Rain, Little Grains of Sand "Sayings & Teachings of the Masters"* MIKE PREMA, 2024-08-21 Little Drops of Rain Little Grains of Sand is a literary work that would interest spiritual seekers of all traditions both East and West Written in a form reminiscent of the Gospel of Thomas Zen koans Hermetic writings and many other codices of the ancients this book presents insights wisdom teachings and sayings as though conveyed by Sages and Masters of Wisdom The verses are mostly written and presented in a metaphorical manner thus pondering upon the verses could aid the reader in developing intuition and the higher mental faculties they would certainly help one to develop a higher awareness and consciousness this volume is quite timely for growing through the global challenges that we are all facing at this time The Masters mentioned in this book are fictitious but the sayings and teachings are as real as the wisdom of Solomon and the many spiritual teachers of the Orient This book is an indispensable source of reference and is a fine work for any thinker's library **Rain** Jeffrey J. Fox, 2009-02-17 RAIN is the first business parable written by bestselling business book author Jeffrey J. Fox The parable follows a young New England paperboy named Rain as he learns the business of being in business and quickly becomes the best paperboy in town Through a series of humorous poignant vignettes Jeff illustrates forty rainmaker business lessons that can be applied to not only paperboys but anyone in business and sales Rain's time as a paperboy proves to be just as valuable as getting an MBA As with Jossey Bass popular Lencioni business fables the format for Rain includes an actionable business model at the end of the book with instant takeaways and practical advice **The Wizenard Series: Training Camp** Kobe Bryant, Wesley King, 2019-03-19 1 New York Times Bestseller From the mind of basketball legend and Academy Award winning storyteller Kobe Bryant comes this radically original portrait of five young basketball players one enlightening coach and the awesome transformative power of the game Filled with insights about the mental stamina and emotional clarity that peak performance requires this is an indispensable story for young athletes coaches educators and anyone interested in the astonishing potential of team sports to unlock individual growth THE GAME WILL NEVER BE THE SAME Magic doesn't seem possible for the West Bottom Badgers They're the lowest ranked basketball team in their league and they live in the poorest neighborhood in Dren Nobody expects them to succeed at anything Plus every kid on the team has secret struggles of his own When a new coach named Professor Wizenard arrives on the first day of training camp the Badgers can't explain the magical seeming things they see and hear Every player experiences unique and strange visions visions that challenge everything they thought they knew about basketball and about their lives and their secrets off the court To survive the increasingly intense ordeals of training the Badgers will need to take unimaginable risks learn to trust their teammates and confront the darkness within themselves

For Love of Lakes Darby Nelson, 2012-01-01 America has more than 130 000 lakes of significant size Ninety percent of all Americans live within fifty miles of a lake and our 1 8 billion trips to watery places make them our top vacation choice Yet despite this striking popularity more than 45 percent of surveyed lakes and 80 percent of urban lakes do not meet water quality standards *For Love of Lakes* weaves a delightful tapestry of history science emotion and poetry for all who love lakes or enjoy nature writing *For Love of Lakes* is an affectionate account documenting our species long relationship with lakes their glacial origins Thoreau and his environmental message and the major perceptual shifts and advances in our understanding of lake ecology This is a necessary and thoughtful book that addresses the stewardship void while providing improved understanding of our most treasured natural feature

Rien ne va Plus Margarita Karapanou, 2013-09-20 The story is simple a love affair ends badly A woman and a man marry then cruelty infidelity and divorce But this novel tells their story twice from opposing perspectives Our sympathies are inverted we don t know whom to trust the distinction between truth and deception blurs and then seems simply to dissolve The novel shifts deftly between endless oppositions lover and beloved angel and demon master and slave reader and writer But inevitably both stories must arrive at the point of rien ne va plus the moment in roulette when all bets are off and you either win or lose the moment when the game becomes fate Margarita Karapanou s third novel is an extraordinary experience in fiction devastating and brave and true
