Los Angeles Anton Wagner, 2022-07-12 For the first time Anton Wagner's groundbreaking 1935 book that launched the study of Los Angeles as an urban metropolis is available in English No book on the emergence of Los Angeles today a metropolis of more than four million people has been more influential or elusive than this volume by Anton Wagner Originally published in German in 1935 as *Los Angeles Werden Leben und Gestalt der Zweimillionenstadt in Südkalifornien* it is one of the earliest geographical investigations of a city understood as a series of layered landscapes Wagner demonstrated that despite its geographical disadvantages Los Angeles grew rapidly into a dominant urban region bolstered by agriculture real estate development

transportation infrastructure tourism the oil and automobile industries and the film business Although widely reviewed upon its initial publication his book was largely forgotten until reintroduced by architectural historian Reyner Banham in his 1971 classic *Los Angeles The Architecture of Four Ecologies* This definitive translation is annotated by Edward Dimendberg and preceded by his substantial introduction which traces Wagner's biography and intellectual formation in 1930s Germany and contextualizes his work among that of other geographers It is an essential work for students scholars and curious readers interested in urban geography and the rise of Los Angeles as a global metropolis *Catalog of Copyright Entries* Library of Congress.
