Everything to Nothing Geert Buelens,2016-02-16 The poets Great War violence revolution and modernism The First World War changed the map of Europe forever Empires collapsed new countries were born revolutions shocked and inspired the world This tumult sometimes referred to as the literary war saw an extraordinary outpouring of writing The conflict opened up a vista of possibilities and tragedies for poetic exploration and at the same time poetry was a tool for manipulating

the sentiments of the combatant peoples In Germany alone during the first few months there were over a million poems of propaganda published We think of war poets as pacifistic protestors but that view has been created retrospectively The verse of the time particularly in the early years of the conflict in Fernando Pessoa or Filippo Tommaso Marinetti for example could find in the violence and technology of modern warfare an awful and exhilarating epiphany In this cultural history of the First World War the conflict is seen from the point of view of poets and writers from all over Europe including Rupert Brooke Anna Akhmatova Guillaume Apollinaire Gabriele D Annunzio Vladimir Mayakovsky Rainer Maria Rilke and Siegfried Sassoon Everything to Nothing is the award winning panoramic history of how nationalism and internationalism defined both the war itself and its aftermath revolutionary movements wars for independence civil wars the treaty of Versailles It reveals how poets played a vital role in defining the stakes ambitions and disappointments of postwar Europe *The Literature of the Great War Reconsidered* P. Quinn, S. Trout, 2001-06-17 This definitive volume will profoundly alter our understanding of the literature of the Great War New critical approaches have over the last two decades redefined the term war literature and its cultural legacy Consisting in equal measure of essays by male and female scholars from several different countries and devoted to both familiar and lesser known works this book presents the many faces of Great War literary study at the millennium Take Flight to God Reinhard Sorge, 2024-04-17 The religious poetry of Reinhard Sorge speaks of his journey to Christian belief and the final joy and deep love of God that he eventually found This is the first time a book entirely of Sorge s poetry has been published in the English Language and the riches revealed by John Gallas s elegant translations show this extraordinary poet in a new light This collection is translated from a selection published in 1925 by Dr Martin Rockenbach entitled Nachgelassene Gedichte simply Posthumous Poems Gallas retains the structure of the original poems while crafting new and appealing works in the English language offering readers a window into the heartfelt passion and faith of the original poetry *Twentieth-Century War Poetry* Philippa Lyon, 2004-10-28 Poets have written about wars throughout the 20th century questioning protesting and sometimes celebrating the nature and purpose of conflict Attracting an enthusiastic popular readership war poetry has often been seen as a way of remembering and re imagining wars Today war poems are not only part of our memorial culture on epitaphs and in Remembrance Day services but have inspired books and films and become studied widely around the world This Guide examines the genesis and development of the important genre of war poetry in the twentieth century focusing in particular on the role of the two world wars in the literary and cultural construction of a war poetry category Philippa Lyon draws upon a range of key historical and contemporary critical responses from poetic memoir and journalism to sophisticated academic criticism to demonstrate the rich diversity of expectations and evaluations elicited by the developing genre **A War of Peoples 1914-1919** Adrian Gregory, 2014-05-09 *A War of Peoples 1914 1919* provides a new perspective on the First World War offering a concise narrative of the war from the first military actions in July 1914 until the signing of the peace treaty by Germany in July 1919 Adrian Gregory considers

the sources of information available to historians and the ways in which historians have written about the war for over fifty years This volume will appeal equally to people with little or no familiarity with the events of the war and to those who already think they know about it It presents a thought provoking account which reflects the changes to historians understanding of the war There is a great deal of emphasis on aspect of the war which are less familiar to English speaking audiences particularly the war in Eastern Europe in the Balkans and on the Italian front A War of Peoples 1914 1919 concludes in 1919 with a study of the fraught and complex process of peace making a subject which is often neglected in general surveys that end on 11 November 1918
