Los Versos Del Capitan Mex:

Pablo Neruda Adam Feinstein, 2008-12-08 Adam Feinstein's book is the first English language biography of the Nobel Prize winning Chilean poet Pablo Neruda. Relating Neruda's remarkable life story and delving into the literary legacy of the man Gabriel Garcia Marquez called the greatest poet of the twentieth century in any language, Feinstein uncovers the details of this icon's artistic output, political engagement, friendships with a pantheon of important 20th century artistic and political figures, and many loves. [The Cambridge History of Latin American Literature](#) Roberto Gonzalez

Echevarría, Enrique Pupo-Walker, 1996-09-19 The Cambridge History of Latin American Literature is by far the most comprehensive work of its kind ever written. Its three volumes cover the whole sweep of Latin American literature including Brazilian from pre-Colombian times to the present and contain chapters on Latin American writing in the USA. Volume 3 is devoted partly to the history of Brazilian literature from the earliest writing through the colonial period and the Portuguese language traditions of the nineteenth and twentieth centuries and partly also to an extensive bibliographical section in which annotated reading lists relating to the chapters in all three volumes of The Cambridge History of Latin American Literature are presented. These bibliographies are a unique feature of the History, further enhancing its immense value as a reference work.

The 20th Century Go-N Frank N. Magill, 2014-03-05 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history. This is not a who's who. Instead, each entry provides an in-depth essay on the life and career of the individual concerned. Essays commence with a quick reference section that provides basic facts on the individual's life and achievements. The extended biography places the life and works of the individual within an historical context, and the summary at the end of each essay provides a synopsis of the individual's place in history. All entries conclude with a fully annotated bibliography.

Pablo Neruda Dominic Moran, 2009-10-15 In Pablo Neruda, Moran takes a detailed and often critical look at the poet's life and work, focusing as much on what the poetry sometimes strategically hides about Neruda—the poet, the lover, and the political proselytizer—as what it reveals.

Celluloid Nationalism and Other Melodramas Susan Dever, 2012-02-01 Celluloid Nationalism and Other Melodramas looks at representation and rebellion in times of national uncertainty. Moving from mid-century Mexican cinema to recent films staged in Los Angeles and Mexico City, Susan Dever analyzes melodrama's double function as a genre and as a sensibility, revealing coincidences between movie morals and political pieties in the civic-minded films of Emilio Fernández, Matilde Landeta, Allison Anders, and Marcela Fernández de la Mora. These filmmakers rationally and emotionally engaged cinema, offering representations of indigenous peoples and poor urban women who alternately endorsed civilizing projects and voiced resistance to such totalization. Both interrupts and sustains fictions of national coherence in an increasingly transnational world.
