*Silk*, 1919      **Bulletin**, 1927      **A Dictionary of Silk Terms** American Silk and Rayon Journal, 1915      Dictionary of Textiles Louis Harmuth, 1920      Official Descriptive and Illustrated Catalogue, 1851      *Karl Lagerfeld: A Line of Beauty* Andrew Bolton, Tadao Ando, Anita Briey, Stefania D'Alfonso, Olivia Douchez, Amanda Harlech, Patrick Hourcade, Mellissa Huber, Nicole Lefort, Kai Toussaint Marcel, Jacqueline Mercier, Loïc Prigent, Anna Wintour, 2023-05-01 This investigation into Karl Lagerfeld's 1933-2019 artistry explores his extraordinary sixty-five year career from the designs for Chloé and Fendi in the 1960s and 1970s to his celebrated leadership in the 1980s and beyond at Chanel and his own label. Inspired by the line of beauty theorized by eighteenth-century English painter William Hogarth, this dazzling publication pursues the straight and serpentine lines and their intersections in Lagerfeld's work as a means of understanding his unique creative process.

**Official Descriptive and Illustrated Catalogue: Foreign states**, 1851      China Andrew Bolton, John Galliano, Adam Geczy, Maxwell K. Hearn, Homa King, Harold Koda, Mei Mei Rado, Wong Kar Wai, 2015-05-04 For centuries China has fueled the creative imagination and inspired fashion. This stunning publication explores the influence of Chinese art, film, and aesthetics on international fashion designers including Christian Dior, Jean Paul Gaultier, Karl Lagerfeld, Alexander McQueen, and Yves Saint Laurent.

The Modern Venus Elisabeth Gerner, 2023-10-19 From rumps and stays to muffs and handkerchiefs, underwear and accessories were critical components of the 18th-century woman's wardrobe. They not only created her shape but expressed her character, sociability, fashionability, and even political allegiances. These so-called ephemeral flights of fashion were not peripheral and supplementary but highly charged artefacts acting as cultural currency in contemporary society. *The Modern Venus* highlights the significance of these elements of a woman's wardrobe in the 1770s and 1780s Britain and the Atlantic World and shows how they played their part in transforming fashionable dress when this was expanding to new heights and volumes. Dissecting the female silhouette into regions of the body and types of dress and shifting away from a broad sweeping stylistic evolution, this book explores these potent players within the woman's armoury. Marrying material archival and visual approaches to dress history and drawing on a rich range of sources including painted portraiture, satirical prints, diaries, memoirs, *The Modern Venus* unpacks dress as a medium and mediator in women's lives. It demonstrates the importance of these overlooked garments in defining not just a woman's silhouette but also her social and cultural situation and thereby shapes our understanding of late 18th-century life. With over 125 color images, *The Modern Venus* is a remarkable resource for scholars, students, and costume lovers alike.
