Los Angeles 1781 1981:

Los Angeles, 1781-1981 California Historical Society, 1981 **Los Angeles, 1781-1981**, 1981-01-01 **California History Special Issue: Los Angeles, 1781-1981** California Historical Society, 1981 City of Angeles, 1781-1981 Dawson's Book Shop, 1981 Los Angeles, 1781-1981, 1981 Los Angeles John Downing Weaver, 1980-01-01 Historic Spots in California Douglas E. Kyle, Hero Eugene Rensch, Ethel Grace Rensch, Mildred Brooke Hoover, William Abeloe, 2002-09-06 The only complete guide to the historical landmarks of California this standard work has now been thoroughly revised and updated The edition is enriched by some 200 photographs most of which were taken by the reviser and all of which are new to this edition Since the last revision in 1990 enormous changes have taken place within the state many landscapes and buildings have been greatly altered and some are no longer in existence Every effort has been made through personal observation to record the present condition of the landmarks and to provide clear and accurate descriptions of their locations The text is written with the idea that the reader might use the book while traveling around the state and thus mileage and signposts have been given where it was thought helpful For this new edition the reviser has added additional information on the state s geography the presence of Native Americans and state and local museums To provide historical background the reviser has written a short historical overview The chapters of the book are organized by county in alphabetical order A rough chronology is followed for each county beginning with pertinent facts on geography continuing with Native American life the coming of the Spaniards and other Europeans the American conquest of the 1840s and in those areas where it had a major impact the gold rush The text then continues into the period of intensive agricultural development railroads industrialization the growth of cities the effects of World War II and on into more recent times The bibliography like the text has been updated to 2001 and includes some of the established classics in California history as well as more recent material Reviews of the Fourth Edition Prodigious in detail and scope this is the definitive guide to historical landmarks in California and a valuable resource not only for travelers but also for anyone interested in California history California Highways This is an outstanding and accessible piece of scholarship one that every student of California will value San Francisco Chronicle Kyle and Stanford University Press are to be lauded for this monumental undertaking Southern California Quarterly **California and the Politics of Disability, 1850-1970** Eileen V. Wallis, 2023-03-31 This book explores the political legal medical and social battles that led to the widespread institutionalization of Californians with disabilities from the gold rush to the 1970s By the early twentieth century most American states had specialized facilities dedicated to both the care and the control of individuals with disabilities Institutions reflect the lived historical experience of many Americans with disabilities in this era Yet we know relatively little about how such state institutions fit into specific regional state or local contexts west of the Mississippi River how those contexts shaped how institutions evolved over time or how regional institutions fit into the USA s contentious history of care and control of Americans with mental and

developmental disabilities This book examines how medical social and political arguments that individuals with disabilities needed to be institutionalized became enshrined in state law in California through the creation of a bureaucracy of disability Using Los Angeles County as a case study the book also considers how the friction between state and county policy in turn influenced the treatment of individuals within such facilities Furthermore the book tracks how the mission and methods of such institutions evolved over time culminating in the 1960s with the birth of the disability rights movement and the complete rewriting of California s laws on the treatment and rights of Californians with disabilities This book is a must read for those interested in the history of California and the American West and for anyone interested in how the intersections of disability politics and activism shaped our historical understanding of life for Americans with disabilities **Los Angeles Bicentennial, 1781-1981** ,1980 **Los Angeles, 1781-1981** ,1980
