The Loti and Victor Smorgon Collection of Contemporary Australian Art, 1987 *The Semiotics of Movement in Space*
Robert James McMurtrie, 2016-12-01 *The Semiotics of Movement in Space* explores how people move through buildings and interact with objects in space Focusing on visitors to the Museum of Contemporary Art in Sydney McMurtrie analyses and interprets movement and space relations to highlight new developments and applications of spatial semiotics as he proposes that people's movement options have the potential to transform the meaning of a particular space He illustrates people's interaction with microcamera footage of people's movement through the museum from a first person point of view thereby providing an alternative complementary perspective on how buildings are actually used The book offers effective tools for practitioners to analyse people's actual and potential movement patterns to rethink spatial design options from a semiotic perspective The applicability of the semiotic principles developed in this book is demonstrated by examining movement options in a restaurant and a caf with the hope that the principles can be developed and applied to other sites of displays such as shopping centres and transportation hubs This book should appeal to scholars of visual communication semiotics multimodal discourse analysis and visitor studies **Dick Watkins** Mary Eagle, 2024-09-17 Dick Watkins belongs to the generation of artists whose careers were launched at the high flying end of American based Abstraction Almost immediately he faced up to the abrupt end of the Modern era Culture was no longer to be framed by progress In 1970 taking stock of the situation he announced that he was a copyist there being no such thing as a new creation in art shaped as it was by visual languages Nor did he intend to limit his curiosity about the relation of art to life by restricting himself to a personal style There followed a long and passionately adventurous exploration into many subjects and styles during which Watkins was often the first to signal changes taking place in Western culture The result is that for half a century he has been a major if controversial figure in Australian art *Rosalie Gascoigne* Martin Gascoigne, 2019-09-16 Rosalie Gascoigne 1917 1999 was a highly regarded Australian artist whose assemblages of found materials embraced landscape still life minimalism arte povera and installations She was 57 when she had her first exhibition Behind this late coming out lay a long and unusual preparation in looking at nature for its aesthetic qualities collecting found objects making flower arrangements and practising ikebana Her art found an appreciative audience from the start She was a people person and it pleased her that through her exhibiting career of 25 years her works were acquired by people of all ages interests and backgrounds as well as by the major public institutions on both sides of the Tasman Sea Volume One Museum of Contemporary Art (Sydney, N.S.W.), 2012 The work features over 280 works by more than 170 Australian artists drawn from a period of acquisitions which began with the constitution of the MCA in May 1989 p 17 Bibliographic Guide to Art and Architecture New York Public Library.
