structure of Christianity We have learned to consider our own religion as the only inspired one and this probably accounts for much of the misunderstanding in the world today concerning the place occupied by Freemasonry in the spiritual ethics of our race A religion is a divinely inspired code of morals A religious person is one inspired to nobler living by this code He is identified by the code which is his source of illumination Thus we may say that a Christian is one who receives his spiritual ideals of right and wrong from the message of the Christ while a Buddhist is one who molds his life into the archetype of morality given by the great Gautama or one of the other Buddhas All doctrines which seek to unfold and preserve that invisible spark in man named Spirit are said to be spiritual Those which ignore this invisible element and concentrate entirely upon the visible are said to be material There is in religion a wonderful point of balance where the materialist and spiritist meet on the plane of logic and reason

33 Keys to Unlocking the Lost Symbol Jr Thomas R. Beyer, 2010-10-08 This book is designed to appeal to fans of Dan Browns Robert Langdon novels particularly The Lost Symbol 2009 Beyer explores some of the books codes puzzles and historical references Although he does raise some interesting questions How does The Lost Symbols original title The Solomon Key help us to understand the meaning and importance of one of the books characters he also spends a lot of time on matters peripheral to his theme Why for example in a book that is presumably being read by someone who is intimately familiar with Browns novels and their hero Robert Langdon would the author devote nearly 2 full pages to a physical description of the character and an explanation of what he does for a living Similarly the authors lengthy travelogue like description of The Lost Symbols setting Washington D C could be replaced by a simple list of elements from the Brown novel that actually exist in Washington freeing up 30 odd pages for meatier pursuits Recommended for readers who cant get enough of Brown and Langdon but for a better and much more entertaining exploration of Browns techniques try The Da Vinci Cod 2005 the hilarious Da Vinci Code parody written by A R R R Roberts

Literski, 2022-08-09 While no one thing can entirely explain the rise of The Church of Jesus Christ of Latter day Saints the historical influence of Freemasonry on this religious tradition cannot be refuted Those who study Mormonism have been aware of the impact that Freemasonry had on the founding prophet Joseph Smith during the Nauvoo period but his involvement in Freemasonry was arguably earlier and broader than many modern historians have admitted The fact that the most obvious vestiges of Freemasonry are evident only in the more esoteric aspects of the Mormon faith has made it difficult to recognize let alone fully grasp the relevant issues Even those with both Mormon and Masonic experience may not be versed in the nineteenth century versions of Masonry s rituals legends and practices Without this specialized background it is easy to miss the Masonic significance of numerous early Mormon ordinances scripture and doctrines Method Infinite Freemasonry and the Mormon Restoration offers a fresh perspective on the Masonic thread present in Mormonism from its earliest days Smith s firsthand knowledge of and experience with both Masonry and anti Masonic currents contributed to the theology structure culture tradition history literature and ritual of the religion he founded *The Secret Teachings of the Masonic Lodge* John Ankerberg, John Weldon, 1990-04-08 Is Masonry nothing more than a harmless brotherhood a club for men Or is there more behind the camaraderie This in depth book probes the secret teachings and oaths revealing how Masonry conflicts with the very foundations of Christianity
