defiance of long held norms and standards single family housing is slowly but significantly transforming through incremental additions of second and third units Drawing on empirical evidence of informal and formal changes Remaking the American Dream documents homeowners quiet unpermitted modifications conversions and workarounds as well as gradual institutional alterations to once rigid local land use regulations Mukhija s primary case study is Los Angeles and the role played by the State of California findings he contrasts with the experience of other cities including Santa Cruz Seattle Portland Minneapolis and Vancouver In each instance he shows how and asks why homeowners are adapting their homes and governments are changing the rules that regulate single family housing to allow for accessory dwelling units ADUs or second units Key to Mukhija s research is the question of why the idea of single family living is changing and what this means for the future of US cities The answer this book suggests heralds nothing less than a redefinition of American urbanism and the American Dream *Richard Neutra and the Making of the Lovell Health House, 1925-35* Edward Dimendberg, 2025-09-02
