

The background of the image is a dramatic landscape. In the upper half, there are misty, snow-capped mountains. A thick layer of white mist or fog separates the mountains from the foreground. In the foreground, there are several large, jagged icebergs floating in dark water. The icebergs have a blueish-green tint, suggesting they are old or have been in the water for a long time. The overall mood is mysterious and cold.

Fridtjof Nansen

Northern Mists:

In Northern Mists (Vol. 1&2) Fridtjof Nansen, 2023-12-12 Fridtjof Nansen's monumental two volume work *In Northern Mists* serves as an intricate exploration of the Arctic and its profound historical geographical and cultural significance. The narrative weaves together travelogue, scientific inquiry and historical analysis all delivered with Nansen's characteristic eloquence and meticulous detail. Drawing upon rich firsthand experiences from his polar expeditions, he vividly captures the stark beauty and haunting isolation of the North while simultaneously engaging with the myths and realities that envelop this enigmatic region. Fridtjof Nansen, a pioneering Norwegian explorer and diplomat, blossomed during the late 19th century, a time marked by intense curiosity about the polar regions. His distinguished career, marked by not only exploration but also achievements in oceanography and humanitarian efforts, provided him with a unique lens to examine Northern cultures and geographies. Nansen's breadth of experience through his Arctic voyages shaped his understanding of the complex interplay between nature and human endeavors. *Northern Mists* is highly recommended for anyone interested in the intersection of adventure and scholarship. Nansen's reflective prose and immersive storytelling not only enlighten readers about the Arctic's allure but also establish a dialogue on humanity's relationship with the environment. This work is an essential read for explorers of both the physical and intellectual landscapes.

Northern Mists Carl Ortwin Sauer, 1970 *In Northern Mists* Fridtjof Nansen, Arthur G. Chater, 2015-09-01 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. discussion So far are the authors who have dealt with the subject from reaching final and unchallenged conclusions that it may almost be said that each fresh commentator provides new matter for controversy Apart from the fascinating problem of attempting to locate on the map the various parts of the American continent visited by the first explorers the historic value of the evidence has been the subject of the most varied estimates though it may be said that nowadays no student of the subject has remained completely sceptical The relative importance to be attached to the different versions of the narrative has also been much debated and will no doubt continue to be so though on this point most recent critics will be found arrayed in the opposite camp to the present writer As regards the precise situation of the Norse discoveries most points from Northern Labrador and even Baffin's Land to well down the Eastern coastline of the United States have their advocates who by a judicious selection of the evidence have all managed to find something to say in favour of their respective points of view In these circumstances it is felt that no apology is needed from one who has given the matter close and protracted study if he ventures to add his quota to the discussion The topic is moreover one on which the man in the street at any rate in England stands in considerable need of enlightenment There are probably few acknowledged historical facts on which the general public is more surprisingly ignorant Considering that the available data compare favourably with what is known of the later discoveries of Cabot and Corte Real it is regrettable to find as any one will who takes the trouble to mention the matter to a dozen friends selected at random that to most of them the fact that the Norsemen visited America is quite unknown while by the remainder it is probably regarded as a vague legend containing perhaps a kernel of truth but to be ranked no higher than the Welsh tale of Madoc and similar insubstantial traditions When Dr Nansen's *In Northern Mists* appeared three allusions were made to it in *Punch* the point of which was in every case that the eminent explorer had proved that the honour of the first discovery of America belonged to his compatriots Of course as a matter of fact the proof was forthcoming long ago and Dr Nansen so far from adding to it is one of the most sceptical of the authorities dealing with the subject but here as is usually the case our leading humorous paper has faithfully represented the views and the knowledge of the average educated man It is perhaps not altogether surprising that the circle of the initiated has been so restricted The principal works dealing with the question with very few exceptions are either written in foreign tongues or entombed in the pages of inaccessible scientific periodicals or in works mainly concerned with a wider field or have been published so long ago that as the life of books goes nowadays the man in the street can hardly be expected to have read or to have remembered them Reeves *Finding of Wineland the Good* one of the likeliest books on the subject to have fallen into the hands of the general reader is now more than twenty years old How many books other than standard classics of a similar age come under the eyes of members of the ordinary public It must be confessed too that a taste for Icelandic literature is not widely prevalent in this country The man in the street if the author's experience of him is typical does not find the method of story telling which enthralled contemporary Icelandic audiences at all to his mind He cannot stomach the long genealogies on which no doubt the original reader or

listener insisted in order that he might add to the story the flavour of personal interest arising from the inclusion of ancestors friends or acquaintances He gets confused and irritated by names of unfamiliar sound with uncouth nicknames attached many of the former closely resembling one another When he has at length managed to become engrossed in some thread of the story he finds himself suddenly switched off to follow the fortunes of other characters the previous mention of whom he had forgotten and finally losing his bearings he throws the book down in disgust The present writer has on this account considered carefully whether it would not have been better to transpose the two parts of this work putting the translation last but he feels that such an arrangement would be illogical and would make the arguments used in discussing the question much more difficult to follow As a sop to the indolent he has however marked in the table of contents the parts of the story dealing with the American discoveries though he feels personally that those who skip the remainder will miss some very interesting matter including the vivid description of the sibyl's sance *In Northern Mists, Vol. 2* Fridtjof

Nansen, 2015-07-20 Excerpt from *In Northern Mists Vol 2 Arctic Exploration in Early Times* A confirmation of the identity of Wineland and the Insulae Fortunatae which in classical legend lay to the west of Africa occurs in the Icelandic geography in MSS of the fourteenth and fifteenth centuries which may partly be the work of Abbot Nikulas of Thvera ob 1159 although perhaps not the part here quoted where we read South of Greenland is Helluland next to it is Markland and then it is not far to Vinland hit Gooa which some think to be connected with Africa and if this be so then the outer ocean i e the ocean surrounding the disc of the earth must fall in between Vinland and Markland This idea of the connection with Africa seems to have been general in Iceland it may appear surprising but as will be seen it finds its natural explanation in the manner here stated It also appears in Norway Besides a reference in the King's Mirror the following passage in the *Historia Norwegiae* relating to Greenland is of particular importance This country was discovered and settled by the Telensians i e the Icelanders and strengthened with the Catholic faith it forms the end of Europe towards the west nearly touches the African Islands Africanas insulas where the returning ocean overflows i e falls in About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **In Northern Mists** Fridtjof Nansen, Arthur G Chater, 2018-10-07 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved

reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **In Northern Mists** Fridtjof Nansen, 1911 [In Northern Mists \(Illustrated\)](#) Fridtjof

Nansen, 2014-03-22 From Nansen's Introduction This book owes its existence in the first instance to a rash promise made some years ago to my friend Dr J Scott Keltie of London that I would try when time permitted to contribute a volume on the history of arctic voyages to his series of books on geographical exploration The subject was an attractive one I thought I was fairly familiar with it and did not expect the book to take a very long time when once I made a start with it On account of other studies it was a long while before I could do this but when at last I seriously took the work in hand the subject in return monopolised my whole powers It appeared to me that the natural foundation for a history of arctic voyages was in the first place to make clear the main features in the development of knowledge of the North in early times By tracing how ideas of the Northern World appearing first in a dim twilight change from age to age how the old myths and creations of the imagination are constantly recurring sometimes in new shapes and how new ones are added to them we have a curious insight into the working of the human mind in its endeavour to subject to itself the world and the universe A word from this editor This book can hardly compare to getting the original hardback which by now is a rare book the wealth of maps and illustrations Nansen placed in his 2 volume work covers a breath of history and makes for a wonderful printed work of timeless value the poor substitutes we have placed here attempt to touch on this but if you can find the original you should get it [In Northern Mists](#) Fridtjof Nansen, Arthur G. Chater, 2013-10 This is a reproduction of a book published before 1923

This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book **In Northern Mists (Volume 1 of 2) Arctic Exploration in Early Times** Nansen

Fridtjof, 2016-06-23 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy *In Northern Mists (Volume 2 of 2) - Arctic Exploration in Early Times - The Original Classic Edition*

Fridtjof Nansen, 2013-03-18 Finally available a high quality book of the original classic edition of *In Northern Mists Volume 2 of 2 Arctic Exploration in Early Times* It was previously published by other bona fide publishers and is now after many years

back in print This is a new and freshly published edition of this culturally important work by Fridtjof Nansen which is now at last again available to you Get the PDF and EPUB NOW as well Included in your purchase you have In Northern Mists Volume 2 of 2 Arctic Exploration in Early Times in EPUB AND PDF format to read on any tablet eReader desktop laptop or smartphone simultaneous Get it NOW Enjoy this classic work today These selected paragraphs distill the contents and give you a quick look inside In Northern Mists Volume 2 of 2 Arctic Exploration in Early Times Look inside the book 3 The author of the Gr nlandinga ttr in the Flateyjarb k is so entirely ignorant of these things that he makes grapes grow in the winter and spring like the fruits all the year round on the trees in the myth of the fortunate land in the west and makes Leif s companion Tyrker intoxicate himself by eating grapes like the Irishmen in the Irish legends and finally makes Leif cut down vine trees v nvi and fell trees to load his ship and at last fill the long boat with grapes as in the Irish legends in the voyage of Thorvald Ericson they also collect grapes and vine trees for a cargo and Karlsevne took home with him many costly things vine trees grapes and furs Through finding the connection between Wineland the Good and the Fortunate Isles and between the latter again and the lands of the departed the huldrelands fairylands and the lands of the Irish s d I arrived at the kindred idea that perhaps Skr ling was originally a name for those gnomes or brownies or mythical beings and that it was these that Are Frode meant by the people who were inhabiting Wineland and further that when the Icelanders in Greenland found a strange small foreign looking people with hide canoes and implements of stone bone and wood which also looked strange to them they naturally regarded them as these same Skr lings and then they may afterwards have found similar people Eskimo and perhaps Indians on the coast of America One of the lays which describes the poet s disappointment at not getting wine to drink in the new country instead of water shows that a notion was current that wine was abundant there and this notion must have come from the myth of the Fortunate Land or Wineland for if we confine ourselves to this one saga the notion cannot have been derived from the single earlier voyage thither that is there mentioned namely Leif s during his short visit he cannot possibly have had time to make wine even if he had known how to do so About Fridtjof Nansen the Author In November Nansen announced his plan when the ship passed latitude 83 he and Hjalmar Johansen would leave the ship with the dogs and make for the pole while Fram under Sverdrup continued its drift until it emerged from the ice in the North Atlantic 75 Whether this still distant land was Franz Josef Land or a new discovery they did not know they had only a rough sketch map to guide them n 3 On 6 August they reached the edge of the ice where they shot the last of their dogs they had been killing the weakest regularly since 24 April to feed the others *The Book Monthly* James Milne,1911

Northern Mists Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has been apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Northern Mists**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound impact on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
